BODY FOUND ON TRACK

Unidentified Young Man Frightfully Mutilated by a Train.

NO MEANS FOUND FOR IDENTIFICATION

Killed on Northwestern Line at Honey Creek - Night Operator Makes the Grievous Find in Early Morning.

An unidentified young man was killed on the Northwestern tracks at Honey Creek in this county early yesterday morning. His body, in a terribly mangled condition, was found by the night operator a short distance north of the Honey Creek station about 5 o'clock in the morning. The body was cut completely in two and it was impossible to tell what train had killed him and whether or not more than one train passed over the body. The body was mangled almost beyond recognition, but it was learned that he was not known in the neighborhood of the accident and it is the suspicion that he was dressed in blue riding on a freight train and fell from the cars under the wheels.

The body was brought to this city and Coroner Treynor was notified. He immediately summoned a jury and the jurors had had a look at the remains the inquest was postponed until today, and the remains were interred last evening in the county lot at Walnut Hill cemetery, the early burial being necessary on account of the terrible condition of the body. There was nothing on the clothing of the deceased to indicate his identity, except that in a little memorandum book was written the name Holla Kenston. Inquiries were made of a family by this name living at 207 North Second street, but the only information elicited was that they knew of families by the same name at Marion and Malvern.

The young man is described as not more than 20 or 21 years of age. His hair was black and he was dressed in a blue suit, tire, wearing overalls, a black and white shirt and a blue-checked coat. It is the intention of the coroner to proceed with the inquest some time today.

Deaths in Council Bluffs.

The funeral of Mrs. Julia Gastrop, who died at St. Bernard's hospital Thursday evening as a result of being prostrated, will take place from the Danish Baptist church at the corner of Seventh avenue and Seventh street at 10 o'clock this morning, conducted by Rev. Mr. Reichbach of Omaha. Burial will take place in Fairview cemetery. Mrs. Nelson of Peru, Ia., a sister of the deceased, is here to attend the funeral.

The death of Mrs. Gastrop is surrounded by peculiarly sad circumstances, and although of lowly estate she is mourned by many who knew the tender side of life. Some years ago she and her husband separated, he taking the two sons and she the one daughter. During this time she had done rough work from house to house throughout the better part of the city and by her faithfulness endeared herself to a remarkable degree and now that the little girl is left without a mother and without a home many of the best families of the city, in remembrance of the faithfulness of the mother, are ready to take her in and do for her. She is at present at the home of J. C. Lange and family on South Seventh street.

Harry Saltzman, 18 years of age, died in the living apartments of his uncle at the rear of the latter's second-hand store at 711 West Broadway at 4 o'clock yesterday morning after an illness of two weeks. Young Saltzman suffered from inflammation of the bowels and when he was taken suddenly worse early yesterday morning the attending physician was called in and the advisability of removal to the hospital and an operation was discussed, but before anything could be done the patient died. Deceased had been in this country but about six months, coming here from Russia. The body was buried at Walnut Hill cemetery according to the Hebrew rites yesterday afternoon.

Gravel roading. A. H. Read, 541 Broad.

Slashes Another's Wheel. The hearing of John Blair, charged with malicious mischief by cutting a tire on Officer Gallagher's bicycle, was concluded in police court yesterday morning and Blair was held to the grand jury. Blair had it in for Detective Weir and it is alleged that he sneaked into the entrance to the police station and seeing a wheel there with a frame colored as Weir's he slashed it and had no doubt that he had gotten even with Weir. Officer Gallagher was so unfortunate as to have a wheel the same color as Weir's and it was his that was slashed.

Real Estate Transfers.

These transfers were filed yesterday in the abstract, title and loan office of J. W. Squire, 101 Pearl street: Frederick H. Shoemaker and wife to P. C. and E. H. Lougee, lot 4, Auditor's subdivision, containing 1.42 acres, Myron L. Ware to Edwin Williams, lot 1, block 2, Bayles & Palmer's add., 70 Iowa Savings and Loan association in trust for M. Hadden, lot 10, block 18, Mullin's subdiv., w. d., containing 1.20 acres. Three transfers, total, \$10,000.

FIRE NARROWLY AVERTED

Explosion Occurs in Basement When Gas Man Reads the Meter.

BALLOON CONTESTS AT THE STATE FAIR

New Rules Printed for Admission to Iowa Bar-Burlington Accountants in School-New Chief Mail Clerk.

(From a Staff Correspondent.)

DRE MOINES, Ia., July 26.—(Special.)—Fire started early this morning in the basement of a store under the Hiad tenement block. An employee of the gas company had gone to the basement to read the gas meter when an explosion occurred, and as the room above was used by a wall paper and paint house the flames spread quickly. Prompt action of the fire department prevented a big fire. There are over 200 persons living in the block and there was a panic among them, as the fire filled the entire block with smoke.

Fear Smallpox in Capitol Building.

There is considerable apprehension with regard to a case of smallpox in a boarding house just across the street from the state capitol. A young man boarding in a house kept by Mrs. Schoonover had been ill for several days, but no physician had been called to attend to the case. Yesterday Joseph McGarran, custodian of the capitol, made complaint to the secretary of the State Board of Health, and an investigation followed which showed that the young man was suffering from smallpox, as much as the patient had been up and about yesterday and frequently came over to the yard of the capitol and mingled freely with a number of statehouse employees, and at least two of the clerks of the capitol have been in the house where the illness occurred. There is a fear that others in the capitol will be taken down. But few cases of smallpox have been reported to the state board from over the state recently, and in Cedar Rapids, where the most serious outbreak has occurred during the past year, it is reported that practically all cases have been cured.

Information for Law Students.

The clerk of the supreme court has printed the new rules adopted for the admission to the bar of law students in Iowa, in order to supply the demand for this information. The rules make a radical departure from former customs. Candidates are admitted to the bar after examination by a commission appointed for that purpose, which commission will hold sittings a law office on the first Tuesday in May and October each year, and the first Thursday in June each year in Iowa City. Examinations must be written and oral. On general educational topics diplomas may be accepted from any reputable college or university. A candidate who has failed to pass examination on the law must examine a second time within three months. To be admitted to the bar one must have pursued law studies at least three years in a law office or three school years in a law school. It is expected that more stringent regulations will reduce the number of new members of the bar in Iowa.

New State Fair Attraction.

The managers of the Iowa state fair have hit upon a novelty for an attraction during the fair, realizing that extra efforts will have to be made to get farmers to attend the fair, and make a successful year. They are preparing to offer prizes for a balloon contest. They will offer prizes for the best balloon ascension, the highest ascension, the longest distance traveled, etc. The contest will be held at a number of leading locations of the country and will attend and enter such a contest, and the only question left now is as to the size of the prizes and the manner of conducting the contest. It is believed this is a novelty for fairs that has not been tried before.

New Railway Mail Chief Clerk.

Since the death of J. R. Dunham, chief clerk in the railway mail service, at Burlington, there has been active competition to secure the place among several Iowa applicants. S. W. Stone of Burlington was regarded as the leading candidate, but it is now announced that the appointment of J. C. Murphy will be made in a few days. Mr. Murphy is a veteran in the service, having been on the road for nearly twenty years. He has a run on the West Liberty-Council Bluffs route over the Rock Island and is a competent man. The salary is \$1,600 a year. He will have about 120 men under his direction.

Railroad Accountants at School.

Since the Hill interests have come into the Burlington system there has been a movement toward a revision of the system of accounting and this week there is being held in Ottumwa a school of instruction for the accountants in Iowa. This is in charge of W. H. Zinke, traveling auditor of the Burlington system. The accountants and clerks are given instruction. Thursday it is desired that the accounts shall be kept. The chief change is that the different branches of the business are to be kept separate, so that the accounts will show what each department is doing separately from the others.

STRUCK BY TEN PIN BALL

Player Makes Wild Throw and Fatally Injures Samuel Johnson of Missouri Valley. The park authorities are considering the advisability of having the park in an effort to save the soil if rain does not come soon. The park is much lower than the street all the way around it and the flooding could be done with no damage to outside property. It is thought that in this way the soil could be saved, but if something of this kind is not done and the drought continues the soil will be easily menaced.

MISSOURI VALLEY, Ia., July 26.—(Special.)—Samuel Johnson died at 4:30 yesterday afternoon as the result of a peculiar accident. While watching a game of ten pins at Lake View, Johnson in a playful slip set a ball, which struck Johnson in the head, fracturing his skull. In falling his head struck upon an iron capspur, inflicting another large wound on the seat of the brain. An operation failed to benefit him. Mr. Johnson was a wife and three children. The body will be buried at Monday.

WAIT FOR OFFICIAL NEWS

State Department Wants Report Concerned that Deadlock in China is Broken. WASHINGTON, July 26.—The authorities here are waiting official confirmation of the latest report from Peking to the effect that a deadlock of the ministers there as to the most serious Chinese problem, the indemnity has been broken. So far Mr. Rockhill has not been heard from, although it is now recalled that in a dispatch received a few days ago he expressed an agreement was in sight.

CARPENTER OF OMAHA TALKS

Addresses Baptist Young People's Union in Chicago on the Churchman in Business. CHICAGO, July 26.—The principal day of the Baptist Young People's convention brought about special occasions to the number of visitors. Campbell Morgan, better known as "Moody's successor," spoke to the general session this afternoon. His address was a confident prophecy of Christian victory, which he said the young people are going to bring about. Mr. Morgan warned young people against the atheism of indifference as the great danger of the age. He said there was a tendency to live without taking God into account. The subject of the evening session in the Coliseum was related closely to what has been chosen as the "Keynote" of the convention. There were three addresses: "The Subjects of the King in Recreation," by Rev. W. J. Williamson of Kansas City; the second on "The Subjects of the King in Business," by Isaac W. Carpenter of Omaha, and the third on "The Subjects of the King in the State," by Rev. G. L. Merrill of Minneapolis. Officers were elected as follows: President, John H. Chapman, Chicago; treasurer, H. R. Clissold, Chicago; recording secretary, W. W. Main, Toronto; conducting secretary, W. W. Weeks, representing the north; W. W. Weeks, representing Canada, and W. W. Gains, representing the south.

NEVADA DESERT TREMBLES

Earthquake Shocks Felt Distinctly and the Highschool Building Cracks Open. SALT LAKE CITY, Utah, July 26.—A section seventy-five miles wide through the Nevada desert from Death Valley as far west as Carlin experienced a series of heavy earthquakes about 2:20 this afternoon. The vibrations generally were from north to south, and at one point they were fully five seconds. At Elko, Nev., the shock was unusually severe. The highschool building, a big new brick edifice, was badly cracked by the violence of the vibrations and other buildings were slightly damaged. The earthquake was followed by heavy rain.

KILLED BY LIGHTNING BOLT

William Parkinson and His Four Horses Struck at the Same Time. SIOUX FALLS, S. D., July 26.—(Special Telegram.)—William Parkinson, a well known farmer living near Benclere, was instantly killed by lightning while harvesting. Four horses he was driving were struck at the same time. Parkinson was 27 years of age and leaves a widow and child. His father and other relatives live in Sioux Falls. It is estimated that the intense heat has killed fully 200 horses in Minnesota today.

BROOKLYN PROPERLY HANDLED

Captain Estate of Spanish Navy Gives Opinion of the Now Famous Loop. NEW YORK, July 26.—Captain Eulate, who commanded the Viscaya at Santiago, in a cable reply to a request from the Journal and Advertiser as to his opinion of Rear Admiral Schley's maneuvers in the battle of Santiago, says: "As a gentleman I can't appreciate any maneuver of the Brooklyn in the battle on July 3 in front of Santiago as an act of cowardice because, although the Brooklyn went to port when the Terpsichore, Admiral Cervera aboard, tried to ram him, and afterward when I, in the Viscaya, also steered toward him, he further fell off 22 degrees. This maneuver, considering the position of the other American ships, which were attacking the Viscaya by the stern and quarter, was a proper one."

REJECTS MRS. KENNEDY'S BOND

Judge Wofford Doesn't Feel that the Two Men Furnishing It Will Do. KANSAS CITY, July 26.—Bond for Lulu Prince Kennedy, under sentence of ten years for the murder of her husband, was refused today by Judge Wofford in the criminal court. The bond had been set at \$10,000 and two business men offered to assume it. Judge Wofford was not satisfied with the security offered.

SIGNS LEGISLATIVE BILLS

Acting Governor Cooper of Hawaii Continues Special Session of Legislature.

HONOLULU, July 19.—(Via San Francisco, July 26.)—Correspondence of the Associated Press.—Acting Governor Cooper has signed both of the appropriation bills passed by the legislature, vetoing but one item, and has issued a proclamation continuing the special session for fourteen days longer to pass other appropriations which he considers necessary. The continuation is distasteful to the home rulers, who want a general extra session. In both houses and senate this morning motions were carried to table the matters received by the executive and a motion to notify the senate that the house was ready to adjourn sine die was carried in the house.

The acting governor in his message asked for the passage of a loan bill and also for a bill to appropriate money for the payment of unpaid bills amounting to about \$5,000. A majority of the home rule members are opposed to taking any action at all, as it is thought that if nothing is done now the executive will be compelled to call a general extra session within a few months.

Governor Cooper's veto was of an appropriation for a site for a hospital for incurables in Honolulu. He vetoed the item on the ground that the appropriation was illegally made. Both houses sustained the veto.

It is a stirring, masterly story, moving in Spain at the time when the followers of Maria Christina and those of Don Carlos were contesting the right of succession to the throne. The hero, Blair, a lovable, and hot-headed young Scotchman, appropriately nicknamed "The Firebrand," becomes involved with two friends in a Carlist plot to abduct the Queen Regent and little Isabella and deliver them into the hands of General Ello, representative of Don Carlos. Concha Cabezon, a charming Spanish girl, through her love for Blair is also drawn into the plot, and gives many striking proofs of a woman's devotion.

At the palace of La Granja, where they had taken refuge from the plague which was devastating the surrounding country, Blair rescues the Queen and her little daughter from the vengeance of a band of gypsies. He afterwards has some thrilling experiences in freeing his royal charges from General Cabrera, a Carlist leader, who is bent on putting them to death. In this rescue he is nobly aided by Concha, his little sweetheart, who rides madly in search of General Ello to secure his help. By accident, however, she arrives at the camp of General Espartaco, Commander-in-Chief of all the Queen's armies, who comes to the relief of Blair and his friends and defeats the Carlists' plans.

Blair resigns his Carlist commission and is accused of being a traitor to the cause. He is rescued from the rack by Concha, whom he afterwards marries. He is finally appointed Governor of Valencia by the Queen in appreciation of his services. "THE FIREBRAND" is all action, and its swiftly crowding situations in, all of which the hero overcomes every obstacle, whether in love or war, hold the interest of the reader to the very last line of the last chapter.
