Mr. Schindler, manager of the Albambra cigar factory, testified that in November Captain Reed had told him that Major George B. Davis, who was the depot commissary before Captain Reed, but who was sent to the United States on sick leave and whose name appears upon the books of Evans & Co., government contractors at Manila, as the recipient of \$1,000, was \$2,000 short in his accounts. Continuing, Mr. Schindler gave Captain Reed \$1,050, which was 21/2 per cent commission on the cigars sold to the commissary department during the time Major Davis was depot commissary

Townley of the navy, at present superintendent of the Mapila nautical school, testified that as a result of a conference with Captain Reed he went to see Castle Bros., contractors, who supply the commissary department with vegetables, etc., and wanted them to give Ceptain Reed \$2,000 and 10 per cent commission on all sales. Castle Bros. demurred to this proposition. Lieutenan Townley again went to Castle Bros. and this time only asked them for \$2,000. Castle Bros, were reluctant to hand over this sum and Lieutenant Townley explained that Captain Reed was in a position to advance the interests of the firm and that it would be advantageous to Castle Bros. to oblige him. Lieutenant Townley testified that he further explained to Castle Bros. that Captain Reed might allow them the use of gov ernment lighters and possibly be less rigid in the inspection of goods purchased. Lieutenant Townley said that he thought Cap tain Reed was doing a noble thing in attempting to protect the character of a officer. He also said that such pavy. taking the witness chair. Colonel Charles A. Woodruff, chief of the subsistence department in Manila, explained the circumstances of Captain Reed's appointment and described the duties of the depot commissary, not knowing whether the accounts of Major Davis were correct or not. Colonel Woodruff explained that on December 30 Castle Bros. aroused his suspicton by intimating that money was being collected by an officer of the commissary department. Later Colonel Woodruff sent for Captain Reed, who admitted receiving rebates for the purpose of covering the delinquencies of Major Davis. MANILA PAPERS SAY

Confirm Reports Previously Cabled Regarding Investigation in Commissary Department.

WASHINGTON, April 29.-Copies of Manila papers a month old have been received at the War department containing stories of the discoveries of irregularities in the matter of commissary stores. It appears from these accounts that Major West, who SHORTEN MILWAUKEE LINE was sent to Manila to be commissary, would not have charge of the department until the stores were either shown upor invoice or accounted for. This led to investigation and some of the enlisted men and civilians employed about the commissary store houses were arrested. Then the Manila police made the rounds of the city and found quite a large amount of commissary supplies in different places.

Much of this could be accounted for by the sale of savings on rations, but this saving it appears could not be disposed o to general buyers, for an order in force to the Philippines directs the return to the commissary department of stores of savings, which will be paid for at the rate of cost to the government. This would be a much less profit than could be obtained by dealing with merchants and contractors. The papers received here simply enlarge upon the cable reports.

MILITARY ALL READY TO WITHDRAW

Commanders Say They Will Back Out Whenever the Ministers Announce Indemnity's Payment Assured.

PEKIN, April 29.- The generals of the powers held a conference this morning to consider the question of the withdrawal of the troops and decided to address a note to the ministers informing them that when the ministers are able to announce the lump sum demanded as indemnity, and the Chinese have agreed to the principle of payment, arrangements will be made for withdrawal.

The other matters discussed were the handing over of the administration of Pekin to native officials and the plan for the command of the legation guards, as to whether this command should be centered in one officer or each detachment should be independent. Regarding the government of Pekin it was decided to allow the Chinese gradually to assume more control until the civil government was entirely in their hands, the military only exercising

passive supervision. Some time was spent in considering the reply of the ministers to views recently and the sea, but they desire the generals to specify the numbers of the different 4.000 men, which is to remain provisionally at Tien Tsin during the period of actual occupation, it will be necessary that each

JUDGE BAKER EXPRESSES AN OPINION Answers a Telegram from the East by Saying the Case Will Not

> Be Abandoned by the State.

Whatever of satisfaction James Callahan may derive from the verdict of the jury. which decided him not guilty of robbery, will likely be enjoyed by him in jail. Judge Baker has given out as his intencounty attorney prosecuting Callahan on the charges of crime which are not included in the one on which he has just torney has said he is willing to proceed with the cases, holding an opposite view to that expressed by General Cowin, aithough it is uncertain as to when the next trial will be had. Callahan's attorneys will offer a motion for the release of client, and the arguments on this will probably determine the course that will

be pursued by the prosecution. The reward of \$5,000 offered by the city for the apprehension of Pat Crowe, dead or alive, has been withdrawn, but the \$25,000 offered by Edward A. Cudahy for the arrest and conviction of the kidnapers, and the similar sum offered by the city for the same purpose, will stand. The specific reward for Pat Crowe was taken down at the instance of Chief of Police Donahue.

Interest in the verdict is general, not only in Omaha but elsewhere, and only surprise is expressed. As an instance of how it struck the people outside of Omaha this telegram received yesterday by Judge Baker is printed:

PITTSBURG, Pa., April 29.—To Judge Baker, Omaha: No child in America is safe if Callahan goes unpunished. Can he not be tried on other indictments with a new jury? GODFREY L. CABOT. To this message Judge Baker replied as follows:

OMAMA, April 29.—Godfrey L. Cabot, Pittsburg, Pa.—Verdict victous and la-mentable. Will direct prosecuting attorney to prosecute on crimes not included in one tried. 18. BAKER. ASKS CALLAHAN'S RELEASE

Attorney Haller is Preparing a Plea in Bar for the Pris-

oner. Charles W. Haller, one of Callahan's lawyers, said yesterday that he was preparing a plea in bar for the release of Callahan. The plea will state that Callahan the day was great, the total sales in that has already been tried and acquitted on the offense alleged in the remaining informations on file against him and is entitled to 118%, an advance of 11 points as compared his release on the constitutional provision that a man's liberty cannot be put in jeop-

ardy twice for the same offense. The hearing on this plea will probably be the next move in open court in the Callahan case. It is doubtful that the state will undertake to hold Callahan on the remaining informations, but an attempt may be made to hold him on a charge of perjury.

J. M. Macfarland, of counsel for the defense, said: "The verdict is a popular one among the working classes." When asked what there was in the case to divide the working classes from other citizens Mr.

SHIELDS WILL PUSH CASES County Attorney Does Not Agree with

Macfarland had nothing further to say.

General Cowin as to Callahan's Release. County Attorney Shields does not agree with General Cowin in the statement that Callahan cannot be held for trial on the

charges of grand larceny and false impris-

onment. He says: "When Callahan's lawyers put in their plea for his release on the ground that he has already been tried and acquitted on the offense charged in all three informations, the state will oppose the plea. We believe his acquittal on the charge of robbery does not dispose of the three cases against him. He is in the same position as a man who is charged with both assault and robbery would be if he were acquitted on one or the other of the charges. He has been charged with having committed three separate and distinct crimes, and the fact that he has been acquitted in one case does not affect the other 'wo.

"I have not yet decided to file a complaint of perjury against Callahan, but I am considering the proposition. We could give him tourteen years for perjury if a conviction could be secured.

JUROR FULLER TELLS STORY Who Favored Conviction Recounts Experience in the

Jury Room. "If I had it to do over again I would hang that jury if I had to stay out until doomsday," declared W. B. Fuller yesterday morning.

Mr. Fuller was one of the three men to

vote for the conviction of James Callahan

on the first informal ballot after the jury retired, and he was the last man to give in to the will of the majority. He said: "I think the verdict is an outrage and I'm heartly ashamed of it. When we retired at 8:30 Saturday night we took an informal ballot immediately, and it was nine for acquittal and three for conviction. I was never so surprised in my life as . was over the result of that ballot. couldn't see how it was possible for men of intelligence to hear the evidence in that case and vote for acquittal. Although the ballot was a secret one, I believe the two men who voted with me at first were Bell and Sidner. On the first formal ballot one of these men went over to the other side, and from then on until about

I was left alone on the side for conviction. "The young men on the jury abused me most shamefully, calling me a fool and other names, while the older and more sensible men argued with me courteously They claimed that Callahan had established a complete alibi, and some of them went

midnight the vote was ten to two. Finally
