Commission Houses and Local Shorts Bid July Oats Up Above Yesterday's High Price-Provisions Close Higher.

CHICAGO, June 18.—Lower cables, reports of fine crop weather, an increase in the visible supply and stories of damage by rains in Kansas put the wheat market in a variety of moods, today and the July option closed unchanged. July corn closed is 6% higher, July oats unchanged and provisions from 7½ to 20c U.:

Duliness prevailed during the early part of the session, though there was considerable trade later. Wheat opened is 1½ clower at 70½ tor July on depressed cables and continuation of conditions favorable to the growing crop. Covering by shorts caused an advance to 70½ the high point of the day. Bradstreet's statement of the world's visible supply was a disappointment to bulls, showing 12,000 bu, increase instead of a large decrease, and under free offerings the market declined to 60½ Cood shipping demand, together with reports of too much rain in Kansas, brought about a raily toward the close and final figures for July were firm and unchanged at 70½ Twenty loads were reported taken for export, and seaboard clearances were 484,000 bu, compared with 427,000 bu, a year ago. Minneapolis and Duluth reported 313 cars, against 330 last week and 311 a year ago. Local receipts were 124 cars, four of contract grade.

The corn pit was quiet, with a noticeable absence of selling orders. The market was CHICAGO, June 18.-Lower cables, re-

contract grade.

The corn pit was quiet, with a noticeable absence of selling orders. The market was firm and slightly higher most of the session on account of the small receipts of contract quality. While weather was generally auspicious, the growth and appearance of the plant, according to general reports from the country, left much to be desired, and there was nothing encouraging enough in the prospect for the next crop to offset the effect of the present small supply. July ranged between 42c and 43%c, closing 1/40%c improved and steady at 43%4043%c, Local receipts were 23d cars, four of contract

Oats were active and received considerable

Oats were active and received considerable support from the interests which were the best sellers yesterday. It looked like unexpected weakness at the opening, but commission houses and local shorts soon bid July up a fraction over yesterday's high line. Crop advices were bad, rust being common. It looks as if local long interests have accumulated a large line of July. July had a narrow range, selling between 28c at the opening and 28%c, closing steady and unchanged at 28%c.

An active and eager demand for lard gave the provision market a strong tone, carrying up prices of pork and ribs to a strong close. Buying of lard was on such a scale that shorts took alarm and helped by their purchases to swell the price as well as the volume of trading. July pork ranged between \$8.60 and \$8.70, closing 20c higher at the latter figure; July lard ranged between \$8.60 and \$8.70, closing at \$8.70, 150 174c higher; July ribs ranged between \$8.60 and \$8.70 closing at the latter with a gain of 74670c.

Estimated receipts tomorrow: Wheat, 40 cars; corn, 175 cars; oats, 125 cars; hogs, 29.000 head.

The leading futures ranged as follows:

MOVEMENTS IN STOCKS AND BONDS. Market Influenced by Doubt Surround-

Market influenced by Doubt Surrounding 5t. Paul Deal.

NEW YORK, June 18.—The pressure to sell stocks was effectual in breaking through resistance in the market today and carrying the general level of prices to a materially lower basis. There were a few spots of strength persisting and there were occasional successful efforts to check the decline which resulted in rallies, by driving the room shorts to cover. The closing was quite active and weak. The most potent influence in the market was the state of doubt engendered as to the real status of the much discussed St. Paul deal. Investigation by some independent authorities elicited the information that negotiations were in progress for bringing St. Paul within the scope of the community of interest working out in the western railroad world, but many of the specific assertions which have been set affoat by the very large cooperations, were stripped to pieces. The most important of these was in the assertion that 4 per cent bonds were to be offered for St. Paul at the equivalent of 200, Today's version of the project carried it no further than an effort to secure the cooperation of the Morgan-Hill holdings in St. Paul with the Harriman-Kuhn-Loeb holdings in exchange for co-operation of the holdings of the latter interest with those of the former in Northern Pacific. The holdings of the Morgan-Hill syndicate in St. Paul dating back to the efforts to secure control previous to the parchase of Burillington are known to be large. Another well defined rumor had it that a bitch had occurred in the contract alleged to have been made to sell a large block of St. Paul stock to the Union Pacific. St. Paul declined nearly 5 points as a result of these rumor and Union Pacific about 2 and closed within a small fraction of the lowest of the former in Northern Pacific about 2 and closed within a small fraction of the lowest of the project carried it of the project carried it of the project carried it of the project carries of the project carried it of the project carried it of

on the last call.

The Commercial Advertiser's London financial cablegram says: A general exodus to the Ascot race thinned the attendance on the floor of the Stock exchange here. The tone of the stock market was firm and even the American department, that has of late shown life in otherwise lifeless trading was dull. Prices sagged from the opening, in the absence of support, Atchison. St. Paul and Union Pacific being particularly dull. There was, however, buying in of Northern Pacific. Canadian rallway stocks were flat in the beginning of the strike. Consols were exceptionally firm on the purchase of 300,000 and a reduction in the Berlin bank rate. It is thought possible that the Bank of France may follow with a reduced rate soon. Money here is plentiful, despite the payment of 500,500 consols. The Bank of England has bought £5,000 gold in Australia and £30,000 in Egypt. Bar silver is 27% an ounce on American sales. Exchange on Paris. 20.35½; on Berlin, 20.37½.

Coffee Market.

NEW YORK, June 18.—COFFEE—Spot Rio, dull. No. 7, invoice, sc. Mild, quiet; Cordova, \$4,3123c. Higher prices followed a lower opening in coffee today. The market started steady in tone, unchanged to 5 points lower, and for the rest of the forenoon was narrow under disappointing foreign market news, heavier port receipts in Brazil and slack demand for spot coffee. Late in the session several prominent traders became prominent buyers of fall months and rumor had it that the metal clique was buying for a pronounced advance. Shorts turned for cover, and the combined support thus brought out sent prices up 5 points, with the market finally firm and net unchanged to 5 points higher. Total sales were 33,350 bags, including June at 5c; July, 565.65c; August, 5.65c; September, 5.1566-20c; October, 5.2065-35c; November, 5.25c; December, 5.356-40c; May, 5.606.56c. Coffee Market.

NEW YORK, June 18.—OILS—Cottonseed, steady, prime crude, nominal; prime yellow, 35c. Petroleum, dull, Rosin, quiet; strained, common to good, \$1.424-\$\foatilde{u}\$1.45. Turpentine, 37637-\$\foatilde{u}\$c. DISCUSS

Meeting of Western Senators and Engineers to Be at Cheyenne

June 20.

CHEYENNE, Wyo., June 18 .- (Special.)-

The meeting of western state engineers,

which wil be held here next Thursday,

and federal laws will be discussed, and

the engineers will probably unite on some plan of action with reference to same. Among those that have signified their intention of attending the meeting are: State Engineer A. Dobson of Nebraska,

State Engineer A. J. McCune and Assistant John E. Field of Colorado, State Engineer

A. F. Doremus of Utah and State Engineer

D. W. Ross of Idaho. The meeting will

probably be presided over by State Engineer

The adjourned meeting of senators and

the arid west. Senators Warren and Clark and Representative Mondell of Wyoming will be here, as will also the Nebraska, Utah, Colorado, Idaho, Kansas, New Mexico

This meeting has been called for the pur-

ose of discussing the irrigation problem.

land leasing, fencing and other matters of

importance to the states in the Rocky

Open Fine Body of Ore.

GRAND ENCAMPMENT, Wyo., June 18.

-(Special.)-A fine body of copper ore has been opened up on Green mountain by B. W. Sweet and others. The vein has been

traced from the apex down the side of the hill for 450 feet, where a tunnel has been driven. The vein, which is a true fissure. is solidly in place all the way down the

mountain and the owners believe the mine

LETS BRAKEMEN COME IN

Supreme Lodge Knights of Honor at Milwaukee Votes for Their Admission.

MILWAUKEE, June 18 .- Consideration of reports of the committee on good of the order constituted the work of the supreme lodge, Knights of Honor, today. By unantmous vote freight brakemen were exempted from the prohibited occupations and henceforth will be eligible for admission to the order.

Crops Make Good Showing. SUTTON, Neb., June 18.—(Special.)—The showery weather in this region has put winter wheat in excellent shape. The oats crop has been revived and corn and cane are looking well.

leish Will Have Exhibit. ST. LOUIS. June 18.—Steps toward forming a permanent organization to arrange an Irish exhibition for the Louislana Furchase exposition has been taken at the meeting of the Irish National World's Fair association. The committee on mode and proceedure, which was appointed at a former meeting, made an extensive report, in which it recommended that \$600,700 be raised by subscription among Irishmen throughout the world for the exhibition.

Dedicate Minnesota Building. BUFFALO, June 18.—The Minnesota state building at the Pan-American grounds was dedicated today. Governor Van Sant, with his staff, the Second battailon of the First Minnesota regiment, many members of the Minnesota Editorial association with their families, and many citzens of that statewere present. A light rain was falling, but this did not prevent the crowding of they Temple of Music, where the dedicatory exercises were held.

Not to Contest Huntington's Will. SAN FRANCISCO. June is Princess Hatzfeldt, the Examiner says, has no intention of contesting the will of the late Collis P Huntington. In an interview published this morning the princess is credited with saying that she has no intention of instituting legal proceedings against the heirs of the ratificad magnate's will. Princess Hatzfeld, who is the adopted daughter of Collis P. Huntington, is visiting her mother in Sacramento.

Loss on Salina Ice Plant. SALINA, Kan., June 18.—The loss on the Kansas Ice and Cold Storage company's plant, destroyed by fire last night, was today placed at \$150,000, baif on the building and half on contents. Insurance, \$100,000, The plant was one of the largest of its kind in the southwest. The plant made ice for most of the towns from Salina to the Colorado line along the Union Pacific, Missouri-Pacific and Salina & Oakley roads.
