

CUBAN TEACHERS' VISIT STARTS HEALTH REVIVAL

Paine's Celery Compound Doing Wonderful Work Among Sick.

The visit of hundreds of bright Cuban teachers to the United States last summer has caused a tremendous health-revival in Havana and Santiago.

The American idea, "A sound mind in a sound body," is one of the first lessons Cuba and Porto Rico are learning.

But they are learning fast. Whatever distrust Cubans may have of American politicians, they have confidence in America's greatest remedy, Paine's celery compound.

It has opened the eyes of the people of Havana and Santiago to the possibilities of good health in a way their crude remedies had never let them imagine.

Paine's celery compound is doing a tremendous missionary work this spring among the sick, not only throughout the United States, but wherever the American influence is felt.

The best families in Santiago are taking Paine's Celery Compound. The common people are looking after their health as never before. American physicians in Havana are ordering the great spring remedy. Its health-giving effect on friends and relatives who first tried Paine's celery compound in the United States has encouraged thousands of despondent, hopeless sufferers at home to use it. The result in all these

cases has been the direct cause of the health-revival that is now arousing such tremendous enthusiasm.

That Santiago second Mrs. Havana's endorsement of Paine's celery compound is shown by the following letter from Mrs. Belen Guerra:

Santiago, Cuba, Jan. 1901. Wells, Richardson Co.

Dear Sirs—I have had the gout in my fingers and hands. My limbs were numb and I could hardly stand. I went to several physicians. A druggist advised me to use Paine's celery compound. I began at once to get better and today I am perfectly well. Naturally I have great faith in Paine's celery compound. Very truly yours, MRS. BELÉN GUERRA.

Every one in this springtime needs to purify the blood and regulate the nerves. Carry home today—not by and by—a bottle of Paine's celery compound. Cure nervousness, neuralgia and rheumatism this spring. You can now put your health on a sound basis by means of Paine's celery compound.

Such evidences of an unhealthy condition as those constant headaches, melancholy, dyspepsia or constipation rapidly disappear under the cleansing, regulating action of Paine's celery compound.

TALK OVER APPOINTMENTS

Purpose of Nebraska Senatorial Conference in Washington.

DIETRICH GOES TO SEE MILLARD

Governor Says He Favors Allowing Officeholders to Stay in Until They Fill Their Allotted Terms.

LINCOLN, April 19.—(Special.)—Governor Dietrich returned from Montana this morning and at 1.40 left for Washington, D. C., where he will join Senator Millard. On April 23 both will call on the president. Governor Dietrich expects to return to Lincoln the latter part of next week.

"I am going east on senatorial business only," said the governor. "I want to discuss several important matters with my colleague and transact other business connected with my new office. We expect to call on the president Tuesday morning. One of my objects in going to the capitol is to talk over the matter of appointments with Senator Millard. Relative to the reports that federal officeholders are to be removed you may say that personally I am in favor of allowing all of them to remain in office until the expiration of their terms. I mean by this that I am in favor of allowing every federal appointee to serve to the end of the term for which he was appointed."

Governor Dietrich said that some appointments might be agreed on at the conference in Washington. His plans are indefinite and he was unable today to outline the course that he will pursue.

Lieutenant Governor Savage will probably succeed to the governorship on Wednesday, May 1. He will take possession of the executive mansion about the same time. It is probable he will install a new clerical force in the office, but it is hinted that one of the employees will be retained several months.

All civil appointments under the state government that remain to be made will be left to Mr. Savage. The list includes one or two deputy oil inspectors, a state veterinarian and clerks in various departments of which the governor is head.

The supreme court has taken a determined stand against the appointment of members of the legislature to civil positions, during the term for which they were elected. The judges have construed the section of the constitution on this subject to mean that no member shall be appointed, during the term for which he was elected, to any position created by the legislature of which he was a member. It is admitted that the section may extend still further and prohibit the appointment of a member to any civil position, but this has not been formally decided.

Shuts Out George L. Loomis.

It was this constitutional provision that prevented the appointment of Representative George L. Loomis of the county as one of the supreme court commissioners. His name was presented along with the others and he would have been appointed had it not been for the restriction. The same restriction stands in the way of the appointment of Representative Hanks of Oneida county as a member of the forestry land transfer commission. Hanks introduced the bill authorizing the appointment of the commission and the court decided it had no right to select him as one of the commissioners. When Mr. Hanks heard of this he offered to waive his salary and serve without any compensation, but the court maintained that his appointment would be a violation of the constitution. There have been few applications for appointment on this commission.

Another warrant issued a state warrant for \$20,000 to D. E. Thompson, this amount representing his donation to the First regiment transportation fund. Mr. Thompson had the warrant registered and declared that he would keep it until called in by the treasurer. It will draw interest at the rate of 4 per cent per annum and under ordinary conditions will run about twenty months.

SONS OF THE REVOLUTION

Anniversary of the Battle of Concord is Properly Celebrated.

An echo of the shot that was heard around the world 128 years ago reverberated throughout the south room of the Commercial club rooms last night, the occasion being the celebration of the anniversary of the battles of Concord and Lexington. The Nebraska Society of the Sons of the American Revolution, the program was devoted to historical sketches of military operations near Boston during 1775-6, to appropriate recitations and patriotic songs. About 100 persons, nearly all of them members of the society, were present.

Thomas G. Doyle read a paper, "The Battle of Bunker Hill and the Siege of Boston." The paper was carefully prepared, its data having been gathered from several well-authenticated sources. A paper by Prof. Carroll G. Pearce, "The Causes of the American Revolution," dealt in an entertaining manner with the turbulent times of which the Boston massacre and Boston tea party were incidents.

"The Events of April 19, 1775," was the title of a paper prepared by Luther M. Kuhns, but as Mr. Kuhns was out of the city it was not presented.

Miss Edith D. Spencer recited "Paul Revere's Ride" with excellent expression and responded to an encore with a sprightly negro sketch, "When Malinda Sings." Miss Julia Talarfero sang "The Sword of Bunker Hill," afterwards leading in the hymn, "America," in which the audience joined.

Announcements of the Theaters.

With a matinee performance tonight the Orpheum closes the season with as good a bill as has been seen at that house this season. McIntyre and Heath are colored comedians par excellence and always keep the house in an uproar. This year they have a new piece, "The Man from Montana," which is in the very way as funny as their old Georgia minstrele. Mile-Adgie, the dancing girl, exhibits a novel and thrilling act with her lion and two lionesses. Harris and Walters present an act entitled "The Dark-Eyed Widow," which abounds with local hits making it one of the funniest that has been seen here this season. The Rozinos offer an acrobatic act that is new and novel. Miss St. George is a musician of much ability and always pleases the audience with her singing and playing of the harp.

The Gay Masqueraders have had a prosperous season at the Trocadero this week and close their engagement immediately after the matinee today. The wrestling contest between "Farmer" Burns and Frank Coleman takes place tonight and will no doubt prove an interesting event. The advance sale has been very large, insuring a packed house.

Sunday matinee the Rose Hill English Folly company will make its first appearance in this city and should prove a pleasing drawing card, as all reports herald it as the largest and best of its kind.

Amateur nights have always been a source of pleasure to many who are not regular theater-goers. Manager Resenthal has another one of these in contemplation and amateurs are requested to send in their names.

RABBI SIMON LECTURES

Talks on the Attitude of the Modern Jew Toward Christianity.

"The Attitude of the Modern Jew Toward Christianity" was the theme of Rabbi Abram Simon's sermon last night at Temple Israel. The rabbi scouted the popular idea that all Jews are hostile to Christianity and declared that modern Jews have great respect for Christ, the man, and admit the great work that has been accomplished by Christianity, but are unwilling to accept Christ, the Messiah.

"Christ the man and Christ the Savior are two very different persons," said Rabbi Simon. "The religion taught by Christ and Christianity are very different. The Christian religion is the philosophy of Paul, built upon the death rather than on the life of Jesus Christ. We accept Jesus as our brother, but cannot accept Him as our Redeemer."

"Jewish people appreciate Jesus as a brother in blood, spirit and soul, but they cannot understand the trinity, the immaculate conception and other dogma of the Christian church. The ethics of Jesus are not absolute. No man can rise much superior to his time. Jesus' teachings were temporal and were limited in a degree to His time."

"There is no thought of ethical tendency in the New Testament but that has its counterpart in the Old Testament. We admit that the teachings of the New Testament have brought about much good, but they are not new. We seek a religion which demands the deed. Dogmas and creeds are ignored and simple faith in God is all that we ask. Mohammedans, Jews and Christians are seeking a common end. There is room in the world for all of them."

NEW SCIENTIFIC PROCESS.

A Preparation Discovered that Will Destroy the Dandruff Germ.

For some time it has been known that dandruff is caused by a germ that digs up the scalp into little white flakes, and by sapping the vitality of the hair at the root causes falling hair, and, of course, finally baldness. For years there have been all kinds of hair stimulants and scalp tonics on the market, but there has been no permanent cure for dandruff until the discovery of a preparation called New's Hair Remedy which destroys the dandruff germ. Destroy the cause, the effect will cease to exist. Kill the dandruff germ and you'll have no dandruff, no itching scalp, no falling hair.

"Take the Risk"

Says Dr. Bennett, "Where Electricity is Applied Through My Electric Belt, the Cure is Absolutely Guaranteed. If it Fails to Cure You (Which is Not Likely) the Belt Does Not Cost You a Cent." There is Not an Ailment or Weakness of the Nervous System, or a Case of Lost Vigor, or a Case of Lasting Herpes, or a Case of Neuritis, or a Case of Paralysis, or a Case of Epilepsy, or a Case of Insanity, or a Case of any other disease, which will not promptly respond to the Right Current of Electricity Applied Right—Get the Doctor's New Book, "Nervous, Vigorous Man or Woman to Have One of My Electric Belts. I have never known a case of Weakness of any kind, or a case of which I recommend my Belt wherein it failed" to make a cure. After an entirely new method of applying the current of the Torsion, and as a reward for my research, study and discovery for the cure of the United States government has given me the exclusive use of this method. I will give you an Electric Belt, because that is the proper name for it. You but it must not be classed with the many so-called electric belts now being sold. There is no electric belt "just as good" as Dr. Bennett's. There are none like his. No matter how severe your case is or how long standing, the cure is guaranteed. You take no chances. If my belt fails to cure you (which is not at all likely) it shall not cost you a cent. This is certainly fair and should give you hope and encourage you to become strong and robust again. You probably know drugs will not cure, for there is hardly a man living who has not unsuccessfully tried drugs for his ailments. The right current of electricity, applied right, will cure in every case.

Every person should read my book. It is free.

Dr. Bennett's Electric Belt has soft, silken, chamomile-covered sponge, water-chamber electrodes that do not, cannot, will not burn and blister the flesh of the patient as do the bare metal electrodes used on other makes of belts. These electrodes are my patent and are used on no other electric belt. My Belt can be repaired by the maker, or by any other belts cannot be repaired for any price, and when burned out are worthless. My Electrical Suspensory for the cure of weaknesses of men free to every male patient. Absolutely guaranteed to cure Varicocele, Hydrocele, Hemorrhoids, every form of Partial Paralysis, Spinal Weakness, Constipation, Kidney, Liver and Bladder Troubles, Dyspepsia, all Female Complaints, etc., as well as every form and grade of Weakness in either sex. Advertisement for California Prune cereal. Includes illustration of a woman. Text: With your Cereal the California Prune. Cereal food and the California Prune make a magnificent combination. The prune adds just that fruity taste which the cereal lacks. The combination is easily digested, and the prune furnishes the laxative quality that the cereal does not have by itself. The combination also gives greater nutritive value than probably any combination of food that can be arranged. The addition of the prunes also lessens the price it is necessary to pay for this nutritive value, and in this day of higher prices on meats, cereals, eggs, milk and all other substantial it is a good thing that some food of great nutritive value can be purchased cheaper. The proof that you are getting the right prune is the brand of the California Cured Fruit Association as displayed below.

NERVO-SEXUAL DEBILITY!

Master Specialist.

I do not treat all disease, but cure all I treat. I treat MEN ONLY, and cure them to stay cured.

Men, many of you are reaping the result of your former folly. Your manhood is falling and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never cured. With it you can make no compromise. Either you must master it or it will master you and fill your whole future with misery and indescribable woe. We have treated so many cases of this kind that we are as familiar with them as you are with the very day-light. Once cured by us you will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousness, falling memory, loss of ambition or similar symptoms which rob you of your manhood and absolutely unfit you for study, business, pleasure or marriage. Our combined Electro-Medical treatment for weak men, which combines all of the curative powers of both medicine and electricity, will correct all these evils and restore you to what nature intended—a hale, healthy, happy man, with physical, mental and sexual powers complete.

We also cure to stay cured by our combined Electro-Medical treatment—Varicocele, Stricture, Syphilitic Blood Poison, Nervo-Sexual Debility, Rupture, Kidney and Urinary Diseases.

And all associate diseases and weaknesses of men. We charge nothing for private counsel and give to each patient a LEGAL CONTRACT to hold for our promises. It is not worth your while to investigate a cure that has made life anew to multitudes of men.

If you cannot call at our office, write us your symptoms fully.
