

MERRY IN SPITE OF WEATHER

Society Talks Manage to Enjoy a Cold, Wet Week Fairly Well.

GOLF AND DANCING LEAD THE LIST

Country Club Members Make the Best of the Disagreeable Conditions—Some Tableaux that Were Enjoyed.

It has been almost too cold and wet for golf of late, but that has not prevented a good attendance at the Country club, and the dark, cool days have afforded an ideal opportunity for the wearing of those smart little silk lined knitted golf jackets that society and the golfers assure one are "pink coats" in spite of their exact match to that shade once known as "pink red."

With the return of the warm weather a new variety of party is being scheduled on the social calendar and, while it includes nothing new in the way of diversion, it has one feature that is an innovation, to the ballroom at least, and that is the shirt-waist, hence the name. This shirtwaist party is by all odds the most popular dance party held at present. Certainly it is the most novel and its novelty consists not alone in the fact that the conventionality of the ballroom has succumbed before the irresistible comfort of it, but even the men have fallen its victim and blossomed out in the daintiest shades of pink and blue-tinted and bepleated blouses.

Unquestionably the event of the week was the pretty affair on Thursday evening given for the benefit of the Parish Aid of Trinity cathedral to which society turned out en masse and fairly crowded Metropolitan hall.

For two weeks or more the young women have devoted much time to the rehearsal of their parts, in spite of the general protest of the masculine portion of society who claim it unjust that so much time should be devoted to an affair in which but one man could participate, but the presentation on Thursday evening brought out only pleasure to all who were privileged to be present and if there was one there whose pleasure was alloyed with envy he found consolation in the fact that the affair was only a tableau after all.
