ORDER YACHTS TO SAIL AGAIN

Judges Anger Cadillae Supporters by Withholding What Seems Their Victory.

CHICAGO, July 29.—Cadillae won the seventh trial race today, beating lilinois by one minute, five seconds over a twenty-one mile course. At the conclusion of the race the judges announced that they considered the results so far obtained indecisive and ordered three more races. This announcement was disagreeable to the Detroit centingent. clously this afternoon, with fair weather, a good crowd and some excellent racing. The 2.14 pace was the first race on the program and thirteen sidewheelers answered the bell. Martha Marshall, driven by Andy McDoweil, was installed favorite at 25 to 20 for the field. Captain Sphinx won the first heat in a drive from Winfield Stratton and Martha Marshall. The favorite took the next two heats, pacing the second in 2.07%, reducing her record a full second. In the fourth and fifth heats she caused trouble while scoring and got away badly each time, giving Nouamie and Shecan a chance for a heat aplece. Only the four-heat winners appeared for the sixth heat and Martha Marshall procession over the course. The last leg was a run to windward and on this, as has been the case in former races, illinois proved the better boat in windward work. and Shecan a chance for a heat aplece.
Only the four-heat winners appeared for the sixth heat and Martha Marshall stepped to the front at once and kept her position to the wire, though hard pressed by Shecan in the stretch.
The 2:23 trot was a disappointment in that it had only four starters. Country Jay, who was second to Eleata at both Detroit and Cleveland, was looked upon as a sure winner. He sold for \$50 in the pools to \$25 for the field, but May Allen, an Indianapolis mare, took his measure, outtrotting him and winning three straight heats.
The last race was a gift to Dan Patch, the handsome son of old Joe Patchen, who diptoed his field and was never forced to go to the top of his speed. Results:

The judges refused to withdraw from their decision and it was announced for Commodore Shaw that he would not again sail his boat. He however, agreed to give it over into the hands of the judges in case the latter wanted to take charge of the boat and sail it in further trials against Illinois. CONSTITUTION MUST

lumbia and Independence Will Have a Trial.

NEWPORT, R. I., July 29 .- Columbia to day defeated Constitution, boat for boat in a splendid race by two minutes and fifty four seconds and won the \$1,000 cup pre sented by Colonel John Jacob Astor. The victory was decisive and convincing. The behavior of Constitution, on the

whole, was disappointing in the extreme

and this evening Mr. Duncan announced that his boat would not take part in further races until its rig had been altered. He declared that Constitution was not doing itself justice; that it is not going well and that there is no use in racing it further until it is put in proper shape. Constitution will not participate in the Newport racing events of Thursday and Saturday of this week as a competitor of Independence, Columbia, however, has been entered for these races and will sail against the Boston boat. Constitution will go to Bristol at once to have the alterations made. If this change in the plans of Constitution does not prevent the next races in which it will start will take place over the Newport course on August 12 and 14. The regatta will be under the auspices of

the New York Yacht club. In one of these races the cup offered by Sir Thomas Lipton will be sailed for. The regular trial races for the purpose of selecting the defender of the America's cup will be held here on August 31 and September 1 and 3.

The wind today never exceeded thirteen knots and, although there was a long roll of the sea setting in from the southwest. When the conference finally adjourned it the water was by no means rough. In was announced that the first of the extra fact, Newport cathoats took it quite kindly races, which was scheduled for tomorrow, with a single reef in their mainsails. The with a single reef in their mainsails. The course was a total distance of thirty-eight nautical miles. The wind was north by east at the start and north northeast at the finish. It started with a force of about nine knots when the preparatory gun was fired and, freshening gradually as the race proceeded, it attained a strength of thirteen or fourteen knots when Columbia was greeted as the winner.

Squarely Defeated.

It is not easy for the best friends of Constitution to make plausible excuses for its most palpable defeat. It was beaten fairly and squarely on its merits. Running almost dead before the wind on the CLEVELAND, July 29.—Tom Jenkins won two out of three falls from Charles Wittmer of Cleveland at League park toitself and Columbia and it looked as though it would have a long lead in the run down the wind. So long as the wind continued light it had it all its own way, but when the wind freshened Columbia slowly but surely overhauled and when they got to the first mark was only a few

As the two 90-footers rounded the Block Island mark Constitution had the weather berth, but did not keep it long. Instead of a beat to windward the beat to the second mark resolved itself into a very long leg on the port tack with a couple of short hitches on the starboard stretch. Columbia covered this long leg three minutes and nineteen seconds faster than the new boat. This settled the race, for Constitution was unable to cut down

lead on the short run home and so the yachts finished. In the private class for sloops and yawls in which there was an extra prize for the vawls that sailed, given by the single stick ers and for the sloops, presented by the owners of the yawls, the entries were the yawl Navahoe and the sloops, in class I Hester, Eelin, Isolde and Senta. Of these

Eelin was the victor. The schooners, all in one class, were represented by the flagship Corona, Quisetta and Elmina. Elmina won the \$500 cup for schooners, beating Corona.

The Boston boat, Independence, started over the course about a mile ahead of the racers. It tackled them to leeward off the Block Island mark and did windward work similar to that of the racers. But at no time did it show any great speed: The summary for the leaders follows
