line flannels and chevrons—worth up to  
twenty dollars—reduced to—

**\$9.90**

## AFFAIRS AT SOUTH OMAHA

**Twenty-Fourth Street Residents Complain  
of Sewer Nuisance.**

**PLAN TO HAVE J STREET HILL REMOVED**

**Tax Commissioner Fitzgerald is Still  
at Work on the Delinquent Lists of  
Former Years—Magic City  
News in General.**

Residents of the vicinity of Twenty-fourth and E streets say that the sewer, which is now bridged over the gully at that point, has become a nuisance and its existence is dangerous to the health of the community.

This sewer pipe was established about a year ago at quite an expense to the city. For a long time just how the pipe to rest upon the old ravine, which is about forty feet deep and 100 feet wide, was an unsolvable problem in the minds of both the city engineer and the contractors. Finally a plan was hit upon to fill in the place with dirt and allow the pipe to rest upon such support. However, it was in the fall when this decision was reached and before the gully could be filled in and the pipe laid the frost had secured quite a hold on everything and no allowance for shrinkage was made.

The result is very apparent to those who live in that vicinity. The ground, which was dumped into the excavation, has settled down until the sewer pipe, which is open to view, has assumed the form of a siphon and in this form is supposed to carry off the refuse which is poured into the different separate sewers leading to it.

City Engineer Beal said yesterday when asked concerning the sewer that the work was not done to suit him and that he expressed his disapproval at the time. J. E. Riley of Omaha was the contractor and Mr. Beal claims that at the time dirt was dumped in there and the piping laid he expressed the opinion that as soon as a spring thaw would come the ground would settle down to a considerable extent and the spring rains would wash it away.

If this was Mr. Beal's prediction it has been fully verified, as the city will, in all probability, have to have the ravine refilled this year in order to keep the sewer pipes from breaking apart.

Mr. Beal further said that the sewer must

**POND'S EXTRACT**  
Invigorates the Muscles  
After Exercise and  
Relieves Fatigue

Caution: Which Hazel is not Pond's Extract but an imitation of it. Refuse the weak, watery Witch Hazel preparation represented to be "the same as" Pond's Extract. They generally contain "wood alcohol" which irritates the skin and, taken internally, is a deadly poison. Genuine Pond's Extract is sold only in sealed bottles enclosed in buff wrappers.

## TIED UP BY INJUNCTION

**Charles Karbach Seeks to Enjoin the Repairing of North Sixteenth Street.**

**BEGINS PROCEEDINGS IN THE COURTS**

**Plaintiff Sets Forth that Paving Contract is Void and that the Board of Public Works Lacks Authority—Hearing July 25.**

No repairing will be done on the Sixteenth street asphalt paving until after July 25.

Charles Karbach brought action in the district court yesterday to restrain the Board of Public Works from repairing the paving on Sixteenth between Douglas and Izard streets. Judge Estelle granted a temporary restraining order, which will be in force until July 25, the date set for the hearing on the application for permanent injunction.

The plaintiff sets forth the fact in his petition that he is a taxpayer in the city of Omaha. He brings action against Andrew Rosewater, John N. Westberg and R. B. Carter, members of the Board of Public Works, City Comptroller John N. Westberg and City Treasurer A. H. Hennings to prevent them from carrying out the contract which the board is said to have entered into with the Grant Paving company.

It is maintained in the petition that the paving repair contract is void because of the failure of the Board of Public Works to comply with the provisions of the law. The city comptroller did not certify that there was money to pay for the proposed repairs, and the plaintiff urges that funds are lacking for the carrying out of the alleged contract.

Mr. Karbach sets forth the claim that the action of the city council, when it pretended to approve the contract, was void on account of the failure of the Board of Public Works to take the proper preliminary steps.

Mr. Karbach explains in his petition that the paving on Sixteenth street was laid thirteen years ago and has been kept in repair at great expense to the city. Ten years, he asserts, is the natural life of asphalt paving. The defects in the paving are described at length. It is pointed out that in many places the asphalt surfacing has worn out completely and the concrete base has been so badly damaged that it must be replaced.

It is charged by the plaintiff that the repairing of the Sixteenth street paving will be nothing short of repaving the street and the council is charged with attempting to repave the street under the cover of a repair contract and charge the expense to the city at large.

As a taxpayer Mr. Karbach objects to any such procedure and maintains that it is a discrimination in favor of the persons who own valuable property along Sixteenth street.

The city treasurer and city comptroller were made parties to the suit, that no order for money under the Grant Paving company's contract may be approved by the comptroller and that no money may be paid out by the treasurer.

## DISCRIMINATION IN FAVOR OF THE PERSONS WHO OWN VALUABLE PROPERTY ALONG SIXTEENTH STREET.

The city treasurer and city comptroller were made parties to the suit, that no order for money under the Grant Paving company's contract may be approved by the comptroller and that no money may be paid out by the treasurer.

The Board of Public Works expected to order the asphalt repairing on Sixteenth street yesterday. Shortly before the board met, however, notice of the restraining order granted by Judge Estelle was served upon City Engineer Rosewater and City Comptroller John N. Westberg. This prevented the board from ordering the repairs.

Mr. Rosewater reported that a careful examination of the paving on Sixteenth between Douglas and Izard streets showed that it could be repaired for \$4,500.

L. H. Parker was appointed sewer inspector to take the place of John Hoye, who was suspended.

**MRS. MARY GREGOVICH.**

Of Phillipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregovich of Phillipsburg, Mont., under date of November 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terrible, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Phillipsburg, and the doctor strongly recommended it to me. After three or four applications my hair stopped falling out and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am not quite cured." Kill the dandruff germ with Herpicide.

**KARBACH HAS NO OFFICE**

Judge Estelle Disposes of Application for Injunction Against Police Board.

Oscar Karbach, who has been drawing pay from the city for acting as Bertillon officer in the police department, is without a job according to a ruling made by Judge Estelle yesterday morning.

Several weeks ago Chief Donahue filed charges against Karbach with the Board of Fire and Police Commissioners and asked for his removal from office. Karbach went into court, denying the jurisdiction of the fire and police board to try and determine the charges against him and seeking an injunction to restrain it from acting in the case.

Judge Estelle yesterday denied the application for an injunction on the ground that the mayor and council never created the office. Karbach is filing and there is no such office. The court therefore could not enjoin the fire and police board from removing a man from an office that does not exist.

**BLUEBERRIES AND SMALLPOX**  
Queer Combination Comes to Western Market from Michigan Fields.

There has for several days been an absence of blueberries on the markets of the towns in the west, and now that their sale has been resumed, everyone who is aware of the reason for the temporary stoppage of shipments walks on the other side of the street when they see a box of blueberries displayed.

Up in Michigan, the land where the blueberries grow for the west, the noble red man and his patient squaw pick the fruit and sell it to the shippers. A week ago or so such a matter one of the agents who has away over one of the tribes of berry-pick-

## ING INDIANS, FOUND THAT SOME OF HIS CHARGES WERE VERY ILL AND UPON EXAMINATION FOUND THAT THEY WERE AFFECTED WITH SMALLPOX.

This caused the quarantine of the reservation and no berries were to be had for sale or shipment.

After a week's delay the berries came back upon the markets of the cities of the west, but no one can tell whether they were picked by the Indians or whether an army of immune pickers has been imported into the district. The berries are here and the housewives are buying something else.
