SHAW DECIDES NOT TO GO

Lieutenant Governor Millman Will Review the Troops at Dubuque.

IDENTITY REMAINS UNKNOWN

Name of Man Killed on Northwestern Tracks is Undiscovered.

CUMMINS GIVES OUT LIST OF DELEGATES

Intense Heat Damages Buildings in Des Moines—Great Western Asks for More Right-of-Way—Roosmussen Case is Appealed.

(From a Staff Correspondent.)

DES MOINES, July 29.—(Special.)—Governor Leslie M. Shaw decided at the last moment not to go to Dubuque to review the troops of the Forty-ninth and Fiftieth regiments at Camp Henderson, but inasmuch as arrangements have been made for Lieutenant Governor Millman to go to do the reviewing and the governor was busy at his desk he left it to the lieutenant governor. Millman is an old soldier. The review took place today. Colonel Olmsted, inspector-general of the guard, returned this morning from Dubuque. He reports that no camp was ever better in the tropics than the one at Dubuque the last week. It was impossible to have drills and about all that was done was to march the men out to the drill grounds and back again. The field maneuvers were well done, however, and proved an attractive feature of the camp. There was a large attendance at the camp and Colonel Olmsted reports there was less of drinking and rowdiness than in some other years. Camp will break up tomorrow morning.

Delegates Named.

A. B. Cummins, candidate for governor, today gave out the list of delegates he has selected from Polk county to the republican state convention at Cedar Rapids. He was authorized to name the delegates to a county convention held the first week in May, but he has not named his delegates until today. Following are the delegates, sixty-four in all:

Lafe Young, George H. Carr, Isaac Brandt, T. A. Chesire, J. G. Berryhill, C. W. Stewart, John MacVicar, Ole O. Roe, Carroll Wright, E. G. Pratt, J. C. Loper, C. B. McKay, John McKay, Charles A. VanVleck, James A. Howe, F. E. Haley, J. M. Brenton, John S. McQuiston, John McLennan, H. M. Rollins, J. C. Tate, J. E. Stout, Dr. F. J. Will, A. E. Shipley, L. K. Wynn, W. V. Wilcox, A. A. Brewer, Charles S. Worth, W. B. Hanes, Charles Ivory, Carl L. Olson, L. M. Lohm, S. G. Magdon, Frank L. Butler, Caleb Johns, A. T. Roddy, J. G. Temple, E. H. Farren, P. E. Malley, John P. Cook, C. B. Osborn, W. W. Hart, James M. Colburn, Philip Berggren, Gil Crabtree, F. C. Copeland, E. J. Ellison, Tilghman Howard, C. C. Roosmussen, S. J. Byers.

Heat Damages Buildings.

The intense heat of last week had a serious effect on some of the business blocks in Des Moines. The expansion of girders in the building occupied by Younkers' store on the corner of Second and Grand streets, and it fell to the sidewalk, a distance of 100 feet. The stone weighed nearly 600 pounds. Fortunately no one was near when the accident occurred. A hasty examination was made to see if other parts of the building were in danger of falling, but this proved to be the case. The examination of several other blocks in the city showed damage by expansion of the girders in like manner.

Cases Appealed.

The case of Ole Roosmussen against the Eastern Building and Loan association has been appealed from Pottawattamie county to Judge Smith and today appellant's attorney and argument were filed. The case was decided in favor of plaintiff and the company now acts up to the law of the state determined according to the laws of New York governing building and loan associations. What is involved are certain shares of stock in the company. The case of Elizabeth Field against the same company was also appealed. It was not determined according to the laws of New York governing building and loan associations. What is involved are certain shares of stock in the company. The case of P. Gill against R. B. and J. A. Chandler from Lincoln county was filed by Judge Preston, who contends that he was not served with notice of appeal and that the case was never presented to the supreme court properly.

More Right-of-Way.

The railroad commissioners go tomorrow to Alta Vista, Chickasaw county, to consider an application of the Great Western for permission to condemn for additional right-of-way. The company places a special car at the disposal of the commission here to go to Alta Vista, but the members went from their respective homes. Dr. Henry E. Talbot was today reappointed by Governor Shaw a member of the veterinary examining board of the state.

Reports on Rain.

The reports to the weather bureau on the rainfall of the latter part of last week and Sunday show that the drought was broken all over the state. On Saturday and Sunday the aggregate of rainfall at different points was: Forest City, 3.45 inches; Osceola, 2.42; Dubuque, 2.06; Harlan City, 1.82; Cedar Rapids, 1.46; Ogden, 1.39; Waterloo, 1.27; Waterloo, 1.29; Iowa Falls, 1.25; Maquoketa, 1.09; Marshalltown, 1.07; Davenport, 1.09; Sioux City, .98; Des Moines, .72; Keosauqua, .67; and Iowa City, .41.

INJURED BY HORSEPLAY

Soldier is Badly Hurt by Being Tossed in a Blanket at Camp.

OTTUMWA, July 29.—(Special.)—As a result of being tossed in a blanket at Dubuque, Corporal Arthur Armstrong of Company G of this city is confined to a cot on Clarence street with a broken collar bone. He arrived home from Dubuque last evening and will be laid up for the last few days. He received for some time. One of the commanding officers noticed the deed and instantly commanded the boys to stop. They dropped the blanket from underneath Armstrong, letting him fall a distance of twenty-five feet. He struck on his head and shoulders on the hard ground and was rendered unconscious. In which state he remained until Friday morning. He was able to be moved later in the day and was sent home, arriving here on the late Milwaukee train.

Sullivan Offered Management.

CEDAR FALLS, Ia., July 29.—(Special.)—The general management of the Manchester & Oneida railroad in Delaware county has been tendered to John L. Sullivan of this city, at present en route for the Chicago-Great Western railway.

BATCH OF DAMAGE CLAIMS

City is Confronted with Many Requests to Call and Settle.

Perhaps as a result of the recent demonstration of generosity in the Lock case, the city council last night found itself confronted by a great batch of personal injury and other claims for damage on the streets.

Ernest March wanted \$2,300, but offered to settle for \$500. He alleges personal injury February 6 last in a broken ankle by a fall on an icy walk.

George S. Wittmer said he was injured on a defective walk on Fourth avenue between Sixteenth and Seventeenth streets May 5, 1901, and he wanted \$500. In his case a recommendation carried that he be granted \$50 in settlement and this is the only case in which favorable action was taken.

Charles Leffert wanted \$30 for a horse which he said was badly injured by getting its foot caught in a hole in the main street bridge that it had to be killed.

R. G. Fleming asked \$2,200 for injuries received at Elliott and Howard streets January 15, 1901.

J. V. Sandowski's claim was that he was injured on a defective walk on Seventh street between Fourth and Fifth avenues July 1 last. His claim was for \$500. John Walker related in his petition that he was injured while driving over a defective culvert at the intersection of Avenue G and Twelfth street on the 3d of March. He wanted \$5,000.

The matter of refunding the special improvement bonds was postponed in order to let the city attorney have time to incorporate an amendment that the city may have the right of payment after ten years.

A resolution ordering many new sidewalks was passed.

Action on the proposition to make a boulevard of Avenue B was deferred.

Thomas Bowman and Jack Greenfields asked that the \$10,000 bond put up by the Bluff City Gas company a year ago be released. The matter was referred to the committee on fire and lights and the city attorney and city electrician.

It was decided not to change the paving ordered on Glen avenue to a concrete base and it was ordered done as contracted for, with two courses of brick.

THINK THEY'VE STRUCK OIL

Residents of South Fourth Street Have Hopes of Great Fortunes.

The smell of coal oil on and around the premises at 1012 South Fourth street has excited the residents of that neighborhood into the suspicion that they are about to become immensely wealthy by means of oil wells on their property. The smell, according to the story, comes from an old well on the premises named. The well was filled some time ago, but it is related that the same persists in boiling up and the smell comes from it. It is not remembered that years ago the water taken from the well was so oily that it couldn't be used.

Book Agent May Go Free.

W. J. Farquharson, the book agent who was arrested last Saturday on complaint of F. C. Van de Sande, who is employed by the same firm, will likely be discharged when his case comes on for hearing in Justice Ferrier's court today. This is for the reason that Van de Sande has decided to prosecute, because Farquharson has promised to repay the alleged shortage from his earnings. Van de Sande does this notwithstanding the fact that he claims that further investigations show that the shortage charged to Farquharson is greater than the twenty-five volumes at \$5 a volume, for the library of which he was arrested.

DOUBLE VISION GLASSES

Glass comfort depends in a great measure upon accuracy in frame adjustment. Doubly so in bi-focal or double vision glasses.

Here a fraction variation in the fit of a frame may bring annoyance.

Much of our trouble in wearing glasses is due to inaccurate frame fitting.

Our double vision lenses give perfect satisfaction for both near and distant vision, while our frames never pinch, pull or hurt.

FOR PRESIDENTS' AGREEMENT

Chairman of Transcontinental Passenger Association Takes Action Against Commission.

CHICAGO, July 29.—The chairman of the Transcontinental Passenger association today took steps to thwart what is considered a serious menace to the maintenance of the "presidents' agreement" to pay no commissions on ticket sales.

The Pacific Mail, the Occidental and the Oriental and the Toyo Kisen Kaisha Steamship companies have issued a circular offering commissions to railroad agents selling tickets over their lines. To nullify this general passenger agents whose roads are members of the Transcontinental association were ordered today to see that these circulars were not distributed to ticket agents under them.

Engagement to Meet.

CHICAGO, July 29.—A meeting of general baggage agents of western roads has been called to be held in Chicago August 9. The object is to draft an agreement for the uniform handling of baggage. The agreement when drafted will be submitted for ratification to the Western Passenger association.

World's Oldest Traveling Man.

ST. JOSEPH, Mo., July 29.—Thomas D. Skinner who, in point of years of continuous service, is the oldest traveling man in the world, will tomorrow celebrate the fiftieth anniversary of his wedding. He is 70 years old and has been selling goods since he was 14. The couple were married in Ogdensburg, N. Y. They are vigorous in health and are the parents of eight children.
