CUMMINS LOSES MADISON

County is Won by Conger Men with Big Majority.

THIRD DISTRICT VOTES FOR HARRIMAN

Out of the Six Conventions Cummins Does Not Get a Vote—Iowa Spiritualists Incorporate—Company A to be Reorganized.

(From a Staff Correspondent.)

DES MOINES, June 8.—(Special.)—The result of the republican conventions today puts a different face on the situation in Iowa. For weeks everything has been one way and it looked for a time as if the race was to lose interest because so many counties were instructing for Cummins. He has a long lead over the others, but today the distance was shortened by six conventions out of which Cummins did not get a vote. Up to this morning Madison county was claimed by both the Cummins men and the Conger men, as there were a number of sections to hear from and they might change the result either way. The vote was much closer in the county than anticipated. The Cummins men were confident of an easy victory and the Conger men expected that they would get a big majority.

The names of all the candidates for governor and also Major Conger's name were placed on the ballots voted at the primary. But six votes were cast for any other candidates than Conger and Cummins. The total vote in the county as returned today was: Conger, 1,045; Cummins, 823. The convention was held today and as Conger not only had a clear majority of the votes cast, but a majority of about fifteen of the delegates, the convention was entirely in his favor. This was regarded as an important county, and its loss to Cummins is a serious blow. For several days the fight has been waged in every corner of the county.

The Conger men claim that if they had had time to see the people they would have carried Dallas county the same way, and now they expect to get Warren and Marion, the remaining counties of this district.

Third District for Harriman.

Two conventions were held in the Third district—Dubuque and Blackhawk counties—today, and both were for Harriman for governor. Clarke county instructed for Judge Towner and the delegation is against Cummins. Montgomery county instructed for Herriott and the Cass county delegation is for Herriott, but not instructed. The Greene county primaries today resulted in delegations for Judge Church for supreme court.

The score of the balloting today stands: For Cummins, 378; for Harriman, 99; for Herriott, 48; for Trewin, 40; for Conger, 14; not instructed, 97.

Iowa Spiritualists Incorporate.

The Iowa Association of Spiritualists has incorporated under the Iowa law for the purpose of promoting its religious views. The officers named in the articles of incorporation are: President, G. A. Hinton, Oskaloosa; vice president, John D. Vail, Marshalltown; secretary, Stella A. Fisk, Keokuk; treasurer, Moses Whistler, Delta. The incorporation is authorized to grant charters to subordinate societies in the state, to issue certificates of ordination, send out missionaries and organize societies.

Own Indian Territory Banks.

Three brothers named Dunlap, residents of northern Iowa, are among the most extensive bankers in Indian Territory. They formerly owned 6,000 acres of land in Kossuth county, which they have recently disposed of at large profits. They have established six national banks and two local banks at Holdenville, Madill, Ada, Wynnewood, Sallisaw, Tishomingo, Mill Creek and Henrietta, the combined capital of the banks being $245,000, of which the Iowa people are owners of a controlling interest. Dr. E. S. Dunlap, one of the brothers, this week left Charles City to become a resident of Holdenville.

New Hospital Superintendent.

Dr. C. F. Applegate, assistant superintendent of the insane hospital at Clarinda, who will succeed the late Dr. Hoyt as superintendent at Mount Pleasant, is 36 years old, and has spent twelve years as physician and assistant superintendent at Clarinda. He will take charge at Mount Pleasant at once.

Cures with a Madstone.

A Hardin county farmer, William Brown, has just returned from Ong, Neb., where he took his little daughter, who had been bit by a dog, to visit a man who had a madstone. He was urged to take the child to the Pasteur institute in Chicago, but preferred to take his chances with the madstone, and returns satisfied that a cure has been effected.

A New Company A.

Authority has been given by Governor Shaw for the reorganization of Company A, Fifty-first regiment, in this city, and the old company will be practically mustered out and a new one be put in. This was in response to a general demand in Des Moines that at least one company of the guard be retained here.

Iowa Opticians.

The Iowa Association of Opticians will hold its fourth annual meeting in Des Moines June 12-14. The convention promises to be especially interesting on account of the discussion of proposed legislation which the opticians will strive to have enacted at the coming session of the legislature. They hope to secure the passage of a law establishing a state examining board and making it incumbent upon those who handle optician supplies to pass an examination and hold a certificate. Minnesota has passed a law favorable to the opticians and at present no one is permitted to practice unless he holds a certificate issued by the State Board of Examiners. In Kansas the movement failed. The program will include an address by Walter Bryant of Peoria, the president of the Illinois association; a lecture by Prof. Brown of Chicago, illustrated with a micro-stereopticon, and an address by Harry P. Holmes of Des Moines, president of the Iowa Association of Opticians.

Plans for Geologic Study.

There will be a meeting of the State Geological board immediately after commencement week at the state institutions, in order to map out the summer's work and make the appointments of the assistants to the counties that will be worked. The meeting has been deferred until after commencement week, as President MacLean and President Beardshear are both members of the board and cannot leave so near the close of the year. The meeting will be at the geological rooms at the state house. The date has not been definitely fixed, but it will be as soon after next week as is convenient for all members of the board. A. H. Leonard, the assistant state geologist, said this morning that the geological work will be done this summer in Wapello, Monroe and Jefferson counties of southern Iowa and the only work to be done in the northern part of the state is in Howard county. Wapello and Monroe are regarded as two of the most important counties of the state from the geological standpoint, because of their being coal counties. A special study of the economic resources will be made. About half the state has now been surveyed by counties and the work is being pushed as rapidly as possible.

HARRIMAN GETS DUBUQUE

Twenty-Five Delegates From That County Instructed for Him for Governor.

DUBUQUE, Ia., June 8.—(Special Telegram.)—The Dubuque county republicans this afternoon named twenty-five delegates to the state convention and instructed them for Harriman for governor.

COLDEST IN FIFTY-ONE YEARS

Thirty-Nine Degrees Is the Lowest for Iowa Mercury in Many Junes.

DUBUQUE, Ia., June 8.—A temperature of 39 degrees was reached here today, the lowest June temperature in fifty-one years. The previous low record was 40, in June, 1877.

Teachers Must Know Music.

ONAWA, Ia., June 8.—(Special.)—The Normal teachers' institute of Monona county will be at Onawa, commencing July 29, for a session of two weeks. F. E. Lark, county superintendent, states that teachers whose terms expire in 1901 will be required to take an examination in music in addition to other branches.

Ira D. Reckard, Duncombe, Ia., writes: "My little boy scalded his leg from the knee to the ankle. I used Banner Salve immediately and in three weeks' time it was almost entirely healed. I want to recommend it to every family and advise them to keep Banner Salve on hand, as it is a sure remedy for scalds or any sores."

TO MAKE DOLLARS AT MANILA

Roberts of Denver Says There Are Two Plans for Minting Philippines Coin.

DENVER, June 8.—The Times today published an interview with George E. Roberts, director of the mint, regarding the proposition for the establishment of a mint at Manila.

"I have heard nothing about the matter since the adjournment of congress," said Mr. Roberts, "but I know that it is receiving the attention of the War department, which is obtaining all the information possible on the subject. Army officers seem to favor the establishment of a mint at Manila, and an effort to substitute American coinage for the Mexican now in general use. There is considerable opposition to this proposition, however, as it is certain that any attempt to push the American dollar and redeem it in gold would precipitate commercial disturbances that might result in disaster. Secretary Gage is opposed to it and I am inclined to think that this plan will not be adopted.

"Two plans have been proposed. The first of these is to establish a free mint at Manila for the making of a Philippine dollar interchangeable with the Mexican dollar and redeemable at a fixed price in gold. Under this plan producers of silver would sell their product to establishments having trade relations with the east, which would have it coined at the Manila mint and put in circulation. This is the plan adopted by the British government, which coins an Indian dollar which is circulated from the Straits settlement and has so far been successful in competing with the Mexican dollar and the rupee.

"The second plan is to coin a 'token dollar' about the size of the Mexican dollar with enough less silver to prevent it from going to the melting pot or out of the country, interchangeable with the Mexican dollar and redeemable in gold equally with Mexican coin."

LULU KENNEDY BREAKSDOWN

Is Carried Crying and Sobbing Convulsively from the Court Room.

GIVES WAY AT MENTION OF HER BROTHER

Miss Litchfield Testifies as to Bert Prince's Assertion Directly After the Murder—Court Adjourns on Account of Prisoner.

KANSAS CITY, June 8.—Lulu Prince-Kennedy cried convulsively in the court room this morning when a witness testified to having seen the prisoner's favorite brother, Bert Prince, a few minutes after the killing of Kennedy. Mrs. Kennedy was removed from the room in an effort to quiet her. She sobbed aloud and finally collapsed. Unable to proceed with the trial, Judge Wofford ordered an adjournment till Monday morning, and the prisoner, moaning and crying aloud, was carried bodily across the corridor to her cell. This was the first real sign of a breakdown the prisoner has displayed since the killing in January last, the cool attitude and careless bearing she has shown having completely puzzled the officers who have had her in their care.

Miss Bertie Litchfield, a former schoolmate of Bert Prince, was on the stand, resuming her testimony of yesterday. Yesterday she told of Prince being in the Ridge building at the time of the murder and of his conversation with her at the time. The defense had objected to this conversation being related and Judge Wofford reserved his decision until today, announcing this mornin, that the state would be permitted to give the testimony.

Theory of Conspiracy.

The theory of the state is that Bert Prince, together with his brother Will and his father, C. W. Prince, all of whom are awaiting trial on a charge of complicity in the murder, had conspired with Mrs. Kennedy to kill Kennedy and that the male members of the family were present in the building watching the different entrances to prevent his escape. Miss Litchfield today testified to having seen Bert Prince on the floor above Kennedy's office a moment after the shooting.

"I told him," said Miss Litchfield, "that I had been down stairs and that someone had been heard shooting. Bert said, 'Lulu did it; she gave him what was coming to him. He didn't treat her right and she fixed him."

At this point Mrs. Kennedy gave way to a fit of crying and was taken from the room. Bert Prince, who is a traveling musician, has since Mrs. Kennedy's incarceration done more apparently than any other member of the family to make the prisoner's situation bearable, frequently holding concerts in her cell, and Mrs. Kennedy has shown her favoritism for him and keen regret that his name had any connection with the case.

Her Mother Cold Toward Her.

In the court room Mrs. Kennedy occupies a chair at a table with her attorneys, and about her daily are grouped her father, her mother, who visited the prisoner but once since her arrest; her married sister, Mrs. Leor, and the latter's husband. Frequently during a whole session of the court her relatives pay no attention to her. Today when Mrs. Kennedy gave vent to her feelings in sobbing her father tried to quiet her, but Mrs. Prince and Mrs. Leon remained in their seats, making no effort to comfort the woman.

Charles Dittmier testified to Bert Prince's having forecasted the murder. Two days before the murder occurred, Dittmier said, Prince accosted him while reading a newspaper account of Kennedy's suit for annulment of the marriage. Prince had remarked: "You'll read worse than this about him before long."

William T. Hacker told of seeing Mrs. Kennedy and Bert Prince together in the vicinity of Kennedy's office a few hours before the murder, and Clifford Lawson testified to having seen Prince there at about the same time with a woman whom he did not know.

After Mrs. Kennedy had been taken to her cell the jail physician was called and administered a quieting powder. He said her condition was not at all serious and that she would be well enough Monday for the trial to be continued. A deep sleep followed and the prisoner awoke refreshed. Late in the afternoon her brother, Will, who has been unable to furnish the $10,000 bond demanded by Judge Wooford, was released from his cell and permitted to visit his sister for an hour.

There seems no question that the trial will be continued Monday morning, and that it will be rushed, both sides being anxious to get the case into the hands of the jury. Monday last the attorneys predicted that the jury would have the case by this evening. Now the indications are that the trial will last all next week.

Big Salary for Vaudeville Star

Jessie Bartlett Davis is to Receive Over $50,000 a Year.

She has Beautiful Hair. She uses Danderine.

New York, Nov. 28.—For singing four songs twice a day, a total of forty minutes' work, Jessie Bartlett Davis is to receive a salary equal to that of the president of the United States. Read what this distinguished lady says about Danderine:

CHICAGO, June 2, 1900.

Knowlton Danderine Company, City—

Dear Sirs—I must write you this letter because I think every one who works for a result likes to know whether it has been accomplished or not. I want to tell you I can state positively that your DANDERINE is absolutely successful and the best article of its kind on the market today. I speak from personal test. I was losing all my hair and had tried everything advertised, without success, until four weeks ago, when I began with your DANDERINE, and I am so delighted with its success that I could'nt refrain from telling you so; and I want to thank you for your discovery. Very sincerely,

Jessie Bartlett Davis

FIVE MONTHS LATER.

CHICAGO, Nov. 20, 1900.

The Knowlton Danderine Co., 283 Dearborn Street, Chicago—

Gentlemen—I am leaving for New York Thursday morning and cannot go without enough of your splendid hair tonic to last me until I get back, which will be about four months from now. I am now using the last bottle of the lot I ordered from you last July. Can you get it to me at once and greatly oblige, Yours sincerely,

Jessie Bartlett Davis

4740 Grand Boulevard.

Is More Proof of Merit Necessary?

Danderine produces a silky softness, growth and lustre of the hair that youth itself cannot equal. We guarantee that one 25c bottle of it will produce more genuine results than gallons of the various mixtures called dandruff cures and hair tonics with which the market is now flooded. Danderine is highly endorsed and recommended by some of the best known people in the United States, and its sale is ten times larger than all other hair tonics combined, which any druggist will verify. Any druggist in the entire country will return the full price if it is not found exactly as represented. Danderine is guaranteed not to change the natural color of the hair. For sale everywhere, in three sizes,

25 cents, 50 cents and $1.00.
