#### NIAGARA TO THE SEA.

Famous and Much Traveled Trip for Summer.

"NIAGARA TO THE SEA." To the unfittiated this may seem rather vague, but turn should anyone he desirous of knowing omething of the heauties of the most wonderful scenic trip on the continent, if they will write to the Richelieu & Ontario Navgation company of Montreal, that company vill be most pleased to forward them iliustrated booklets and folders descriptive of this trip, which embraces a sail on their steamers through Lake Ontario, thence the St. Lawrence river through the picturesque scenery of the 1,000 Islands (America's Venice), the exciting descent of the marvellous rapids to Montreal, where connection is made with the Richelieu company's palatial steamers for a trip to quaint old Quebec. After a night's sail and on the approach to Quebec in the morning, a magnificent panorama may be seen by the tourist from the decks of the steamers. The rugged and steep cliffs, made famous by

General Wolfe's historic climb during the struggle between France and Britain for the possession of the key to Canada, first omes into view, and at the very pinnacle of these cliffs the antique but majestic forts crown the heights, then as the steamer approaches the landing, many a quaint and curious building fairly reveiing historci association are to be seen,

On landing at Quebec transfer is im-

mediately made for a trip down the lower St. Lawrence to Murray bay and Tadonsac at which points two magnificent hotels have been erected for the convenience and comfort of the American tourists. These hote's are owned and operated by the Richelleu & Ontario Navigation company and are luxurious in all their appointments and are very popular with tourists from all parts of United States and Canada. The Peruna steamer then proceeds up the famous Saguenay river, whose magnificent capes, amongst which are "Trinity" and "Eternity." together with the falls, mountains, Mennen's Talcum Powder etc., and peculiar atmosphere (which is a combination of mountain and sea air), for knee, heel and toe; sizes 5 to 91/2, only 150 the restoration of health has no equal, make this one of the most delightful trips.

> continent. On the return journey one may have the pleasure of exploring the many interesting places in the cities of Quebec and Montrea before returning to their homes.
