Boone Man Candidate for Committeeman-Anthrax Appears Among Cattle in Northwestern Iowa-Railrond Fever at Knoxville.

(From a Staff Correspondent.)

DES MOINES, June 4.—(Special.)—
In Nothing has yet come of the proposal of the members of the Iowa State Butter and Egg Dealers' association to engage in a war against, the packing houses which have entered the field in Iowa for handling the poultry and egg business. The last meeting over to discussion of this subject. It was reported that because of their superior facilities for handling poultry and eggs the packing companies were driving out local dealers wherever they engaged in business. They have the connection with markets and their own lines of refrigerator cars and are well equipped for doing the business.

The regular retail dealers in butter and eggs threaten to take severe measures to curb the packing companies and call in representatives of the railroads and of the freight lines to help them. But the packing companies, notably Swift and Armour, are preparing to greatly enlarge them. Thus far the association of butter and egg dealers has accomplished nothing in the way of shutting out the packers.

Vengeance of an Ex-Convict. A man who lives in Clinton county, and who has twice served time in the Iowa penitentiary, manifested his tendency to get revenge on a faithful officer, by makng a murderous assault upon the latter Sunday evening in Clinton. The convict is Joe McNeill, formerly a member of the Clinton police force, whose brother was taken from an officer many years ago and hanged. McNeill was first sentenced to the penitentiary for seven years for assault and was pardoned before his time was up Then he got two years for attempting to rob a tailor shop. He was caught in the act by a young man named Briggs, now resident of Des Moines, and a police officer named William Daugherty followed the thief and arrested him.

After his release from the penitentiary he threatened to kill both Daugherty and Briggs. Sunday evening he met Daugherty and commenced firing at him. Daugherty eturned the fire and a hot duel ensued The officer finally arrested his man and took him to the police station, but was so weak from loss of blood that he fainted. McNeill was not injured. The officer has everal wounds and it is not certain that he can recover. He is one of the oldest officers in Clinton and chief of police.

Honest Beer

The first brewery of Jos. Schlitz was a hut, but the beer that was brewed there was honest. That was fifty years ago. Today the magnificent Schlitz brewery forms a monument to that

From the very beginning the main object has been to attain absolute purity. In Schlitz beer pure yeast was first introduced in America. In the Schlitz brewery are all the inventions men have made for protecting beer from impurities.

Schlitz beer is even cooled in filtered air; then it is filtered, then sterilized. It is well aged to avoid the cause of biliousness.

Ask your physician about Schlitz, the beer that made Milwaukee famous.

The "Comstock Process"

is the most successful method for reducing and relieving pain in all kinds of dental operations that has yet been presented to the public. It has been used by leading dentists of the east for nearly two years, and has been pronounced by them to be entirely satisfactory. Our patients are delighted with the results it produces. If you are nervous and your teeth are sensitive we will be pleased to explain it to you.
