# HOW TO BE SAFE FROM SUMMER SUFFERING.

## Summer suffering!

What causes it? Think for a minute!

In the summer every form of decay and freentation is many times as active as

In a pan. If you leave meat off the ice it "won't keep" It becomes tainted and inter et with vermin. Garbage rots and sours in the swill barrel in the summer heat. If your food remains even a short time undi-gested in your stomach and bowels, during the summer heat. It sours, creates gase poisons the blood, which it also overheats. You have noticed when a setting of duah begins to "rise" that it gets worm and

But it is the biood, which it also overheats.
You have noticed when a setting of doubh begins to "rise" that it peeks warm and makes bubbles of gas that swell up the "sponge." That's fermentation, and is all fight when it takes place outside of the body, because the noxious games escape into the air and leave only the good foodstuffs behind, ready for baking. Not until baked are they fit to cat.
But if it takes place outside of the bowels, no matter whether it is doubh meat, vegetables, fruit, milk, cgrs, or what not, you will be sick-sick with a sour that perfect things will be just that much wors.
But the mash or sponge in the heat of the stove to sour.
Microbes and Tapeworms.
Everybody knows that summer heat fra-

The stove to sour. Microbes and Tapeworms. Everybody knows that summer heat for trops the insect world—maiarial mostulities bugg, worms, maggots, liggers, caterpilars, tiles, carrion beetles; all are lively and haid at work getting their livelhood out of the summer fermenting, decaying animal and vegetable matter that fills the univers, during the hot spell. Nature has created billions of animals large and small, to help destroy this poisonous stuff. Bame way in the body. Heat helps mid-reobes, bacteria, ptomaines, all disease appendix to protect sucking in-first card work with poisonous stuff. The summer time is caused by the error of mother's milk souring in the bows of mother's milk souring in the bows of mother's milk souring in their titted in the summer time is caused by the error of mother's milk souring in their titted in the summer time is caused by the error of mother's milk souring in their titted in the summer time is caused by the error of mother's milk souring in their titted in the summer time is caused by the error of mother's milk souring in their titted in the souring choice a infand, sumption of the year, and it is hard of the the they swarm in a writing choice a tranum, sum mer complaint, eardiet fever and all the other summer have or not. The cont menes Grown they have or not. The cont in the souring the angenesities cause of yellow fever. Aslatic choicers and his set to the effect of summer. In the sourd they worms without knowing it and mains it as have with whom it made its hard. the order of the years and starved the uni-reor of mother's milk whom it made its home. Mandred of Thousands Are In-voired.

<text><text><text><text><text><text><text><text><text><text><text><text><text><text><text>

quently, so as to keep the temperature c the body low, and so on. But most people are not so lucky as to be choosers in they have to work and hustle for a lively hood in the summer's heat, the same a any other time.

In the summer every form of decay and fermentation is many times as active as in winter. If milk becomes too warm it sours, curdies, turns to cheese. It will do it in a baby's stomach and bowels as quickly as in a pan. If you leave meat off the ice it "won't keep" It becomes tainted and infec et with vermin. Garbage rots and sours in the swill barrel in the summer heat. If your food remains even a short time undi-

# A MOTHER'S MERCY.

Lack of Proper Care in Childhood Lays the Foundation for Habitual Constipution, Causing Lifelong Suffering.

Nothing so sweet and touching as a moth-

T's care for her little ones. What a tender, watchful eye her anxiety keeps on the young hopefuls! In the young nearly all aliments are directly traceable to stomach and bowel con plaints.

Physic and purges are the most common Physic and purges are the most common and most dangerous of all medicines. Near-iy all contain opiates or mercurial and other mineral poisons, which permanently affect the tender bones and tissues of the child. The only proper laxative for a child is a gentle, positive vegetable liver stimulant, like Cascarets Candy Cathartic. For the babe in arms the mother eats a Cascaret. It makes her milk mildly purgative and benefits the baby. Older children cat a niece of a Cascaret like candy. They taste stomach, purify the blood and regulate the bowels, perfectly.

Go buy and try Cascarets today. It's what hey do, not what we say they do, that over their merit. All druggists, loc, 25c loc, or send for price. Send for brokket ree sample. Address Sterling Remedy loago, Montreal, Can., or New York

> Union Organizations of Omaha and Omaha Will Celebrate South Jointly-Council Bluffs as Guest.

At the meeting of the joint committee of Rod dairy, has been tried in police court the central labor bodies of Omaha. South on a charge of putting formaldehyde in his Omaha and Council Bluffs Friday it was milk, and has been acquitted. decided to hold a joint celebration of Labor day in the cities of Omaha and South the labor unions of Council Bluffs promised to join Omaha this year if Omaha would join them at that time, and acting under this agreement the unions of Council Bluffs will be the guests of the Omaha and South Omaha unions this year, taking no part in the management of the affair and assuming no financial responsibility. The program for the day has not yet been arranged, but it was decided to have a public parade in Omaha in the morning of Labor day and to

hold the afternoon services in Syndicate park, South Omaha. In previous years it has been customary for the committees to solicit funds from the merchants and others to pay the expenses of the celebration, but this year it was decided that the labor unions of the two cities were strong enough to stand alone and could finance the affair themselves. The officials program will be published in the

Workers' Gazette, which will issue a special Labor day edition, the proceeds to be used in defraying the expenses of the day. Committees were appointed as follows: Grounds-Sam Nevins, F. E. LaDuke, George Kleffner.

conditions pass away. THISTLES AND DANDRUFF.

## An Interesting Parallel and a Valuable Deduction Therefrom.

Cutting down thistles no more relieves the land of thistles than does scouring the Not a mid-summer shower with its growl scalp cure dandruff. In each case permanent relief can only come from eradicating permanently the cause. A germ that plows up the scalp in searching for the hair root, where it saps the vitality, causes dandruff, falling hair and baldness. If you kill that germ, you'll have no dandruff, but a luxuriant suit of hair. Newbro's Herpicide is the only hair preparation in the world that cures dandruff, falling hair and baldness by killing the germ. "Destroy the cause, you remove the effect."

DISCUSSION OF TEXT BOOKS

Committee of the Board of Educatio Holds Meeting and Makes

The text book committee of the Board of Education held a session Friday night at which the books and appliances to be used in the Omaha schools the coming year were considered. The recommendations of the committee to the board next

time. It was decided upon the complaint of certain parties, that the text book of grammar used in certain grades was too diffi cult to be mastered by immature minds and a different book, presenting the same facts in simpler form will be recommended

"Nature study" will be increased in the lower and several additional devices in this

line of work for the kindergarten and primary grades will be recommended.
