further request that the assessment he re-viewed and corrected as shall appear to be just in pursuance to the statute in such case made and provided. All of which is respectfully submitted. JOHN C. COWIN, Complainant. Disposition to Correct Conditions. General Cowin's complaint refers only to the franchised corporations, but the members of the Board of Equalization are disposed to review and correct the assessments of the big packing houses, stock yards, smelter and bridges, as well as those of the street railway, gas, water, telephone and electric light companies. All of the members of the board were interviewed by The Bee yesterday and they spoke as follows: Chairman James P. Connolly-When the owner of a \$5,000 house is assessed at \$1,000 the owner of a \$5,000,000 property ought to be assessed at \$1,000,000. There should be absolutely no favoritism in the levying of taxes, and, above all, the big corporations should be made to pay their just and equitable share. I am in favor of raising the assessments of the packing houses, stock yards, bridges, smelter and franchised corporations to the same percentage of actual value at which we assess other property generally. You can put me down as being ready to do that at any time. I know that all of the big corporations are assessed at a ridiculously low figure and I believe it is the duty of the Board of Equalization to

Locomotion is controlled by a screw at the prow and by lateral fins whose mechaniconstruction gives them, when in motion, a stroke analogous to that of a pigeon's wings. Other propellers, placed at the bottom of the craft, are coupled up only when the vessel is on the water.

Pontiac, Ill., took first prize of \$500 in the drill contests, having a percentage of 9 1-40. Rockford, Ill., with 98.9 is second and

takes \$400; Kansas City, with 98.85 takes \$300; Des Moines, 98.5, takes \$200; Rock Island, 111., with 98.05, takes \$87.50; Topeka. Kan., with 98.05, takes \$87.50; Du buque, Ia., with 97%, takes \$50. Othe

teams ranked as follows: Omaha, 97 1-20; Lincoln, Neb., 96 1-5; Omaha, 96; Topeka, Kan., 94 2-34; Kansas City, Mo., 94 3-10; Kalamazoo, Mich., 94.1; Joliet, Ill., 93.94; Duluth, 93%; Kansas City, Mo., 91 9-40; Kansas City, Kan., 90 9-40; St. Joseph. 80 1-5; Elgin, Ill., 88 67-80; Kansas City, Mo., 86 1-5; Lincoln, Neb., 85 19-40; Oelwein, Ia., 76%; Bloomington, Ill., 75; Decatur. Ill., 70%.

The list of competitors in the competition drills sifted down to twenty-five camps out of thirty-nine entered. The contest closed at noon today. Pontiac, the winning camp, attained a mark which equals the best indoor record in Woodmen annals. The heat today made drilling hard work. When

Kansas City camp 1490 filed off the plot. J. Woodcock, a member, fainted from the heat and exertion. The convention adjourned sine die at

A REAL PROPERTY OF THE REAL PR

Increase is Inevitable.

Commissioner Henry E. Ostrom-The total county assessment has been decreasing instead of increasing from year to year, and at the same time the county has been getting deeper and deeper into the mire and \$100,000 of unpaid bills against the county that should have been paid out of the taxes for the several years last past. We are limited to a levy of 15 mills for general purposes, and while we have gone to that limit we have been unable to raise Capen of Tuft college stated this evening enough money to pay the running expenses that E. N. Conger of lows, United States of the county, because the assessments have minister to China, who has accepted an been inadequate. The result is that we invitation to attend the commencement ex- have an overlap of debt for current expenses and it is increasing every year. It is only a question of a year or two when this debt will have to be taken care of by IS BOUGHT FOR STEEL TRUST Issuing refunding bonds, unless we raise the valuation of taxable property. I am in favor of raising the valuation now, and I think the franchise corporations and other big institutions which are assessed at only from 2 to 5 per cent of their actual valuation are the ones to be increased. I believe it is entirely proper to bring their assessments up so as to add \$2,000,000 to the total valuation of the county. Such an increase would give us an additional \$30,000 a year for general purposes and that would crease in the floating debt. With the running expenses cared for, we could economize so as to save enough within two or three years to wipe out the floating debt without

resorting to an issue of bonds. Commissioners Must Act.

Commissioner A. C. Harto-We all know that the packing houses, franchised corporations, amelter, bridges and stock yards are not assessed equitably with other proptend the quarto-centennial celebration of erty, and I think it is about time to cor-Colorado statehood. August 21, and the rect the evil. The county debt is increas-Rough Riders' reunion, which occurs at the ing and the assessed valuation of taxable property is decreasing. This is not as it should be. The trouble is that the assessors are controlled by the corporations. believe the commissioners sitting as a Board of Equalization have the right and ought to invite the corporations which have not been assessed at 16 per cent of their actual values to appear and show some reason, if they have any, why their assessments should not be raised. I don't think it is necessary for other property owners to complain in order that the board

may take this matter up. I am convinced
