League of Local Building and Long Associations.

A program of fourteen numbers has been prepared for the tenth annual session of the Nebraska State League of Local Building and Loan associations, which opens at Lincoln at 2 p. m. next Tuesday. Six of the numbers comprise the papers prepared for the meeting, in which various phases of the co-operative movement will be discussed. The authors are Hon. C. F. Bentley, Hon. P. L. Hall, Guy R. C. Read, G. M. Nattinger, George F. Gilmore and T. J. Fitzmorris. Besides the papers and the discussion they provoke, matters of general interest to active association men

After a struggle of three years the New York State league has succeeded in having a law passed giving the state banking department adequate control of building and loan associations. Heretofore the state could not intervene where associations were conducting business in an unsafe manner. The annual meeting of the shareholders of the Omaha will be held at the association office, Bee building, on the evening of May 1. Three members of the board of directors are to be elected and the quesassociation will be submitted for decision. The capital stock at present is \$2,000,000,

Since the first of the year three associations which did a nation-wide business have gone to the wall. The People's of Syracuse, N. Y., Crown of Baltimore and one n Detroit, are in the hands of receivers. These collapsed concerns add a trifle to the mountain of proof that associations which attempt to do business at a distance from their home office are doomed to failure.

The business of local associations in Nebraska is in a very satisfactory condition. Money is abundant for all demands. Indeed, many associations have a superabundance of cash, which is forcing on unwilling directors the question of interest reduction. The earning power of money is decreasing and associations will be obliged soon to follow in the path of other loaning

What Women Say About Swamp-Root

Thousands of Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy SWAMP-ROOT Will Do for YOU, Every Reader of The Bee May Have a Sample Bottle FREE.

'About 18 months ago I had a very severe spell of sickness. I was extremely sick for three weeks, and when I finally was able to leave my hed I was left with excruciating pains in my back. My water at times looked very like coffee. I could pass but little at a time, and then only after suffering great pain. My physical condition was such "at I had no strength and was all run down. The doctors said my kidneys were not affected, and while I

Did Not Know I Had Kidney Trouble.

I somehow felt certain that my kidneys were the cause of my trouble. My sister, Mrs. C. E. Littlefield, of Lynn, advised me to give Dr. Kilmer's Swamp Root a trial. I procured a bottle and inside of three days commenced to get relief. I followed up that bottle with another, and at the completion of this one found I was completely cured. My strength returned and today I am as well as ever. My business is that of canvasser, I am on my feet a great deal of the time, and have to use much energy in getting around. My cure is therefore all the more remarkable, and is exceedingly gratifying to me."

Swamp-Root So Pleasant to Take 'You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever was in my life." So says Mrs. Mary Engelhard, of 2835 Madison St., St. Louis, Mo., to a reporter of The St. Louis Globe

"For more than ten years I suffered with what the doctors termed female trouble, also heart trouble, with swelling of the feet and limbs. Last summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor, and took their medicines, but felt no better. A friend recommended me to try Dr. Klimer's Swamp-Root, and I must say I derived immense benefit almost from the first week. I continued the medicine, taking it regularly, and I am now in splendid health. The pains and aches have all gone. I have recommended Swamp-Root to all my friends, and told them what it has done for me. I will gladly answer anyone who desires to write me regarding my case. I most heartily endorse Swamp-Root from every stand-point. There is such a pleasant taste to Swamp-Root, and it goes right to the weak spots and drives them out of the system."

Made a New Woman of Me.

Made a New Woman of Me.

"During three years I was frequently attacked with severe spells of sickness; many of these sick spells kept me in bed, dangerously ill, from three weeks to three months, under the constant care of the best physicians of Kansas City. The doctors never told me I had anything the matter of my kidneys, but I did not know for sure.

"Some doctors pronounced my case gall stones, and said I could not live without a surgical operation, to which I would never consent. A friend suggested I try Dr. Klimer's Swamp-Root. I began to take Swamp-Root regularly, and when I had used only three fifty cent bottles, I felt fine and was able to do more work than I had done in four years. It has made a new woman of me. I have had only one slight attack since I began to take Swamp-Root, and that was caused by being drenched with rain and catching cold. Stomach trouble had bothered me for years, and had tecome chrenic. I am now 44 years of age and feel much younger than I did ten years ago. I freely give this testimonial for the benefit of those who have suffered as I have."

Women as Well as Men are Made Miserable by Kidney and Bladder Troubles.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood -that is their work. So when your kidneys are weak or out of order you can understand how quickly your entire body is affected and how every organ seems to fall

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the ther organs to health. A trial will convince any one.

Many women suffer untold misery beause the nature of their disease is not correctly understood; in most cases they are led to believe that womb trouble or female weakness of some sort is responsible for their many ills, when in fact disordered kidneys are the chief cause of their dis-

Neuralgia, pervousness, headache, puffy or dark circles under the eyes, rheumatism -a dragging pain or dull ache in the back, weakness or bearing down sensation, profuse or scanty supply of urine, with strong odor, frequent desire to pass it night or day, with scalding or burning sensationthese are all unmistakable signs of kidney and bladder trouble.

to your condition, take from your urine on rising about four cunces, place it in a glass or bottle and let it stand twenty-four cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Other symptoms showing that you need Swamp-Root are sicepleasness, dizziness, irregular heart, breathlessness, sallow, unhealthy complexion, plenty of ambition but no strength.

Swamp-Root is pleasant to take and in used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound
