

JOHNSON BUYS HIS OWN LAND

Grizzled Veteran of Border Warfare Makes His Title Secure.

FIFTY YEARS OF HARDSHIP LEAVE TRACES

Frontiersman Tells of Days When Life Depended on a Quick Hand on the Trigger—"Squaw Man" Loses His Prey.

A quaint, grizzled little man, well past the scriptural allotment of years, went into the Union Pacific land office yesterday to buy the section upon which he had squatted in 1852. It was "Bill" Johnson, who has survived a half-century of frontier life in the northwest. He has a formidable record as an Indian fighter and man of law in a district constantly invaded by cattle rustlers and other desperadoes.

Boys His Homestead.

In the heart of the wild country in the extreme western part of Wyoming, within a day's walk of both Idaho and Utah, "Bill" Johnson settled in 1853. On the banks of the Green river, to which he gave its name, Johnson spent his first night hiding in a thick bunch of tamarisks, fifty miles from any white man. There he stayed, and he still lives on the same spot, but now he is compelled to buy his plot of ground to prevent its going to some other man. Years after his arrival it became a part of the Union Pacific land grant, and in Wyoming those lands are now being sold.

DR. HANCHETT IS AT HOME

Returns from Medical Convention at Richfield Springs, Near New York City.

Dr. W. H. Hanchett returned yesterday from New York, where he attended the American Institute of Homeopathy, the oldest national medical organization in the world, and the national society of the homeopathic school. He reports an unusually profitable meeting. The papers, all of the highest scientific character, were indicative of progressive thought, and greater advancement was shown than at any previous meeting of the body.

OWNERS MUST FOOT BILL

Sixteenth Street Freeholders Finally Show Disposition to Petition for the Improvement.

"The members of the council are agreed that North Sixteenth street must be repaired by the owners of abutting property. I understand that persons who own property along the street have identified a willingness to sign a petition for the improvement and it is likely that steps will be taken at once to put the paving in good condition," said President Myron D. Karr of the city council.

CAUSE OF FALLING HAIR.

Dandruff, which is a germ disease—Kill the Germ. Falling hair is caused by dandruff, which is a germ disease. The germ is burrowing in to the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair by curing the dandruff and you can't cure the dandruff without killing the dandruff germ.

BAT YOUR EYES

If you see that some object is going to strike you, you always BAT YOUR EYES. You know you have time to think it out that you must do so, don't you? WHY, CERTAINLY! You have time to think of a man nature—SELF PROTECTION. If you find on comparing the following prices with what you have been paying, that you are being "held up" by your neighborhood druggist, you will again see that great law and so where you can get new goods at right prices—like these:

On the lines of the MILWAUKEE RAILWAY are some of the most beautiful places in the world to spend a summer vacation, camping out or at the elegant summer hotels. Boating, fishing, beautiful lakes and streams and cool weather.

COOL-HEADED IS THIS LAD

Ten-Year-Old Robert Bundy Has a Narrow Escape from Death.

Little Robert Bundy has been near death, although he scoffs at the idea. He is 10 years of age, and small for it, but yesterday morning he showed a nerve and a presence of mind which would do credit to anyone.

Shortly before noon the fire alarm sounded and Robert, who was standing on the corner of Fourteenth and Douglas streets, ran hastily into the street to see which direction the engines took.

The street corner was crowded, and all saw the lad's danger. A general cry of warning went up, and the driver pulled back on his lines frantically. But it was too late, and there was a groan of terror and pity as the wagon tongue struck the boy squarely in the shoulder and sent him sprawling flat on the pavement in front of the horses.

It all happened in a few seconds, and a score of hands were extended to help the boy to his feet, but he did the trick for himself.

Allen Halverson of West Prairie, Wis., says: "People come ten miles to buy Foley's Kidney Cure, while J. A. Spere of Helmer, Ind., says: 'It is the medical wonder of the age.'"

DR. HANCHETT IS AT HOME

Returns from Medical Convention at Richfield Springs, Near New York City.

Dr. W. H. Hanchett returned yesterday from New York, where he attended the American Institute of Homeopathy, the oldest national medical organization in the world, and the national society of the homeopathic school.

The meetings were held at Richfield Springs, a resort in the Catskill mountains, a short distance from New York City.

"The weather was very warm," said the doctor, "and many New York people were already occupying their summer homes there. On my way home I visited the Buffalo exposition, and I am glad to say that Omaha has nothing to regret from a comparison. The Transmississippi equalled the Pan-American in every respect, with the possible exception of the electric lighting.

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to thank you for the benefit of others that I was a sufferer from lumbago and kidney trouble and all the remedies I took gave me no relief. I was induced to try Foley's Kidney Cure, and after the use of three bottles I am cured."

STOP HEADACHE.

In 10 minutes you can stop any kind of a headache if you take Shrader's 10 Minute Headache Powder. No other powder will do this. Shrader's is the only one in the world, for this reason, it dilates the arteries and veins and liberates the gas in the stomach, for it is a dry effervescent. It may be your headache are caused by poison in the stomach, that prevents the proper functions to act. There is only one way for this and that is to remove the poison.

ANNUAL MAD DOG FRIGHT

Poundmaster's Force is Kept Busy Looking After Diseased Canines.

The days of cauterization and mad-stones have come. Hourly reports of mad dogs are sent to John Laughland, city poundmaster, and he and his assistants have abandoned dogcatching temporarily and are kept busy looking up dogs which are supposed to be suffering with rabies.

At Twelfth and Davenport streets the dogcatcher found a bull pup which was frothing at the mouth and had been snapping at other dogs. It had also bit a little girl. The dog was killed at once and the child's wound was cauterized.

Another dog supposed to be mad was killed at Thirty-second and Cass streets. At Tenth and Pacific streets a St. Bernard which was frothing at the mouth and acting strangely was shot. So far there has been no trouble with the dogs which are confined to the city pound.

The police department has also been called upon to kill dogs which were supposed to be suffering with rabies. Many of the dogs which have been shot were pets that were killed at the requests of owners.

"Lack of water has not been the cause of the diseased condition of dogs we have been called upon to kill," said Poundmaster Laughland. "In many cases the dogs belonged in good homes and were well cared for."
