ABOARD TRAIN, May 29.-The president and members of the cabinet are much gratified at the action of the Cuban constitutional convention yesterday in accepting the Platt amendment. Cuba's acceptance of our terms, however, will not change its status for the present. It must hold an election and establish a government and congress will eventually be allowed to take the final action which will release it from the military control of the United States.

The court-martial of Lieutenant Richard H. Townley for alleged participation in the commissary frauds at Manila began at Cavite today.

Lieutenant Townley in his testimony admitted that he asked a contracting firm to contribute to Captain Reed (formerly depot commissary at Manila) \$2,000 and a percentage on future business toward covering Majo: Davis' shortage. The evidence was that the motive was purely to shield a brother officer.

It is settled that the governing board of Mantla is to consist of an army officer, a Filipino and an American civilian. Major Batson is negotiating with the

# ONE BID FOR HAVANNA JOB

#### Firm Asks Nearly Fourteen Million Dollars to Put in Sewers and Pavements.

HAVANA, May 29 .- Bids for the sewering and paving of Havana were opened today. Only one bid was received and this was from Onderdonk, MacCiellan & Dady of New York. The amount specified was \$13,855,575. The bid was referred to the city engineer, Lieutenant William J. Barden, to be considered by him for three days. It will then be sent to the ayauntiamento.

The bidding firm deposited \$500,000 and will be obliged to deposit \$500,000 additional on the signing of the contract, beside returning to the state the \$250,000 given to Mr. Dady at the time he secured the settlement of his claims arising from a previous contract to sewer and pave Havana.
