TRADE SHIFTS TO ATCHISON Lightning Uses Ozark Building, Chicago, to Activity in Union Pacific Stock Partly Shared by Another Rond.

NEW YORK, May 2 .- The sensational interest in the stock market today shifted from the recent favorites to Atchison, though very actively continued in Union Pacific. The erratic movement of the latter and its tendency to reaction prompted the speculators to turn to some new field. Atchison was strong from the opening and held firm during the early reactionary perjod and the general market became decidedly weak. About the middle of the gession the movement became wild in much the same way as that of Union Pacific yesterday and Atchison was forced up by wide strides and by the taking of long strings of 1.000-share lots up to 6,000-share lots to about 88; a rise of nearly 12 points over last night. There was no news to account for the rise, but buyers of the stocks professed a belief that the road was to be included n a transcontinental project to offset the Burlington deal. The rest of the market was comparatively quiet today.

RATES TO BUFFALO EXPOSITION. Reductions Yet nounced from This Point.

Omaha people have not yet been given any particular inducement in the way of railroad rates to the Buffalo exposition Local agents of roads reaching eastward expect liberal reductions to be made during latter half of the exposition season, but do not look for any material rate-cutting in the immediate future. Very few people care to travel a great distance to the Buffalo show during its first month, preferring to wait until the exposition is at its best; therefore reduced railroad rates; at this time would be considered somewhat

SUSPENDS INSANE ASYLUM Judge Glass of Clay Center Put Damper on Project for Its

Establishment.

CLAY CENTER Kan, May 2 - (Special Telegram.)-The long contested case prosecuted by the county attorney of Clay county, Kansas, in behalf of the State against the Board of Charities and others interested in the establishment of the new insame asylum at Parsons, came up for a hearing in the district court here today before Judge Glass, sitting in adjournment of the March term of that court. The case was submitted at the regular March term and was taken under advisement by the court until today. The state was represented by J. H. Russell, county attorney and Coleman & Williams, attorney for the Clay Center Commercial club. The defendants were represented by Hon. C. H Kimball of Parsons.

Judge Glass, in an elaborate opinion, overruled the demurrer of the defendants to the petition filed by the state, holding in substance that chapter 46 of the laws of 1881, under which the Board of Charities was attempting to act, was repealed by chapter 160 of the laws of 1891, which provided for the creation of the board of public works. Judge Glass held that when the act of 1891 was passed the act of 1881, which was intended to give the Board of Charities power to condemn land, was absolutely repealed and ceased to be of any effect. Such being the case the court held that the Board of Charities had no power to acquire title to the land in question nor to any land by condemnation proceedings, or even by contract, but that the only way by which title to the land could be acquired for the use of public institutions was by condemnation proceedings by the Board of Public Works under the provisions of chapter 160 of the laws of 1891. Mr. Kimball, for the defendants, took all necessary preliminary steps for the purpose of a proceeding in error to the supreme The effect of this decision if unrecourt. versed will be to suspend proceedings for
