BAR MR. LAWSON'S YACHT

New York Club Denies the Independence Privilege of Competing.

BOSTONIAN MAY ENTER LISTS ANYHOW

Strained Relations Between Them to Be Exposed in Printed Record of Correspondence Exchanged During Recent Months.

NEW YORK, May 17.—The Mail and Express says: Correspondence between Thomas W. Lawson of Boston, owner of the ninety-foot yacht Independence, and the America's cup committee has reached such an acute stage of bitterness on the part of the Boston man that the committee has decided to break off all negotiations and to bar that boat, not only from the trial races to select a defender to meet Shamrock II, but from all other events over which the New York Yacht club will have jurisdiction. The correspondence has been turned over to the printers and will be given to the newspapers, probably tomorrow.

Reason for the Decision.

The decision not to permit the Independence to race in the trials against the Constitution and the Columbia was reached by the cup committee at a special meeting held Wednesday in the office of Mr. Belmont. It is a long-standing rule of the club that no yacht shall be eligible to compete in any of the club's events unless its owner be a member of the organization. The statement is made that Mr. Lawson intimated that the boat would be raced in

FIELD WORK.

Good for Some Women. Even people who work out of doors are troubled with the effects of coffee drinking. A German woman in Kansas, S. D., Mrs. L. Beng, says that she did not know what was the cause of her being sick and miserable, as she had been for some years past. Her own words are interesting. "I had no appetite, suffered considerably with headache and dizziness, and was compelled to take some pills or medicine regularly for my bowels. In this condition I lived for many years. It was poor and dear living. As my doctor's bills will show, I had no idea that coffee was the cause of my ill health until I read in the paper about Postum Food Coffee and concluded to leave off the coffee and take Postum. Only used Postum a week when I began to feel well. My stomach began to work all right, headache left and had no more dizziness. I am able to eat now and sleep and work. During the last season I have been at work in the field where before I was not able to sweep out a room."

As a rule, people engaged in active physical work can better stand the toxic effect of the coffee than brain workers who have but little physical exercise. When a man or woman finds sickness coming on, such as stomach trouble, weak eyes, bowel complaint, kidney trouble, etc., it is time some attention is given to the subject of beverages. In practically all such cases where coffee is the drink, one can obtain relief by leaving off coffee and taking Postum Food Coffee, for they leave off a drink that is an active producer of disease and take in its place a powerful liquid food that contains elements for rebuilding the nerve centers that have heretofore been tormented.

NEBRASKA COWBOYS BEATEN

Are Unable to Find the Slow Bending Balls of Washburn College.

TOPEKA, Kan., May 17.—(Special Telegram.)—Nebraska lost its first game in the west today, Washburn college defeating the Cowboys 8 to 3. Inability to hit the ball tells the tale. Pitcher Atken held the hard hitting Nebraska down to three string hits. The team that batted Alphonse, the Kansas pitcher, out of the box could do nothing with the slow bending of the preacher pitcher. Both teams put up a good fielding game, but the preachers hit the ball hard. Washburn started its scoring in the first inning, two doubles netting one run. In the next two innings, a fielder's choice and a passed ball netted another. In the fourth and in the fifth the Kansans pounded out two runs, making a total of six. Townsend got hit with a pitched ball and was forced to retire in favor of Bender in the seventh. He kept the collegians from scoring any more. Nebraska was unable to score until the fourth inning, when a home run by pitcher and one by the shortstop netted a run. The reds went out one, two, three, making the ninth their last chance, when Porter's men went in to win. Bell reached first on an error. Townsend went out to first. Gages hit to short, who threw Bell out at the plate. Two more errors by the preachers netted the chance to win. By the end of the game Nebraska was down to one on the bases, poor. Bender was being twice between third and home, spooling the chances for a run. Score: Washburn.....1 1 0 2 2 0 0 0 4 R.H.E. Nebraska.....0 0 0 1 0 0 0 0 2-3-2 Batteries: Nebraska, Townsend, Bender and Doane; Washburn, Atken and Mels.

Smith of Wisconsin finished first, well in advance of the others, and McEachern of Wisconsin and Kutz of Illinois raced the last 100 yards side by side, falling across the tape within three feet of each other. YOUNG WOMEN AS ATHLETES

Entertaining Exhibition of Skill and Grace Given by the Y. W. C. A. Classes.

The gymnasium classes of the Young Women's Christian association held their annual exhibit in the Turpin gym last evening, when the capacity of the hall was taxed to accommodate the spectators, a good number of whom had come up from Lincoln for the occasion. The first part of the program was devoted to fancy marches and drill, followed by club-swinging by Miss Helen Woodsmall. A Swedish drill by the beginning class, which included the calisthenic exercises, and a relay race by the little girls were enthusiastically received, but by far the most unique feature of the evening was the Swedish folk lore dance given by fourteen of the young women. Dressed in the Swedish peasant costume, with tall peaked caps and red and green aprons, they went through the quaint figures, presenting them for the first time to an Omaha audience.

CONTESTING FOR CATHEDRAL

Various Parishes of Omaha Diocese Anxious to Furnish Site for New Structure.

Since the announcement in The Bee a few days ago of the proposed erection of a new Roman Catholic cathedral in Omaha a spirited rivalry has sprung up among the various parishes of the diocese to be designated as the cathedral parish. The parishes which seem at present to have the best prospects of success are St. Peter's and St. Cecilia's. However, the victory will be to the parish which offers the best advantages, and the matter of the site is still an open question.
