Wheat Strong and Steady Despite Short Selling.

CORN OPENS FIRM ON HIGHER CABLES

Onta Enjoy Fair Trade and Close One-Eighth to Quarter Higher-Provisions Dull and Close

Wenk,

CHICAGO, June 26.—Higher cables and good export demand were mainly responsible for the strength in the wheat market today, and although there was considerable short selling, prices held steady. September closing firm with a rain of %@½c. September corn closed ½c higher and oats was %@¼c higher, while provisions closed 5@lice

ber corn closed 'ac nigher aim oats was sagisch ligher, while provisions closed 5970c. Wheat opened quiet and a shade higher on cables. The trading was nearly all on local account. The early strength was not of long continuance, the break coming when local commission houses with southwestern connections began selling as hedges against the purchases of new crop. Longs all sold freely. The strength later in the day was due to a good export demand and covering by shorts. September opened '43%c higher at 65%c, but dropped to 55%c soon after the opening. Toward the close the market rallied on active buying by shorts, at one time the price being 55%d57c, the close was firm and 3½c higher at 55%c. Scaboard reported twenty-one boatloads taken. Clearances of wheat and flour were equal to 514.65 hushels. Primary receipts. 499.000 bushels, egainst 432.000 bushels last week and 427.000 a year ago. Minneapolis and Duluth reported 153 cars received, compared with 252 a week ago. Local receipts were twenty-nine cars, one of contract grade.

The opening in corn was firm on higher cables, but before the session was far advanced a weakness developed, caused by selling on orders for outside account. In sympathy with wheat and on covering by shorts, a raily occurred toward the end of the session and the close was firm. September sold between 41½ and 45c, closing is higher at 44½ 45c. Clearances were 12,523 bushels, with twenty boatloads reported taken for export. Primary receipts were 384,214 bushels, against 359,000 bushels last week and 1,889,000 a year ago. Local receipts were 155 cars, with thirteen cars of contract grade.

There was a fair trade in oats and the opening was steady and a shade higher than yesterday's close. Commission houses sold freely on the advance and a reaction set in. Toward the close the market became firmer in sympathy with wheat and the close was firm and 12,027a. Clearances were 27,705 bushels and the local receipts were eighty-eight cars.

Provisions were dull and there was an almost complete absence of buying orders. The opening was iower on large receipts of hogs and on commission house selling the price weakened slightly, but reacted on strength in grains. The closing was weak. NEW YORK, June 26.—The sentiment reflected by the changes in stock prices underwent an astonishing number of mutations today, considering the small volume of the trading and string the small volume of the trading and string the small volume of the trading and string these was paipably soft, notwithstanding these was paipably soft, notwithstanding these volumes of the interval against any disturbance of prices. The advances caused in that way were met by considerable selling orders by the element which professed to expect further trouble. The trading took on the tone of the recent market and consideration turned to the situation of the money market. The money rate stiffened to about 6 per cent and increased offerings came on the market was also that of the greatest activity. The flurry in money rates was exactly what had been anticipated for two weeks past and what is a usual incident of the last week in June on account of the large accumulations necessary to provide for dividend and interest disbursements. This week optimistic hope has hinged on the probability of the repayment to the market of some large borrowings of the syndicates and railway companies. Possibly yeaterday's disturbance to credit, slight though it was, had its effect in the shifting of loans which occurred to-day and which precipitated the sprinkle of liquidation owing to the difficulty of securing new accommodation. The decline in prices was most pronounced in St. Paul. The latter part of the day was taken up by a general but desultory recovery. Not a few of the most important stocks where lifted well above last night's level, while the larger number railled to that level. The close was dull but firm. The reaction in the money rate and the favorable progress in the stock exchange settlements in London mancial cablegram says: The stock market was full, but prices in the stock exchange settlement in London was not buying prices generally crumbled away from the gold was from lack of such as a suc Union Pacific.

Young Assumes Command July 1. San Francisco, June 26.—General Samuel B. Young, who is to succeed Major General Shafter in the command of the Department of California, has arrived in this city from the east, accompanied by his daughter. He will assume command July I and will then take up his residence at Black Point, occupying the residence where General Shafter has so long been living. General Young says there will be no change in the personnel of the department at present with the exception of sides, who form the personal staff of the general. General Young will have for his aides Captain H. P. Howard, Thirteenth cavalry; Captain W. R. Smedberg, late of the Fourth cavalry, and Lieutenant James F. McKinley of the Sixth cavalry. Lieutenant McKinley is a nephew of the president.

Yale Oarsmen in Good Trim. Yale Oarsmen in Good Trim.

GALES FERRY, Conn., June 26.—Yale's oarsmen who will figure in tomorrox's races were in the best of spirits today. The coaches declare all the men physically fit, the staleness which followed the strenuous effort of the four-mile race against time last week having passel away. All the 'varsity men look well and their action in the big boat has steadily improved during the week. The practice of the morning was mainly a limbering process, consisting of a few racing starts only for each of the crews. The freshmen pulled their usual strong stroke with Miller at bow, where he will undoubtedly row in the race.

Depew Sails for Europe NEW YORK, June 25.—Senator Chauncey M. Depew sailed for Europe today. He said he expected to return in time to take part in the New York mayoralty campaign in the fall. Joliet Plant Closes.

JOLIET, Ill., June 28.—A strike of ma-chinists at the Bates Machine company's works here resulted in the closing of the entire plant. Two hundred and fifty are out. Attempts at settlement have proved Lehigh Valley Men Go Out. PITTSTON, Pa., June 26.—Two hundred machinists are on strike at the Coxton yards of the Lehigh Valley Railroad company. Pickets from the strikers ranks patrol the shops.

Packers seemed to want the cattle that were offered, and the good to choice kinds did not sell so much different from yesterday. In some cases sales were made that looked steady, while others were undoubtedly a shade lower. The medium grades and common stuff sold unevenly lower, though 5e or 10c would about cover the

though 5c or 19c would about cover the decline in nearly all cases. As compared with last Friday choice grades are steady to a dime lower, and medium grades will average about 15c lower. As compared with the high time choice cattle are very close to steady, and certainly not over a dime lower, but the medium to common kinds are 25@35c lower, and in some cases kinds are 25@35c lower, and in some cases more.

Until today the cow market has held up in good shape this week, but buyers succeeded in pounding down values considerably today. The choicest bunches were not so much lower, but anything but the very best could be quoted 10@ifsc lower. Sellers did not like to take off to that extent, and as a resuit it was a slow, draggy market from start to finish.

Choice heavyweight buils were close to steady, but common kinds were slow and lower. Veal calves did not show much change and stags were weak to a dime lower.

There were only a few stockers and feeders in the yards, and anything at all desirable sold in practically yesterday's notches. Representative sales:

HOGS—There was a fairly liberal run of hogs here today, and as advices from other points were unfavorable to the selling interests, packers started in here bidding a nickel lower or \$27\forall\_{2}\$c lower than yesterday. In other words, they took off nearly all they put on yesterday. In the morning packers went around and picked up the bottom grades at \$6.92\forall\_{2}\$ and \$5.95, top \$6.02\forall\_{2}\$. The market was not particularly active owing to the fact that sellers did not like to take off that much. The feeling, however, did not improve as the morning advanced and that was about the way the bulk of the sales went. Later on in the day packers did not want to pay over \$5.92\forall\_{2}\$ for the general run of hogs and for the lighter weights they were bidding \$5.90. \$62.50 3 cows

the lighter weights they were bidding \$5.90.

The close of the market was very slow and weak and it took good hogs on the last end to bring over \$5.90. Representative

Sellers were slow about cutting loose at lower prices, but they finally took off about a dime. The western grass wethers that sold yesterday for \$3.25 brought \$3.15 today and other sales were made that also looked just about a dime lower. Lambs did not show so much change from yesterday, though the market was slow. A string sold at \$4.55 which looked just about steady with yesterday.

> SUITS PUZZLE MR. OSGOOD President of Colorado Fuel Company

Ignorant of Atlantic Trust Company's Grievance.

NEW YORK, June 26.-Subpoenaes were served this afternoon on John C. Osgood, president of the Colorado Fuel and Iron company, in two suits brought by the Atlantic Trust company. There was no complaint filed in either suit as both are suits at law. In one suit the damages are placed at \$100,000 and in the other \$225,000. At the office of counsel for the Atlantic Trust company all information was refused, counsel saying that it was a suit in which only the parties concerned had any interest and that the public was not concerned in any way, Mr. Osgood said he did not know what the suits were about and the only surmise he could make was that they were suits growing out of the liquidation of the White Breast Fuel company of Colorado, of which the Atlantic Trust company was a mortgage trustee, and in which Mr. Osgood said he was interested.

Agree Upon Wage Scale.

CLEVELAND, June 26 .- As the result of a conference between the American Tin Plate company and representatives of the American Tin Workers' Protective association, which has been in session here for several days, a wage scale has finally been agreed upon and signed by the conferees. It is understood the new scale gives the workmen an advance of about 7 per cent. The men asked for a 10 per cent increase. The new scale will affect about 30,000 workmen and will go into effect July 1.

Banks Pay Debit Balances.

NEW YORK, June 26.—Edward R. Thomas, the newly elected president of the Seventh National bank, took charge of the institution today. William N. Kimbali, who retired from the presidency of the bank, will remain on the bank's directorate and will continue to take an active interest in its affairs.

At 11:30 it was announced that all the banks having debit balances at the clearing house paid them today.

More Reading Men Strike.

READING. Pa., June 25.—Thirty additional Reading railway shopmen struck today, while six endeavored to return to work, but were refused employment. During the day at the various meetings of the unions represented in the company's system the men were counseled to remain away from company property and observe temperate habits. It is said that the company in anticipation of trouble with the trainmen, has placed extra men on many of the trains. Bryan Leaves Watertown.

WATERTOWN, N. Y., June 28.—W. Bryan left here early today for Clayto meeting Mrs. Bryan and family on boat the steamer at the point and with the going down the St. Lawrence river
