Harold H., the favorite, won the 2:11 class pace in straight heats, although Martha Marshall and Pussy Willow gave him a warm tussle

The Consolation Merchants' and Manufacturers' stake for the 2:24 class trotters was won by Belle Kuser after Porto Rico and Poindexter had each taken a heat. Porto Rico, who was the favorite, started off in the lead in the last heat, with Belle Kuser second. At the three-quarter post she passed him and was an easy winner in

The fifth race, the 2:12 class trot, was a battle of Onward blood between Cornella Belle, a bay mare by Onward, and Phoebe Onward, by the same sire. Phoebe broke in the first heat and gave it to Cornelia Belle. Phoebe got the pole from Cornelia Belle in the second and held it to the half, when Cornelia again took the lead and won handily. CHICAGO. July 18.—The Washington Park meeting: the most brilliant in its history, will come to a close this week, with the running of the Wheeler handicap as the star feature. This event is at one and one-quarter miles, the same as the great Brooklyn and Suburban handicaps of the east, and is almost as valuable as either of those events, as the added money this year is \$7.500. This field is remarkably well balanced and bookmakers predict tonight that 5 to 1 will be obtainable on any horse in the race. It is rather singular that the two star jockeys at the track. Bullman and Winkfield, are both too heavy for the horses they are scheduled to ride, but the owners of The Unknown and Star Chamber will let their animals carry overweight in order to secure the services of the boys. Bullman today was unable to ride lower than 195, but it is thought he will be able to come down to 10; tomorrow, if not lower. Winkfield can rice at 105 or 106.

Women's Day at Bundes Festival.

SAN FRANCISCO, July 19.—Today was ladies' day at the National Bundes Shooting festival at Shell Mound park. There was an open-air concert, followed at night by a ball and a pyrotechnic display. It is generally conceded that Adolph Stecker of this city, who has the phenomenal score of 334 points on the King target, will be crowned "Schuetzen Koenig." No attempt was made to equal his score. Most of the shooting was done for the lesser prizes of the King target. Today's shooting was brisk and while no records were broken the scores were all good.

W. W. Yeager of Pueblo, Colo., scored 66 on the honorary target.

Other scores on the honorary target were. B. M. Pope, Massanchusetts, 53; F. P. Schuster, San Francisco, 53; S. M. Barnes, Grand Junction, Colo., 60; C. M. Henderson, San Francisco, 55.

On the ring target B. M. Pope made a score of 72 out of a possible 75.

National Association Holds Annual Regatta at Philadelphia.

St. Louis, Worcester, Toronto, Philadelphia, Detroit and New York Have to Content Themselves with One Race Each.

PHILADELPHIA, July 19.-Under conditions that could not be improved the first day's races of the twenty-ninth annual regatta of the National Association of Amateur Carsmen were held on the Schuylkill river this afternoon and the initial day's sport was in every way a success Fine weather, a smooth course and probably the largest crowd that has ever witnessed the first day's event of a national regatta here were the inspiring causes of a good day's racing. All the crows seemed to be in fine condition.

Winnipeg carried off the honors, winning two events, while St. Louis, Worcester, Toronto, Philadelphia, Detroit and New York each won one race. The race of the day was that between Detroit and the Vespers of Philadelphia in the senior pairoared event, in which the latter won by a nose. And the surprise of the afternoon was the defeat of the Vesper senior four, composed of members of the world's champion crew, by the St. Louis four. Another fine contest was the final in the intermediate eights, which was captured by the husky crew from Winnipeg. Ten. Eyek and Lewis had no trouble in the senior doubles

All of today's races were at a mile and a half, with a turn, with the exception of the eights, which were rowed straight away for the same distances. In the heats the first two qualified.

Struggle Begins.

In the heats the first event was the first heat in the intermediate eights. Malta took the lead and increased it to caused Malta to ease up and the Canadians caught them. Near the finish Winnipeg spurted and beat Malta a length. In the second heat of the intermediate eights Fairmount forged ahead at the half

Up the course the race was between the Detroit and Philadelphia crews and the latter reached the turning stake a half length in the lead. On the homestretch Detroit caught the Philadelphians and then began a struggle that set the spectators on the shores to cheering. Nip and tuck it was to the finish. Exley and Medley of the champion Paris crew, who were in the Vesper beat, were pulling with might and main land a winner with the margin of two

Bond's Easy Victory.

The first heat of the singles was merely a row over for Bond of Philadelphia and Marsh of the Don club, Toronto. Ferd De Moruello of the Young Men's Gymnastic Rowing club, New Orleans, was entered but could not take part because of illness. Marsh won the race.

The second heat in the association singles was a warm race between Johnstone of Winnipeg and Titus of New York, and that they have no criminal intent any anxiety. Johnstone reached the turn first. Titus turned short and for this was disqualified for the finals. Juvenal was given second place.

Detroit won the first heat in the intermediate doubles, partly through the bad turning at the stake of the New York A. C. The latter reached the turning pair. buoys first, but were so long in getting around that Detroit stole the lead from them and was never headed. The second heat was a row over for Harlem of New | York.

Colonel Haverly has never been president of the United States; he has not even achieved the political distinction of a Chicago alderman, but his name is a household word where that of Grover Cleveland has never been heard. Twenty years back the colonel was a whole theatrical trust in himself; he carried the leases to many of the largest and finest theaters in the country and controlled more road attractions than the ordinary man would be able to keep account of. He was for years the dominating figure in the theatrical world. Colonel Haverly never had a kink put into his prosperity so long as he stuck to the show business exclusively. He has been up and down the financial scale a dozen times, and just at present he is in a fair way to realize his fondest dreams.

"I am on my way out to Deep Creek, Utah," said the colonel at breakfast yesterday morning. "I have ten mining properties there-four gold-bearing, four lead and silver and two copper-and the prospects are that they are about to pan out rich. These properties are 160 miles away from the railroad, but Senator Clarks' new road, which is now building, will run right to them. I have information from my foreman which leads me to believe that I am soon to pull out a stake on this mining proposition.

"I've been dickering in mines for twent winning. I never lost a dollar in the theatrical business, but I've sank thousands in mines. There is a fascination about mining which to me is irresistable. I suppose it is the possibility of immense returns that appeal to my speculative mind."

Locate Jennie Williams, Colored, in the Colorado Metropolis.

Jennie Williams, colored, who three weeks ago "skipped" her bond under which she was held to the district court on a charge of larceny from the person, has been located in Denver, where she is now under arrest. When asked if she would return to Omaha without requisition papers, she denied that she was Jennie Williams and denied all knowledge of the

crime with which she is charged. Yesterday Chief Donahue sent to the chief of police of Denver a photograph of Jennie, taken for the rouge's gallery soon after her arrest here. He says there is no doubt as to her identity. The forfeited bond, which was \$800, was signed by two colored men named Frank Heacock and Lee
