TO DECIDE HERESY CASE

Directors Assemble to Pass Ipon Books Written by Dr. G. H. Gilbert.

CHICAGO, May 7 .- Directors of the Chicago Theological seminary who are to decide whether the books of Rev. Dr. George H. Gilbert are heretical began a three-day session here today. The meeting was private, but it was announced that the Gilbert case would not be taken up today. Over a year ago it was charged that Dr. Gilbert's book, "The Revelation of Jesus," contained naragraphs which were heretical. Dr. Gilbert, then a professor in the Chicago Theological seminary, declared that he should not be censored on that volume, but there remained another volume to complete the work. He was granted a year's absence to complete the second book. The advance sheets of the second book, which is entitled "Teachings of the Apostles," are now

in the hands of the directors. They have been read, but whether or not they are heretical those who have knowledge will DO! BAS
