CARROLLTON, Miss., Aug. 2 .- The air has been rife with rumors of additional lynchings all day, but in each case these reports have been without foundation. A posse of men are scouring the country in an effort to apprehend several negroes suspected of complicity in the murder of Mr. and Mrs. Taliaferro on Tuesday night last, but up to 9 o'clock tonight no arrests have been made. The only persons lynched in connection with the murder were the three negroes, full details of which were sent in these dispatches last night. Sheriff Woodall stated tonight that he had released all negro witnesses and that no further trouble was anticipated. The town tonight is quiet.

# FIRE RECORD.

#### Immense Loss for Hammond.

CHICAGO, Aug. 2 .- Hammend, Ind., was threatened with destruction today by a fire that consumed three large manufacturing plants and caused a loss of over \$100,000 before it was under control. The plants destroyed were the Simplex Railway Appliance company, the Western Rawhide Tanning company and the Hammond Buggy company. A broken oil pipe in a furnace in the Simplex factory started the blaze and the flames soon got beyond control of the local fire department. Assistance was sent from Kensington and South Chicago and the combined efforts of these villages prevented any further spread of the fire until the wind shifted from the east to the northcast, carrying the flames away from the surrounding buildings. Over 500 workmen will be thrown out of employment.

#### Boeckeler Lumber Company.

ST. LOUIS, Aug. 2 .- Fire in the yards of the Boeckeler Lumber company this afternoon destroyed property valued at \$50,000. Owing to the long drouth, which had thoroughly dried the lumber, and to the central location of the fire in a large lumber district, a general conflagration was feared for a time and a general alarm was sounded. Two firemen were overcome by the heat.

### Drummond Box Company.

Orders Reward Paid.

Governor Shaw today ordered the reward paid in the case of the Wolverton arrest stroyed. in Nebraska several years ago. Mary Gil-

filian was found murdered at the Burlington water tank in Osceola, Ia., December 26, 1876, and Joe Wolverton, who had been keeping company with her, was suspected of the crime. He suddenly disappeared, and a reward of \$250 was offered by Clarke

county, and later a reward of equal

ton. The county reward was divided between the postmaster at Mynard and the

sheriff of Clarke county, after expenses were paid. The state reward has been in controversy as the sheriff of Cass county claimed it all. Today Governor Shaw directed payment of \$150 to Postmaster King of Cambridge and \$100 to ex-Postmaster

Swearingen of Mynard, now living at Berlin, Otoe county. Wolverton was tried and acquitted, a rich uncle making a hard fight for him in the courts. Secretary Van Houten's Estimate.

Secretary Van\_Houten of the state agricultural department today made a statement of his observations in regard to crops in lowa. He has recently traveled several thousand miles in the state and has observed closely, although he has not been out since the recent rainfall. He estimates that hay, except in the southeast and southcentral portions of the state, will be nearly an average crop, put up in fairly good con-dition. Some of it dried too quickly, but the crop is generally fair in quantity and quality. In the south part of the state winter wheat was generally good, but the acreage is under the average. There is little winter wheat in the north part of the state, but the spring wheat is an average crop. The oats crop is medium to good, with a light yield of straw. Late oats were fairly well filled. The quality of the straw is excellent, which adds to the roughage on the farms. The flax crop is light. Corn. which is the mainstay of Iowa farmers, will be not more than 40 per cent of a crop in the state as a whole. The early corn was badly damaged. In the south and southwest the stand is thin. In the northwest and north-central part the

crop is fairly good. The rains have not yet been sufficient to recover the ground lost during the long drouth. The potato crop is injured most and is the worst since 1894. However, Mr. Van Houten

tically all gone, but there is an abundance will deliver no more cars to them at of hay and forage if cared for and the present, because of their detention of Santa farmers can, if they will, keep their young Fe equipment in Kansas City. The Santa stock through until next year.

The body of Mrs. Julia Sudling, who died at Mercy hospital a week ago Thursday. was sent to Webster county, Iowa, this morning for burial, and this after a lementable quarrel among her relatives. Sudling
