RECEPTION, BUT NOT A BOOM. Council Bluffs Glad to See Conger, but Launching No Candidate. Still the Warmth and Size of the Demonstration Wednesday May Have Much to Do with the Major's Future Plans. As Minister Conger approaches his home state, speculation increases as to his probable attitude with respect to the governorship matter, and his remarks as quoted in newspaper interviews have had a tendency to cause chills to chase themselves up and down the backs of most of the candidates in the field. Some local politicians fully expect to see him announce his willingness to take the office if his entry into the state and tour from this city to Des Moines should provoke a popular demonstration in his behalf. In other words, the feeling is that if Major Conger sees on his arrival in the state that the announcement of his willingness to take the office would likely be followed by anything like an unanimous decision in his favor, such an announcement may be expected. Discouraging fact is the sort of program is that on Saturday, on the very eve of the arrival of Mr. Conger, his home county, Polk, the home also of A. B. Cummins, by its primaries, declared practically unanimously in favor of the latter's candidacy. It is argued that with a stampede to Conger, covering a large portion of the state, Mr. Cummins and the Polk county folks would themselves soon climb into the band wagon. Practically everything seems to depend on the degree of enthusiasm with which Mayor Rogers is received on his arrival in the state. The reception to be tendered Mr. Conger here will in no sense be a boom for him for the governorship, as all of the now candidates for governor have been invited to the banquet, including Hon. George D. Perkins of Sioux City, Hon. John Herriott of Guthrie Center, Hon. A. B. Cummins of Des Moines and Hon. Sidney A. Foster of Des Moines. Committee Meets Today. The general committee having charge of the arrangements for the reception to Minister Conger, together with all sub-committees, will meet in the city hall this afternoon at 3 o'clock to complete details for receiving the minister and party, and for entertaining the multitude of people that will be drawn to the city by the event. The banquet, including Hon. George D. Perkins of Sioux City, Hon. John Herriott of Guthrie Center, Hon. A. B. Cummins of Des Moines and Hon. Sidney A. Foster of Des Moines. The final details for the carrying out of the plan according to the program, which is arranged. The Des Moines people have given up the idea of getting Major Conger to their city earlier than 10 or 11 o'clock Wednesday night, and have accordingly arranged to give him a reception there on the following day, and will come to Council Bluffs Wednesday and join in the festivities here for that day. I. M. Treynor, secretary of the general committee, has received a request from the Des Moines delegation for a large reservation at the banquet table, but owing to the limited number that can be accommodated and the large number of responses already received to invitations sent out, Mr. Treynor is unable to advise the Des Moines folks just how many of them can be admitted to the banquet. WOMEN, TOO, HAVE POLITICS. They'll Do Some Lively Wire Pulling at the State Federation of Clubs. The meeting of the Iowa Federation of Women's Clubs, which opens in this city tomorrow and continues until Saturday, will bring together a large number of the most brilliant and active women of the state, and there is promise that their getting together will be the occasion for lively politics. For the office of president of the federation there are numerous candidates, several of whom are backed by strong delegations, and the fight for the first office in the organization is to be a warm one. Mrs. Deemer of Red Oak, wife of Judge H. M. Deemer of the supreme court, is one of the more active of the candidates. She is backed by many of the leading club women of this city and of other parts of southwestern Iowa. Des Moines has two candidates for the first honor, Mrs. Alice A. C. Bailey and Mrs. Walker, and as the capital city is also out to capture the next meeting of the federation, strife is expected when the Des Moines contingent arrives. Mrs. Slidell F. Richards of Waterloo, wife of George Richards, secretary to Speaker Henderson, is said to be carrying on an active candidacy for the place and will be here to show the women how she got the election of state regent when she was at the national meeting of the Daughters of the American Revolution at Washington, D. C. Mrs. Richards is a bright woman, she was long time editor of the official organ of the P. E. O. society and is journalist of the federation. Among local names mentioned in connection with the place are those of Mrs. Walter Smith and Mrs. Caroline Dodge, but neither a candidate. In addition to these candidates for the presidency the following are some of the prominent women expected: Mrs. Julia Clark Hallem, Sioux City; Mrs. S. E. Sawyer, many years a teacher in the Creson high school and an active worker there in club circles and a literary woman of ability; Miss Grace Harsh of Creston, daughter of Hon. J. B. Harsh; Mrs. Mabel V. D. Hutchinson, president of the federation; Mrs. Harriett C. Towner of Corning; Mrs. M. J. Towner, candidate for supreme judge; Miss Alice Tyler of the State Library commission; Mrs. Mary Moody Pugh of Omaha, who has made many pleasant visits to the local clubs; Miss Bertha Demaris Knapp of the Chicago Record-Herald; Mrs. Minnie Campbell of Malvern, who is remembered for her bright response to a toast at a banquet given by the Omaha Woman's club at which some of the local club women were present the last winter; Mrs. J. H. Junkin of Red Oak. President headboard of the Iowa State college at Ames and Lorado Taft of Chicago constitute all the talent borrowed from the other sex for the federation. Women's Temperance Institute. The local organization of the Woman's Christian Temperance union is preparing for a district institute in this city May 19. The institute is to be conducted by Mrs. Ida Hays, president of the Sixty district Woman's Christian Temperance union, assisted by Mrs. Betella Pennam. Council Bluffs Crispien Champion. At the closing play of the Council Bluffs Crispien club for the season at the Grand hotel Saturday evening Fred Jonsson won

URG E COMMISSION TO ACT. Citizens Demand Speedy Decision on Stock Yards Case.

Rock Island's Independent Attitude. Refuses to Turn Business Over to Des Moines Union. Value for Benefit of City's Enterprise-Matter Lets Into Politics. DES MOINES, April 28.—(Special.)—A prolonged controversy between the Rock Island railway company and the Des Moines Union Railroad company over the matter of switching cars of stock for the benefit of a private stock yard threatens embarrassment to the state railroad commission, the new owners of the packing house and the business men of Des Moines. Some years ago J. F. Vincent of Peoria established a small stock yard in Des Moines as a transfer station for his larger business in Illinois. The officials of the Rock Island and Mr. Vincent had some difficulty along the business men of Des Moines. FEELS BURNING NEED OF COAL. Quartermaster's Department Wants Major Hyde to Find Cheaper, Less Injurious Quality.

WASHINGTON, April 28.—The quartermaster's department of the army has directed Major Hyde, quartermaster at Nagasaki, to make every effort to procure a better coal for the transports which coal at Nagasaki, and has been instructed to ascertain which is the best coal to be found in Japan and contract for a continuous supply for the transports. The Japanese coal is not the best, but it is found to be the most economical that can be used. It costs about \$1 per ton, while Australian coal, which is the best, costs about \$1.12 per ton, owing to the high duty placed upon coal by Japan in the interest of her own coal fields. The great drawback to the Japanese coal is the fact that it contains too much sulphur, and instead of the combustion occurring in the furnace it often goes into the pipes and is very destructive to that portion of the boilers. Much of the repairing that has been found necessary to the army transports has been about the boilers, which have been damaged by Japanese coal. At the same time, owing to the great cost of coal brought from Australia, it is found more economical to use the Japanese coal than to pay the higher price for the Australian product.
