Reliable Colored Taffeta Silks

Thoroughly good taffeta silks. Such a statement is unnecessary from our standpoint of never selling trash, yet the markets are full of the trashy kind as well as a great many stores. No matter what we charge for silks—there is never any evasion of responsibility here. The silks are right.

The best Colored Taffeta in the world, all colors, 75c a Yard. All the wanted colors—and still the price is less than you've been paying for silks of questionable quality. Here are a few hints to buyers of taffeta silk that will prove helpful and decided economy in buying this class of silk.

McARTHUR LETS THOUSAND GO

Free Filipino Prisoners Upon Surrender of Generals.

CONGRESSMAN HULL FEELS PLEASSED

Iowa Leaves Manila for Seaboard, Well Satisfied with Conditions as He Has Observed Them.

MANILA, May 20.—General MacArthur celebrated the surrender of the insurgent general, Nacario and Lacuna, by releasing 1,000 Filipino prisoners.

Congressman Hull leaves Manila tomorrow for Seaboard. He expresses himself as pleased with conditions here. General Moore, the insurgent chief on the island of Leyte, has surrendered with twenty men, the remainder of his command. The president of the island of Lubang, which lies northwest of the island of Mindoro, has been arrested and brought to Cavite, charged with being an accomplice of the insurgents.

General Trias has started on his visit to the insurgent leader, Bellarmino, who is operating in the province of Albay, in southern Luzon. Trias will try to induce Bellarmino to surrender.

PORTER ADMITS THE CHARGE

(Continued from First Page.)

He admitted authorship of the article in the South Omaha Sun. He also admitted in effect authorship of the circular, but defied the postal authorities to proceed against him on the latter charge as, he said, he hadn't sent them through the mails. He added that he could prove by twenty witnesses all the charges set forth in the circular.

The interview closed by Porter calling for United States Attorney Summers, with whom he has a personal acquaintance. Attorney Summers told him he needn't talk if he didn't want to and advised him to retain counsel at once.

Before dismissing Porter from the sweat box the postoffice inspectors returned his weapon.

Chief Donahue is Consulted.

Sunday afternoon Mr. Edholm had a consultation with Chief Donahue, in which the incidents of the sweat box were related, and in which Mr. Edholm begged the chief to place Porter under arrest, as he believed his (Edholm's) life was in danger. At the change of police shifts at 6 o'clock the chief detailed Patrolmen Lahey and Thomas to arrest Porter on a charge of carrying concealed weapons.

It was nearly midnight of Sunday that the arrest was made. Seeing Porter board a sixteenth street car, the officers also took the car and went in sight with Woolworth avenue was reached. Here Porter signaled the conductor and alighted. As he did so the officers observed that he took a pistol from his hip pocket and thrust it into the inside breast pocket of his coat. Officer Thomas stepped up behind him and tapped him on the shoulder.

"This is Mr. Porter, I believe," he said. "I am a police officer, and you—"

Porter is Lodged in Jail.

Before he could finish the sentence Porter had made a swift motion toward his breast pocket, and drew the revolver, but was disarmed almost instantly by Lahey, who had stepped up behind him. There was a struggle in which Porter was overpowered and a moment later the party had taken a down town car enroute to the police station. Porter remained in jail over night. At 11 o'clock Monday morning he was released, having put up the \$125 he had in his pocket as cash bond for his appearance in police court at 2 o'clock in the afternoon.

Porter Appears in Court.

Porter, accompanied by his attorney, Frank Ransom, appeared in police court Monday afternoon a few minutes after 2 o'clock and was at once arraigned before Judge Gordon. Ransom entered a plea of not guilty for him and then made this plea in his defense:

"Mr. Porter lives out on South Thirty-fifth avenue," said he, "about six blocks from a car line, and as his work as correspondent for several newspapers keeps him up late he has to go home often at

Nothing Tastes Good

And eating is simply perfunctory—done because it must be. This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long. The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the niece of Frank Fay, 106 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been without appetite and had been troubled with sour stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

Hood's Sarsaparilla Promises to cure and keeps the promise. Don't wait till you are worse, but buy a bottle today.

WORKS OMAHA BUSINESS MEN

Glib-Tongued Individual Finds It Easy to Make Touches.

BUYS A CARRIAGE FOR HIS WIFE

Incidentally Borrows Ten Dollars from the Vehicle Man and Forgets to Return—There Are Others.

If it meets the eye of Mr. Joseph Peltier, railroad contractor of Topeka, Kan., will please communicate with the Omaha merchants whose acquaintance he made last Friday?

Mr. Peltier is so pleasant, so smooth-spoken and so prepossessing that his one-day acquaintances would be pleased to hear from him in sums ranging from \$5 to \$25. In short, Mr. Peltier is said to be a confidence man of such high degree that he bilked some of Omaha's shrewdest merchants last Friday as a city grafter takes in a country sport.

The operations conducted by Peltier, the smooth, were not confined to any particular line of business. His work with H. C. Fredrickson is a sample of what he did to the others. He called on Fredrickson last Friday, introduced himself as a railroad contractor and looked over the stock with the intention of buying a vehicle. The man from Kansas finally selected a \$200 carriage, but did not pay for it, as the \$500 draft he was expecting would not arrive until the following day. Being in a hurry, he introduced a woman, whom he introduced as his wife.

"Mrs. Peltier is delighted," said the judge. And this closed the case. The two policemen whom he had tried to shoot a few hours before had no opportunity to testify. The judge ordered that Porter's money and revolver be restored to him.

Warrant is Issued.

At 3:30 Monday afternoon a warrant was issued from the office of the United States attorney for the arrest of Porter, and was given to Deputy Marshal Moore for service. Moore went out at once, but up to a late hour last night had not succeeded in finding his man. The marshal's office was closed at 5 o'clock. At 8 o'clock Marshal Mathews was seen at his hotel.

"I suppose Moore is still looking for him," said he. "When I left the office at 5 o'clock he had not yet returned, and he hasn't made any report to me since he was given the warrant."

About 4 o'clock Monday afternoon Frank Ransom, Porter's attorney, called upon the United States attorney's office and asked if it was true that there was a warrant out for his client. Upon being told that there was, he replied that Porter would be at the marshal's office at 10 o'clock this morning, when he would be prepared to give a bond. Attorney Summers replied that his would be satisfactory so far as he was concerned.

Porter was seen upon the streets several times Monday afternoon and was apparently making no attempt to conceal himself, yet the deputy marshal could not find him, and late last night the effort was abandoned.

JANITORS' PERMANENT LIST

Board of Education Puts Them on Same Basis as Teachers of Long Years of Service.

Hereafter all janitors who have been in the employ of the Board of Education continuously for five years will be eligible to a place on a permanent list similar to the list to which teachers of long years of service are elected. After a janitor is placed on a permanent list, his salary can be effected only after charges have been heard at two meetings and a two-thirds vote of the members of the Board of Education is secured.

At last night's meeting of the Board of Education, the following janitors were elected to a place on the permanent list: Thomas H. Fitzgerald, High; Thomas W. Shea, Bancroft; Henry O'Neill, Cass; Frank Sweeney, Castellani; W. C. Lawton, Clifton Hill; William Gieselman, Comenich; William Payne, Farnam; Mary A. Lyons, Forest; Frank L. Olin, Franklin; Charles E. D'Arcy, Kellom; H. Tule, Leavenworth; J. J. Kalina, Lincoln; George Elliott, Lathrop; Louis Peters, Mason; James Cathro, Train; Hannah Farrell, Victoria; William Stewart, Webster; W. H. Vickers, board rooms; Mattie Arnold, Druid Hill; Victor Danielson, Lake; Robert W. Baldwin, Park; Robert Monroe, Saratoga; John Archibald, Sherman.

The board accepted an invitation to attend a reception to be given this evening by members of the local Grand Army posts and Women's Relief corps in honor of the officers-elect of the Nebraska department of the orders named. The reception will be in Myrtle Hall, Continental block.

Bids for the plumbing, heating and ventilating plant and the electrical generators and motors necessary for the new high school building were received as follows: Heating and ventilating plant: American Warming and Ventilating company, \$17,247; Kuehn & Manning, \$18,770; T. F. Balf, \$19,900; J. J. Hanighen, \$17,900; John Rowe & Co., \$17,725; Kuehn & Manning, \$17,490; T. F. Balf, \$18,404; John Rowe & Co., \$18,332; Charles Schroeder, \$17,244; J. J. Hanighen, \$6,600.

Electric generators and motors: A. G. Munro, \$3,576.25; G. W. Johnston, \$5,837; John Hoy Kuhns, \$2,525; John T. Burke, \$2,714.20; Fort Wayne Electric company, \$2,850.

Secretary Burgess was instructed to have the hands on the high school clock replaced.

The architect was instructed to draw plans for the installation of an electric clock in the new high school building.

The board authorized the secretary and president to sign for brick-paving on Seventeenth avenue between Leavenworth and Jackson streets.

A report from the secretary showed that the amount of money expended for school purposes during the months of January, February, March and April of the present year was \$129,784.44. During the corresponding months of 1900 the expenditures aggregated \$129,625.97.

Amendments to the rules were adopted which provide that all persons who are hereafter elected to principalships shall hold high school certificates in addition to primary and grammar grade certificates. The proposed amendment which would have required a primary and grammar grade certificate from all persons now teaching in the higher grades was dropped by the board.

DONAHUE SAVES JAIL BREAK

Omaha's Chief of Police Wires Information Which Proves Valuable.

Sergeant M. S. Dempsey of the police department has returned from Cincinnati, where he attended the hearing and conviction of Tiller and Grant, the post-office robbers who were arrested in this city a few weeks ago.

Sergeant Dempsey tells the story of an attempted jail break in Cincinnati, which was frustrated from this end of the line by Chief Donahue. The chief declines to reveal the source of his information, but in some way he received a tip on what was to happen, and he immediately wired the Cincinnati authorities.

Shortly after the receipt of Chief Donahue's message a woman appeared at the Cincinnati jail with a basket of fruit and a hand mirror for Prentice Tiller. The appearance of the woman was foreshadowed

WOLTERS ESCAPES THE LAW

NEVER TOO LATE TO WIN

There is a Chance for Everybody in The Bee's Figure Contest.

The finish of The Bee's figure puzzle is drawing near and the contestants for the prizes, which are distributed along toward the end, are making the close of the contest a lively one. Up to date there have been received over 900 correct answers and the balance of the entries will stand a chance of drawing the prizes above 900. The thousandth prize is \$10 in cash and there are lots of other good ones, 600 in all yet to be bestowed upon the mathematicians who add the figures in the puzzle correctly.

With all these prizes yet to be distributed there is an opportunity for every one to get a prize and during the nine days that remain before the close of the contest the guessers will likely bestir themselves. The indiscriminate distribution of prizes gives the late-comer quite as good a chance of winning as were the early birds.

OFFICER GIBBONS INJURED

Slips from Fence Top and is Impaled Upon a Hoe Handle.

Sanitary Officer John H. Gibbons received a serious internal injury in a peculiar accident at his home, 212 North Twenty-eighth avenue, Monday evening. In climbing over a fence he slipped and fell on a hoe handle, which penetrated the lower part of the abdomen, making a terrible wound several inches deep. He was attended by Dr. W. O. Henry, who immediately ordered his removal to St. Joseph's hospital, which was done in the police ambulance. Gibbons was very nervous and stood the long trip to the hospital in good shape, though suffering intense pain. An operation is to be performed today which it is hoped will give the needed relief to the officer.

VILE NAME BRINGS KNIFE

Demonstration of Tit for Tat in Case of Mr. Jackson and Miss Hawke.

Mr. Andrew Jackson applied a vile name to Miss Belle Hawke, and she in return applied a knife to Mr. Andrew Jackson shortly before noon yesterday. Mr. Jackson has two long but not dangerous gashes in his person and Miss Hawke is in jail at the instance of Sergeant Hudson and Officer Hissler. The affair came off near Eleventh and Capitol avenue. Both parties are colored and both had been drinking.

Switchmen's Union Conventions.

MILWAUKEE, May 20.—The Switchmen's Union of North America opened its convention with 250 delegates present. Routine business occupied the first day's session. The convention will devote most of its time to revising the constitution and other general work.

Postoffice Irrigation Congress.

COLORADO SPRINGS, May 20.—After a conference and the election of officers, the officers and executive committee of the irrigation congress hereinafter decided to postpone the annual meeting, which was to be held in Colorado Springs in July, for the month of October next.

To Attend Bencke's Funeral.

Members of the Veterans' Fraternity association are requested to meet at the home of late Gustave Bencke, Sixth and William streets, at 1 o'clock this afternoon, to attend the funeral. The funeral is expected to be in uniform.

St. Joseph's Man Missing.

ST. JOSEPH, Mo., May 20.—Edward Hanna, secretary of the National Manufacturing company, is missing.

LOCAL BREVITIES.

A mother's meeting will be held Friday afternoon in the kindergarten at the Vinton school.

Last Sunday's Illustrated Buffalo Express contained a report of a fire in the city in connection with a series of night views of the Pan-American exposition with the inscription: "The electrician who turns the exposition into a magic city at night."

CENT A MEAL.

Economy in Food.

"Ease in getting a meal and economy are two important things," a lady teacher says about the fully cooked food Grape-Nuts. "I started in on Grape-Nuts because it needed no preparation, and I wanted a little lunch before going to bed, so I had cream and sugar ready and a package of Grape-Nuts. Pouring a little of the food into a saucer I treated it with good rich cream and a little sugar at times, usually it was sweet enough."

I had a meal that satisfied hunger and I began to sleep well nights. After a while I concluded to make my breakfast of Grape-Nuts and a little fruit rather than go to the boarding house. I found that I began to sleep very rapidly in health, and my work became a pleasure. I have made a most important discovery, that is that I can have a meal served at a cost of about one cent that is the most nourishing meal that I have ever been able to find. Delicious in taste and real genuine 'food cure' for stomach and bowel troubles.

I have many friends using Grape-Nuts Food regularly. This lady lives at Grand Rapids, Mich., and her name is Mrs. J. Postum Cereal Co., Ltd., at Battle Creek, Mich.

LINCOLN'S NEW GAS PLANT

D. E. Thompson and Others Concerned in Enterprise.

SALARY ORDINANCE COMES UP FRIDAY

Firemen Join the List of Those Asking for More Pay—Contest Over Removal of Edward Cagney's Body.

(From a Staff Correspondent.) LINCOLN, May 20.—(Special Telegram.)—A rumor that was in circulation in commercial circles today connects D. E. Thompson with an effort that is being made by several prominent Lincoln work and city men to organize a stock company for the installation and operation of a new gas plant in this city. Several of Mr. Thompson's former business associates are known to be behind the movement and this fact leads many to put their faith in the rumor. The plan of the promoters of the new enterprise, it is learned, is to organize a company with a heavy capitalization and if possible secure possession of the plant now owned by the Lincoln Gas and Electric company, of which Mr. Thompson was formerly president and principal stockholder.

Several members of the council are said to be friendly to the proposition and willing to vote the new company a franchise. All plans, however, are carefully guarded by the men interested in the movement, as it has not been definitely decided whether the organization of the company shall be carried on in secret.

Mr. Thompson was not in the city tonight and nobody could be found who would speak concerning his connection with the proposed company.

To Consider Salary Ordinance.

The city council will hold a special session next Friday night to consider Councilman Pentzer's ordinance fixing the salaries of city officials and employees. The measure provides for a raise in the salary of fire chief from \$1,200 to \$1,500 yearly and slight increases in employees in the police and water departments.

There is considerable opposition to the ordinance because it does not provide for a change in the compensation for the city attorney and his deputy. Mayor Winthrop today announcing in both these respects but there is a disposition on the part of several councilmen to leave the salaries at their present basis. The measure was read the second time before the council tonight and by unanimous vote was made a special order for consideration on the day named.

Firemen Want More Pay.

Twenty-seven members of the fire department asking a petition to the council asking for an increase of \$5 in their monthly pay. They asserted that their present compensation is insufficient to support their families. The scale ranges from \$50 per month for new employees to \$65 for experienced men.

On motion of Spears the city clerk was authorized to issue certificates of indebtedness to the tax commissioner and his deputies for amounts due as salaries. A direct appropriation for their compensation cannot be made because of a suit now pending in the supreme court, attacking the constitutionality of the ordinance.

L. W. Sharpe was reappointed city weighmaster. He will pay the city \$16 per month for the privilege of using the city scales.

A new paving district was created, consisting of Euclid avenue from Seventeenth street to Twentieth.

To Remove Cagney's Remains.

D. C. McEneaney of Plattsmouth, representing the relatives of Edward Cagney, who died several years ago, was in the city today consulting with attorneys relative to beginning legal proceedings which would enable him to remove the remains of the dead man from the Catholic cemetery in this city to Plattsmouth. Bishop Donaum Saturday refused to permit the remains to be moved. It was announced at the close of the conference that an application for an order restraining the cemetery officials from interfering with the removal of the remains would be made to the district court tomorrow or next day.

Young Girl Tries Suicide.

In a sudden fit of madness Ora B. Underwood, 15-year-old daughter of E. E. Underwood, superintendent of the Central Granite company, swallowed a large dose of cyanide yesterday afternoon with suicidal intent. The family physician said today that she was out of danger, but still suffering acutely from the effects of the drug. The exact cause of the deed is a mystery, the father refusing to discuss the case. Saturday night Mr. Underwood was asked to consent to the marriage of his daughter to a young man of 18 years.

FOUNDER OF TEXAS SIFTINGS

Alexander Edwin Sweet, Humorist, Dies of Heart Disease in New York City.

NEW YORK, May 20.—Alexander Edwin Sweet, founder of Texas Siftings, and a humorist of national reputation under the pen names of "Colonel Bill Sweet" and "Rev. Whangdoodle," died at his home in this city today of heart disease, from which he had suffered for several years. He had several fainting fits during his illness, but arose today, apparently in perfect health and ate a hearty breakfast. He was seized about noon and died in half an hour.

Colonel Sweet, as he was generally called, was born in Nova Scotia in 1841, but his parents soon after settled in San Antonio, Tex. He studied in Germany, and coming back to this country at the beginning of the civil war, entered the confederate army as a private, serving through the war. After this he studied law and practiced in San Antonio, entering the journalism in 1871. He became managing editor of the Galveston News and in 1883 started Texas Siftings in Austin. He removed the paper to this city and printed it until 1891, when it was discontinued. Since then Colonel Sweet has devoted himself to general literary work.

Sibley Pioneer Merchant.

SIBLEY, Ia., May 20.—(Special Telegram.)—The funeral of William H. Chambers, a pioneer merchant who settled here in 1823, was this afternoon. Business houses and public schools closed. Rev. Charles S. Secombe, late Congregational pastor at Sibley, now pastor at Ames, preached. The service was held in the Sibley Masonic lodge. Knights Templars were present from Estherville, Spirit Lake, Rock Rapids and Sheldon.

AMERICANS GAIN IN AFRICA

Four Consuls Contribute Encouraging Chapter to Uncle Sam's Foreign Commerce Record.

WASHINGTON, May 20.—Frederick Emory, chief of the bureau of foreign commerce of the State department, announced today the second chapter of "Commercial Relations of the United States," dealing with the trade of this country with Africa. The chapter is made up of trade testimony from four United States consuls stationed at favorable points of observation at all points of the compass on the continent.

Consul Kidder of Algiers says: "I am convinced that a more certain market for American products adapted to the wants of the country does not exist on this side of the Atlantic than is offered by Algeria. The commerce is controlled by European houses and the most improved farming implements are in increasing demand. The best tools at the fairest prices can be sold here, regardless of where they come from. American food products are sold to some extent through branch houses in France and are popular wherever used. A grocery, dealing exclusively in our food products, with some one to demonstrate methods of cooking, would be a great success. In fact, there is hardly an article of American growth or manufacture which would not be appreciated here if presented in the proper way. The greatest drawback to trade is the lack of a direct steamship line.

Consul Gibbs of Tamatave says: "American trade in Madagascar is increasing. Canned meats, corn, petroleum, etc., are arriving in large quantities. Twenty truck wagons from Wisconsin were recently received here, consigned to the contractors or government officials in the city. Consul Williams of Sierra Leone says that place is destined to be the distributing center for European and American imports and the gateway to the interior of the continent. Imports from the United States are gaining an agency for American goods has been established in the city. Consul General Stowe of Capetown remarks that wire for fencing is being introduced from the United States in much larger quantities. There is a good market, he adds, for galvanized corrugated sheet iron. American wagons for heavy work and city hauling also should supply the demand. American rubber goods stand the climate of South Africa better than those of any other country.

No Part of the Beer.

WASHINGTON, May 20.—The United States supreme court today decided that bottles and corks used in the manufacture of beer for export are subject to the imposition of a tariff tax. Justice Brown, in handing down the decision of the supreme court, said the case turned on the question as to whether corks and bottles are ingredients of beer. Plainly they were not, he said.

Colonel Coolidge Gets Home.

SAN FRANCISCO, May 20.—Among the passengers on the steamer America Maru, which arrived from the Orient, was Colonel Coolidge, who was in command of the Ninth infantry during the siege of Pekin. Colonel Coolidge took command after Colonel Liscomb was killed and remained in charge almost up to the time of his departure for this city. Colonel Coolidge will be stationed at the Vancouver barracks, Washington.

Movements of Ocean Vessels May 20.

At New York—Arrived—St. Paul, from Liverpool; La. Gasconne, from Havre; Amsterdam, from Rotterdam. Departed—Arrived—St. Paul, from New York; for Naples and Genoa, and proceeded. At Bremen—Arrived—Grosser Kurfirst, from New York via Cherbourg. Sailed—At Yokohama—Arrived—Empress of China, from Vancouver, B. C., for Nagasaki, Shanghai and Hong Kong. At Liverpool—Arrived—Saxonia, from London via Queenstown; Celtic, from New York. At Glasgow—(May 19)—Sailed—Laurentian, for New York; Livonian, for Montreal.

convinced that a more certain market for American products adapted to the wants of the country does not exist on this side of the Atlantic than is offered by Algeria. The commerce is controlled by European houses and the most improved farming implements are in increasing demand.
