An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Synup or Figs, manufactured by the CALIFORNIA FIG SYBUP Co., illustrate the value of obtaining the liquid laxa-tive principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxa-tire, cleansing the system effectually, dispelling colds, headaches and fevere gently yet promptly and enabling one to overcome habitual constipation per-manently. Its perfect freedom from every objectionable quality and sub-stance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senns and other aromatic plants, by a method known to the CALIFORNIA FIG STRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

On the 16th inst. he will preach the sermon at the dedication of a new church at Letterkenny, Donegal, his native city. Since coming to this diocese last fall the archbishop has visited nearly every parish, confirmed over 10,000 persons, dedicated three new churches and united his church in a way it has never been united

Many digestive compounds and tablets are recommended to cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fail in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspepsia are caused by indigestion of fate and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is KODOL DYSFEPSIA CURE, which digests what you eat, and has been used with remarkable success, - not a single failure to cure being reported from the many thousands who have used it.

J. E. Peabody, Pitcairn, N. Y., says: "The first dose of Kodol Dyspepsia Cure relieved my son of stomach and heart trouble, and four bottles of it cured him. I heartily recommend it."
