Mrs. Waack had been cleaning paint brushes with gasoline. The fumes from the fluid exploded. Her dress caught fire and in an insant she was enveloped in flames. Screaming with agony she rushed into a neighboring yard and fell to the ground. Mrs. Helen Rozeka ran to ber assistance and was joined by Mrs. Grossman. ## SIGNIFICANCE IN ELECTION

Pronounced Harriman Men Elected to Union Pacific Board.

DOESN'T LOOK LIKE VANDERBILT CONTROL

ssertion is Made that Marvin Hughitt is the Only Representative of the Vanderbilt Interests in the I nion Pacific Directory. Well informed Union Pacific officials at-

tach considerable importance to the election of three directors to fill the vacancies on the board, because of its significance in relation to the reported Vanderbilt control of the line. In New York Wednesday the report was circulated that the new directors selected were Thomas T. Eckert and Alvin W. Kreich of New York and Norman B. Ream of Chicago. No denial of this report has been entered from official source formation is correct.

"If the Vanderbilts had gained control of have been representatives of the Vanof the Western Union Telegraph company, is closely associated with Mr. Harriman, his freedom in one year and ten months. Mr. Harriman are equally close, Alvin W. and the relations between Mr. Ream and Kreich is another pronounced Harriman but one out-and-out Vanderbilt representative and that is Marvin Hughitt, president

of the Northwestern. "I believe that the reported control the Union Pacific by the Vanderbilts lacks foundation, and had its origin in the unsettled and unexplainable condition of the stock market. Several days ago the announcement came from apparently authoritative sources that the Harriman-Gould interests had control of 55 per cent of Union Pacific stock, and it is asserted now that subsequent dealings in Union Pacific stock have been independent of these hold-

ings, which were held in reserve." Alvin W. Kreich, one of the new directors, is remembered by many of the railroad men of this city because of his connection with the company about eight years ago. Mr. Kreich came to Omaha in 1893 and was connected with Judge Cornish's office for a couple of years. He made many friends among Union Pacific officials, all of whom are glad to learn of his election to a place on the board of directors.
