HOMPSON, BELDEN & Co

Colonel Dyer cried out: "I have the legible writing and against this there is bitpleasure to announce the name of the first ter complaint. It was found, it is stated, that woman to draw a prize, Mattle H. Beal a majority of those applications which were of Wichita, Kan. the height of Woods. Instantly the crowd eaught the humor of the situation and Territory. thousands of throats sent up the shout 'They must get married."

The other first names drawn from the Lawton district follow: Beals, who drew the second number at Third-Winifield S. Laws, Langston, Lawton, works in the Central Telephone office in this city. She came here two

Fourth-Falcon Woodhouse, Eldon, la. Fifth Marvin Hawkins, Wayland, Tex. Sixth-William C. Laid, Fort Worth, Tex-Seventh-Harry T. Foster, agent for Harry E. Harrison, El Reno, Okla. Eighth-Lee A. Stubblefield, Dunbar, attractive girl.

Ninth-Richard H. Wyatt, Henrietta, Tex. Tenth-Charles C. Doss, Shawnee, Okla The eightquaith winner in the Lawton district was Minerva McClintock, aged 25 years, of Oklahoma City. She was married yesterday and by this act forfeits her right to file for a claim. She might have choren a claim near a county seat town worth several thousand dollars.

The drawing will be resumed tomorrow morning at 9 o'clock and it is believed will have been completed by Thursday evening. He deals with the matter broadly and pre-Making History Today.

No public event in recent years in the southwest has attracted so much attention | has advanced from fourth to first place on as this one, the initiation of a new method disposing of government lands. One hundred and sixty-seven thousand persons, each with one chance in thirteen of winning a homestead, watched the event here in reality or at a distance. The drawing took place on a platform built for the purpose in the open air a few blocks from the center of El Reno Situated at the foot of several small hills, which formed a perfect amphitheater, the platform was the cynosure of thousands of eyes. People occupied every inch almost of the space around about and every movement of the government officials on the small space below was watched with the most intense interest.

El Reno yesterday cared for fully 15,000 people and the trains that came in during the night and this morning swelled this crowd to fully double the number. Hun- nographer to Secretary Root to succeed dreds of others are still bound this way. Sunday was spent quietly, but as night came on and the hour for the actual drawing approached men and women, many of whom had waited patiently for months for FAIR, WITH VARIABLE WINDS the event or had come thousands of miles at the last moment to participate, became anxious. Worn out with days of hardships and nights of poor accommodations they were keyed to a high tension, but withal the thousands were cheerful and hopeful. Everyone seemed confident that his would prove the lucky number.

Thousands of others had gone home im mediately after registering, content to await news of the result by telegraph. Hundreds remained awake, walking the streets or vainly gazing at the drawing platform and discussing again and again the merits of a particular claim they intended filing on when their luck in drawing sheald be announced. Many laid down and rie, on the ground under the platform to

sure of an advantageous position when first number should be called out at 9 c'clock or to remain perhaps till 6 p. m., when the last of the 1,000 envelopes to be drawn today should have been picked from the wheels of fortune.

All Ready for Drawing.

The first break of dawn found everyone on the alert and moving with a common impulse toward the all-important point. All had been in readiness for hours. The government clerks finished the task of placing the files of the applicants in envelopes and in tying them in bundles ready to be placed in the wheels and the wheels had

been tested for the last time yesterday

afternoon. It was 11 o'clock when finally ten boys five for the El Reno district and five for the Lawton district, were lined up before the two wheels and awaited the word to winds. draw out the first envelopes from the receptacle. A mighty cheer arose, repeated again and again, and the multitude pushed closer to the platform. Eager, drawn faces watched every movement of those about the wheels and necks were craned to hear the name of the first winner. A moment later when a deputy marshal called loudiy

for order the crowd was stilled instantly. At 9:35 Colonel Dyer, one of the three commissioners, read the president's proclamation relating to the drawing. This finished the envelopes were placed in the wheels, each was turned repeatedly to insure a generous mixing up and then in another moment the drawing was on.

Two Thousand Repeaters.

It was announced today that in tabulating the registration it was apparent that more than two thousand "repeaters" had registered at the various booths, many giving the identical name, address and personal description. All of these were thrown cut and the applicants will not even the one chance they were originally entitled to. It is also reasonably certain that many others registered under different names. They will be ferreted out when filings are made. Besides these it is reported on good authority that the registration office has thrown out hundreds of applications because of il-

Steel Corporation's Proposition for Settlement Will Be Taken Up.

SHAFFER'S OFFICE DOOR KEEPS SWINGING

Association President Has Steady Stream of Callers Who Would Brenk His Pledge Not to Talk of Settlement.

PITTSBURG. July 29.-"The executive mmittee of the Amalgamated association will meet in the headquarters of the organization at 10 o'clock tomorrow, or so oon thereafter as possible, and take up the proposition from the United States Steel workers' strike."

This statement was made today by Secretary Williams of the Amalgamated association. Beyond this he declined to dis-

cuss the strike in any form. The following terms of settlement of the strike and the program for tomorrow come from an authoritative source and can be relied upon in all human probability as the utcome of the meeting of the conferees. The Amalgamated association is to drop entention for the signing of a scale for att mills; all mills are to be "open" mills in the fullest sense of the term; the company is to have the right to place a nonunion man in any plant and keep him there; Then Colonel Dyer illegibly written and which it is presumed in addition to the plants covered by the gave her description as 23 years old and the rules will exclude are from the Lawton expired scale, it is to be signed by the five feet and three inches in height, just district, where most of the homesteaders following: W. DeWees-Wood of McKeceport, Painter, Lindsay and McCutcheon and Clark Mills of Pittsburg and the Monessen plant of the American Steel Hoop company. The question of making the Wellsville sheet plant and the Monessen timplate plant directly covered by the scale is to be settled by the conferees. The Amalgamated association is to have

the privilege of organizing the men in any of the plants. When They Will Meet.

The executive committee of the Amalgamated association will meet at 10 o'clock in the morning and is expected to ratify the AMBASSADOR WHITE ON TRADE provisional terms outlined by the New York

enference. An informal meeting of conferees to represent the three operating companies in the joint conference is to be held at the same time.

The manufacturers' conferees of the last meeting will be in readiness to meet the members. White has made the subject of United Amalgamated men possibly at the Amalgamated headquarters in the Bissell block in the afternoon to sign the scale.

There was no change in the position of the contending forces today. No further attempt was made to start the idle mills and eration today with the same number of there were no accessions to the ranks of mills running as last week. The strikers strikers. An early report that the American Tinplate company was making an effort to start the Demmier plant with nonunion men and that one set of rolls was being operated was afterward explained as being a rumor that started from the fact that the company had some men at work repairing the plant with the expectation that the strike would be settled shortly. This was a busy day for President Shaffer

WASHINGTON, July 29 .- Commissioner of and executive officials of the Amalgamated association. There was a steady stream of callers from early in the morning and innumerable conferences bearing on the proposed settlement of the strike. President Shaffer was firm in his determination not to talk on the strike situation until after the meeting tomorrow.

Colonel G. Watson French and J. F. Tay-Frederick D. Squires, resigned. Mr. lor of the Republic Iron and Steel company Mischler has been discharging the duties of had a lengthy conference with President Shaffer, but the object of their call was not made public. It is said, however, that it had no connection with the strike settlement, but rather with the affairs of the Youngstown company. It was said that the Republic company was in need of a number of skilled men and in search of them. After visit Colonel French and Joseph Arbitration, went into conference with President Shaffer. His visit was in connection with the strike and its probable settlement. What was said, however, was not Mr. Bishop has been actively engaged in was also taken into the meeting. bringing about the last conference between

the strikers and the Steel trust. One of the most apparent facts in the status of the strike 'oday was the determination of the strikers to lose no tion, as they are not official. ground in their struggle while peace negotiations are being conducted. The ground since the strike began and since tion was made public. Our intention was to the police. the opening of the campaign they claim to to keep the entire matter quiet until some-Keesport alone to over 1,500. Accessions to the ranks have also been made in Wellsville, Pitisburg, Allegheny, Mingo

Junction and Riverside, W. Va., With the American Steel Hoop company the change has been one of the most sweeping. Before the strike practically all bu two of the mills were nonunion. At this time all but one of the mills of this company are union and are idle from the strike The situation of the American Tinplate company is well understood. All of the mills of that company are working under union rules excepting the Monessen mill. The story told of this mill is that under the agreement made at the time it was secured by the trust the management of the former officials for a period of five years. This was done in order to prove the value of the patent methods for producing tinplates there. This plant is still running as nonunion and while thirty-six men have been discharged from the plant for embrac ing union principles, Manager Percy Donne claims that the plant is running full and has not been affected by the strike in the least. The mill employs \$00 men.

There remains little doubt but that officials of the United States Steel corporation are now as anxious to have the big strike settled as are the strikers. During the last week a number of conracts intended for and especially let to mills

of the combine were shifted to independent mills, with rush clauses attached. Terms of Settlement a Secret.

Terms of the prospective settlement are being carefully guarded by all parties concerned, but from a source believed to be reliable it is stated that Mr. Morgan proposes to permit the Amalgamated association to continue its union lodges in the mills that were nonunion prior to the strike

strike order. The United States Steel corporation is be permitted to operate all of the mills of the Carnegie Steel company, as they are now operated as well as the big sheet mills at Apollo, Vandergrift and Saltaburg, provided the wages paid shall be on the same basis as in the mills where the union scale

but which went out on President Shaffer's

is signed. There is considerable speculation as to who will take part in the joint peace conference provided the terms as agreed upon at New York are satisfactory to the Amalgamated executive board. This board is composed of nine district vice presidents the three trustees, President Shaffer, Secretary Williams, Assistant Secretary Tight and B. I. Davis, manager of the Amalga mated Journal. The Tinplate company wil probably be represented by Vice President Warner Arms and W. M. Leeds, his assist ant; Veryl Preston, former president of the American Steel Hoop company, and

probably I. W. Jenks, former general mana-

STRIKERS TO DECIDE TODAY general superintendent of the American Sheet Steel company; C. W. Bray, chief engineer of the American Tinplate com the same company, and P. E. can Sheet Steel company, nor John Jarrett,

labor commissioner of the same company

Strikers Remain Vigilant. The strikers in the vicinity of McKeesport spent a night of great vigilance despite the rumors that a truce until Tuesday had been declared between representatives of J. P. Morgan and President Shaffer of the Amalgamated association. The works of was a storm center during the night. Rumors that the mills were to be opened by men trought from the independent mills at Monessen, Pa., brought the strikers to the banks of the Monongahela river, where they remained on watch until long after mid- assistant, F. G. Strickland of Chicago, comnight and then after three rousing cheers pieted the organization they went home. The outburst was caused by a movement on the part of the pipe was brought to light that Eugene fitters and millwrights who have been at Debs, who had headed the social ticket in work fitting up the mills since the strike the last campaign as the party presidenstarted. They finished their work about tial candidate, had been shelved. midnight and sent a message to the mill same time the fact became more and more management asking what they should now apparent that the Chicago faction had lost faithful work and telling them to go dominated the assemblage, practically to home and enjoy a vacation until the the exclusion of the Chicago and other company needed them to start the mills. | del gates. Mr. Debs himself wired his Then they would be sent for. This word was carried to the strikers, who, much the fact of his inability to attend, but gave pleased at this positive evidence that no no excuse. effort would be made to start the mill last night, went home. The strikers assert that an effort was to have been made to open the mills, but yesterday afternoon word was sent from the Pittsburg office that no move should be made until after Tuesday, when a decision of Mr. Morgan and the Amalgamated officials will made known. The welders of the National excitement, followed by a dozen others. He Tube works, who have been ordered to was the representative of the Chicago or sign individual contracts, held a secret Debs faction and a conference was held

meetings on Sunday and took in many new

No effort has been made to start the sheet mill of the Dewees-Wood company at Mc-Keesport. The Wellsville plant was in opare orderly, but still very vigilant and early this morning captured four unknown ne groes claiming to be from Alabama. While they c'aimed to have no knowledge of steel working and to be enroute west, their stories conflicted with the inquiries made by the screet railway men and they were taken across the river to the strikers' camp. The strikers lost four or five men since Saturday. A number of others who signified their intention of returning today, today decided to wait a day or so on the police conference. Manager Brookman declared that he does not believe a settlement will be effected soon and scoffs at the idea that the Wellsville plant will run other than as a nonunion mill.

Names of Men Chosen.

the matter under discussion. Shortly before noon President Shaffer quietly slipped Uribe. out of the office through a rear door and all efforts to locate him have so far been

fruitless. Later Colonel French, vice president of the Republic Iron and Steel company, called at the amalgamated headquarters and was admitted to the inner office, where Presi Bishop, the secretary of the Ohio Board of dent Shaffer and Secretary Bishop were it conference. Colonel French was largely in strumental in settling the McKeesport strike last April and his presence today was regarded as significant. William Coldivulged and will not be. HEAR CUBAN ELECTORAL BILL

Delegates to Constitutional Conven tion Appear for the Rending.

HAVANA, July 29 .- There was a good attendance at today's session of the Cuban constitutional convention when the electoral bill, as drafted by the electoral commission, was submitted.

The measure provides for universal suffrage, but restrictions as to ability to read and write are imposed in the case of officeholders. Governors of provinces and provincial legislators must be of Cuban birth or have been naturalized for a period of eight years. They must be at least 30 years of age. They must title by public decree or have filled office

The same restrictions regarding citizenship are laid upon congressmen, who must be 25 years of age. Senators must be Cuban by birth and \$5 years old.

The president must be a Cuban or nat

uralized. In the latter case, as provided by the constitution, he must have served in the Cuban army for ten years. He must be at least 40 years of age. The same conditions apply to the vice president. Senators shall be elected by provincial legislatures and an equal number of citi zens. One-half of the latter must be Cuban by birth or have been naturalized for period of eight years. They must be a least 25 years of age and must be able to in the province for two years and be among the largest real estate taxpayers. The other half must have professional decree or must have held public office.

Presidential electors shall be Cubans ! birth or have been naturalized for a period of eight years and they must be 30 years

In the provincial legislatures minority representation is provided for, Havana having twenty members. Santa Clara seventeen, Santiago seventeen, Matanzas fifteen, Pinar del Rio twelve and Puerto Principe eight.

Havana will have seventeen congressmer Santiago thirteen, Santa Clara fourteen, Matanzas eight, Pinar del Rio seven an Puerto Priticipe eight. Four senators shall represent each province

Havana will have twenty-one presidential electors, Santiago seventeen, Santa Rio eleven and Puerto Principe eight, The project provides for two elections At the first will be elected governors of

provinces, provincial legislators and senatorial electors. At the second, to be held eight days later, congressmen and presidential electors will be chosen. Thirty days after the second election the presidential electers will meet in Santa Clara to elect the presi
