Doubtful Position Because of Present Fight.

GRAND RAPIDS, May 31.-The meeting the directors of the Western base ball association did not materialize tonight, but Managers Armour of Dayton and Wilmot of Louisville telegraphed President Meyer to stand by the National league agreement. That left Managers Strobel of Toledo and Ellis of Grand Rapids alone in this fight for Players Turner and Dundon. Ellis refused to give up Dundon and President Meyer stated tonight that he had taken possession of the Grand Rapids franchise and would transfer it probably to Wheeling after the completion of the Teledo series here tomorrow. Ellis has not yet turned over the Memorial day receipts to the league, as Meyer now claims the present series will go as exhibition games and not count in the pennant race. Ellis, it appears, wants to release all his players, which Meyer contends he cannot do. Questions and Answers.

LAKE VIEW, Ia., May 26.—To the Editor of The Bee: The following is left to you to decide: One claims that the sentence. "Two and two is four," is incorrect. He claims that the word "is" is used improperly.—W. H. Scott.

Ans .- The sentence referred to is not complete. It should read: "The sum of two and two is four." Two and two are simply two and two. To make four the integers must be added together. In a colloquial sense, "Two and two is four" is tence being implied.

OMAHA, May 29,—To the Editor of The Bee: Some time ago I noticed in the editorial columns of The Daily Bee a statement to the effect that should the president of the United States cross the border and enter into one of the neighboring countries the duties of the chief executive would devolve upon the vice president. Will you please inform me if there is any act or statute in the laws of the United States to this effect, and, if so, please quote or state where found.—O. M. Nelson.

Ans.—Article II section 1 of the secret.

Ans .- Article ii, section 1 of the constitution of the United States provides that in case of the "removal, death, resignation or inability" of the president, the vice pres ident shall act. If the president be in foreign country he is clearly unable to act as president and the vice president becomes ipse facto president. The contingency has never arisen. By the act of January 19 1896, the congress provided for the presi dential succession in case of the removal death, resignation or disability of president and vice president.
