Information that is Valuable

We note from remarks made by many of our customers who bring prescriptions to be filled, that the general opinion of the public is that a prescription, when filled, belongs to the DRUGGISTS who filled it; in our opinion (AND WE HAVE AN OPINION, WHETHER SOME PEOPLE WANTS US TO HAVE OR NOT) this is wrong. We consider that a prescription belongs to the party who paid THE PHYSICAN FOR WRITING IT, and we wish it destinctly understood that ANY ONE HAVING A PRESCRIPTION filled here, is PERFECTLY welcome to their PRESCRIPTION after we have filled it, and they have paid us for filling it. We are not afraid that you will take it some place else and get it filled cheaper next time; nay, nay, Pauline; go where you like, and when you get tired GOING SOME PLACE ELSE we will still be doing business at 16th and Chicago and the new postoffice is still two blocks SOUTH OF US. There are good and bad fountains, tidy and untidy operators. Some of the fountains look very handsome in their marble and silver plated fittings, but the syrup cans and other features screened from public view are not so inviting. Lots of the cans are never cleaned from the beginning of the senson to the end. A dozen fountains examined by a newspaper reporter for his paper, reported that could the smiling customer have seen the inside of the fountain before which they sat, their glass of seda would have been left untouched. IF YOU COULD ONLY SEE INSIDE! Our new South CENTURY FOUNTAIN needs no inside inspection.
