CITY COUNCIL PROCEEDINGS

Hascall's School Board Ordinance is Passed to Second Reading.

BE ENACTED THIS MORNING

Purpose of Law is to Compel Members of Board of Education to Tell What They Profess to Know of Alleged Irregularities.

introduced at last night's meeting of the them when they marched to the front. city council and passed to a second reading. The council adjourned to meet again this passing the ordinance.

The passage of the ordinance will enable the judiciary committee of the city council to make a thorough investigation of the

board's charges Saturday morning. Full Text of the Ordinance.

The Hascall ordinance has been changed and reads as follows:

Section L It is hereby declared unlawful for any person to recuse or neglect to attend as a witness at any meeting of the attend as a witness at any meeting of the city council or any committee thereof having before it any matter for investigation, said person having had due notice of the time and place said council or committee requires his attendance as a witness.

Section 2. It is also bereby declared unlawful for any person having had notice of any such meeting and being in attendance thereat to refuse to be sworn or affirmed by the presiding officer of the council or the chairman of any such committee, or for any person willfully and contumaclously to refuse to testify as a witness or to answer any proper or legal questions.

tumaclously to refuse to testify as a witness or to answer any proper or legal question propounded by the presiding officer of the said council or the chairman of any such committee, or as directed by the council or any such committee with reference to the said matter under investigation, and being in accordance with the established rules of law and procedure.

Section 3. Any person who shall violate, or who shall fail, neglect or refuse to comply with any of the provisions or requirements of this ordinance, or who shall be declared guilty of any acts declared unlawful herein, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined for each offense not exceeding the sum of one hundred dollars (\$10.00) or less than ten dollars (\$10.00) or imprisonment not to exceed ten days, or both such fine and imprisonment.

Members of Plumbing Board.

James Cameron and John C. Lynch were recommended by Mayor Moores as members of the Board for the Examination of Plumbers and the council approved the appointments. These men will serve until March. 1903. Mr. Cameron succeeds himself as the representative of the master plumbers on the board and Mr. Lynch takes the place formerly held by Harry W. McVen.

Report of Comptroller.

The city comptroller submitted the following report concerning the condition of

BOY VETERANS AT A FEAST

Members of Company L Celebra Third Anniversary of Fall of Mantin.

It was a jovial company that gathered about the banquet board at the Millard hotel last evening to celebrate the third anniversary of the fall of Manila. Twenty two veterans of that battle-all actual participants in the fighting and most of them members of Company L. First Nebraska volunteers-were present and the evening after the viands were discussed, passed very pleasantly with songs, toasts and reminiscences, all racy, of the Philippine soil and of the stirring times of the sum-Councilman Hascall's ordinance, designed mer of 1898. Collectively speaking, the to compel members of the Board of Educa- company was very young to be veterans tion to testify before the city council con- of a war. Most of them were still "beard-

cerning the alleged diversion of fines, was less boys," as the newspapers described A favorite theme for witticisms was a comparison of the repast as served last morning at 10 o'clock for the purpose of night with the "punk and sowbelly" doled out by the regimental quartermaster. It happened that the man who had assisted in the distribution of the latter was present. His name is Harry Harrison, now in the railway mail service, and he occupied a seat at the head of the table, next to the master of ceremonies. Mr. Harrison, fondly referred to by his comrades as "the slightly since it was originally prepared old man," drove a four-mule team between the camp and the supply depot and because of his peculiar fitness in this capacity the boys made a song about him. This ditty was sung last night with great gusto. The first stanza runs as follows:

I saw the old man coming down the path Coming with his "chinos" and his pack;
But he little knew the sorrow that he
brought us
When he handed us that salmon and
hardtack.

The word "chinos" was current slang for the Chinese civilians who assisted Harrison in the apportionment of the supplies. Thomas S. Lamb, to whom belonged the distinction of being one of the few privates present, served as toastmaster.

The following were present: Captain W. E. Stockham of Company I, Lieutenant Jesse Thompson of Company L. Wirt Thompson, Oliver Auch-Moedy, Harry Whitman, J. T. Buchanan, Arthur Stokes, "Buzz" Anderson, Ed Cook, "Trilby" Barnell, George Johnson, George Fisher, W. E. Camp. O. S. Harvey, Warner Field, H. L. Van Norton, E. C. Hessier, Sam Mumaugh, O. Saustrom, Eugene Meyers, Harry Harrison and Thomas S. Lamb.

The following toasts were responded to: Future Generations," J. T. Buchanan: "Better to Be Silent than Grumble," G. L. Fisher: "Native Caribou in His Haunts," Sam Mumaugh; "Restaurants in the Philippines," "Buzz" Anderson; "Capturing of Cannon," Trilby Barnell; vocal solo, "Old Army Songs," Wirt

Besides these there were many impromptu speeches and sallies of wit and, taken all in all, the banquet was voted a complete success. It is proposed to organize and serve similar spreads once a year.

Mr. Daniel Bantz, Otterville, Ia., says: "Have had asthma and a very bad cough for years, but could get no relief from the doctors and medicines I tried, until I took Foley's Honey and Tar. It gave immediate relief and done me more good than all the other remedies combined."

ASTONISHES THE DETECTIVE

AFFAIRS AT SOUTH OMAHA

City Has Several Place for Defeat of N

Street Sewer Injunction.

PROTEST COMES AFTER LONG DELAY

Legal Department of Municipality is Busy Preparing for the Bout-Disappointment Among School Teachers.

While the N street sewer injunction case will not, in all probability, be tried on August 15, the date which is now set apart for that purpose, still the legal department is doing all within its power to have the facts in a presentable style for Mr. Lambert when he returns. Naturally until his return no definite defense will be decided

It is generally rumored, however, that the city expects to defeat the injunction on several grounds. The one which seems to received the most credit is the fact that for almost ten years the N street sewer has been emptying into the identical spot wherein it now empties and that the property owners in that vicinity have either been asleep or seized with an extreme sense of modesty, failing, as they have, to make any complaint to the city regarding the unpleasant condition of the creek which caries away the sewage from the line.

What would be done by the city in the event the district court granted an injunction against the sewer emptying into this reek is a question which is bothering the department. Officials say that in order to complete the line so as to reach the river either the sewer must be laid across the private premises of individual property owners at the foot of N street, which is hardly to be tolerated under the law, or the street will have to be graded down to make a proper flow for the sewer. This latter policy cannot be adopted until the requisite number of property owners sign a proper application to have the street graded and even If it were done the line could not be com-

This same matter was sired to some extent about two years ago and at that time the city appointed a committee, composed of physicians, business men and city officials, and it was investigated fully. The committee in its report at that time said that it could find no ill-effects of the sewer emptying where it now does and did not believe it was detrimental to health or depreciated the value of property in that vi-

The importance of the case can hardly be exaggerated. In the event the district court should order the city to refrain from continuing to allow the sewer to empty where Hoadley, D. E. Levins, W. H. Wonder, A. t now does, this whole sewer district would W. Mans, W. R. Drake, R. W. Smith, John be tied up for about a year. Even if the R. Moore and G. P. Olson. E. L. Crow was property owners should allow the city to elected chairman of the county central cross their private premises to lay unsightly committee. On motion of W. H. Wonder the sewer pipes, which is very improbable, it would take several months to do the work, or, if the street should be graded down to reach a proper level for the laying of pipes | nomination of William C. Whiting of Whitalong the highway, before even the grad- ing as representative of the Ida-Monona ing could be completed frost would be in district. The convention was poorly atthe ground, rendering the work of laying tended, only fourteen out of twenty-one the sewer pipes almost an utter impossibility. In the meantime this whole neighborhood would absolutely be without sewer con- in reference to the Kansas City platform nections and most of the residences along or W. J. Bryan in any manner. The vathis street having been built with the view of using this identical sewer, a place for the dumping of refuse would be a very dif-

ficult matter. However, the legal department seems be of the opinion that there is no danger of the district court ordering the city, forth-Fred Hill, an Omaha lad who is wanted with at least, to close up this sewer. At by the police of three cities on charge of torneys say that there are too many people committing hotel robberies, was arrested all along N street and other points included within this district to thus it Donahue. Hill began his career in Omaha meet the demands of a handful of property a few years ago by relieving a stockman at owners at the immediate point of complaint. even though there is truth in what they say

about it being a public nuisance. Permanent Sidewalk Gossip.

After having introduced an ordinance creating permanent sidewalk districts throughout the city the council seems to have relapsed into a sleepy state, so far as this subject is concerned.

The permanent sidewalk theory is a pet idea of City Attorney Lambert and Engineer Beal, who feel that this would do away with a great many of the personal injury damage suits which are being filed against the city and on which damages are to the gravel train, which had gone too being annually awarded. However, since far to be recalled before he noticed the against the city and on which damages are Mr. Lambert has been away the council has done little or nothing with this matter, but have allowed it to drift along

without decisive action. In his communication of August 1 Mr. Lambert suggested the importance of this matter and said that it would do away with a great many of the cases which are pending against the city. He earnestly recommended the council to give this their immediate attention, saying that he felt confident that a more profitable measure

could not be introduced. After the new districts are created and the dimensions of the permanent side- that the petition for an increase had been walks are made it is thought that the city will proceed to have many of the dilapidated walks placed in a better condition by being replaced with permanent sidewalks of artificial stone, as the permanent walk the care of trains after their arrival at the ordinance calls for.

Teachers Are Disappointed.

There is more or less complaint going the rounds among the newly elected teachers of the South Omaha schools over the failure of the Board of Education at its last meeting to assign the teachers' list. It was given out several weeks ago that this would be done at this last meeting, but it seems that the board either overlooked or disregarded the importance of it. The theory is advanced by some that the fallure of the board to as yet rent the empty rooms for school purposes around the town is the reason for their failure to make assignments. However, the renting of rooms is now in the hands of the committee on buildings and grounds and it will

furnish a report at the next meeting. Still Remains Unequipped.

Although the city council some weeks ago voted to thoroughly equip the new Second ward firehall with the latest fire fighting apparatus, no equipments, except some minor ones, have been placed in this place and it still stands, an expense to the city and of but little use to the community. Chief Etter some time ago impressed upon the council the importance shoulder were bruised. Rishail struck of almost inestimable value to people in its immediate vicinity, and acting upon his suggestion it was placed there and a ing easily. motion carried empowering the proper committee to see about purchasing what was needed. No explanation of the delay is furnished.

Republican Caucus Tonight.

A caucus of republicans will be held in the Lewis block, Twenty-fourth and M streets, tonight at 8 o'clock. The object is to select twelve delegates to the state convention, which meets at Lincoln on August 28. As Miles Mitchell of the county central

committee will doubtless be absent from the city L. C. Gibson will be called on to preside. Every republican interested in the selection of a delegation is invited to attend this caucus.

TUTORS FOR THE FILIPINOS

Cargo of School Teachers on the Way to Philippine Islands.

TRANSPORT THOMAS REACHES HONOLULU

Over Five Hundred Enthusiasts or Board, Including a Goodly List

from Nebraska and lows Homes.

HONOLULU, July 31 .- (Special Correspondence of The Bee.)-The United States army transport Thomas, enroute to Ma-P. I., with 503 teachers aboard, arrived here today. The trip from San Francisco has been made in a little over ; week without accident.

This undertaking of the United States without question the greatest from an educational and civil standpoint that has ever been proposed by any country, is looked upon with some considerable appre hension by a great many who have been watching the development of the Philip pine islands. Notwithstanding the "hoots and jeers" of those who would throw cold water on any progressive step, nearly 1,000 teachers will within a few weeks be work ing in various parts of the Philippines. The educational system contemplates the estab lishment of normal and industrial schools at Manila, with primary and secondary schools throughout the islands. The Eng-

lish language will be made the basis for all teaching in all the schools, although it will be some time until much progress can be made in this direction. If one could look in upon the crowd of

teachers on the transport Thomas there would be no doubt of their enthusiasm or of their convictions as to the future of the Filipino. There are teachers-men and women-from every state in the union. graduates of the universities, colleges and normal schools. Some have had a wide experience in various kinds of teaching others very limited experience, but all with a full determination to make the experiment of the United States government in an educational way in the Philippine islands iominate delegates to the state representa- a success from the beginning, as has been the experiment of the civil government so far as organized. It is the conviction of well informed men who have studied the conditions of society in those islands that with the organization of civil and educational institutions there there will be such a wonderful development in all lines of industry that there can be found no one who will say the advent of the United States government into the east will have been a mistake. Be that as it may, the transport Thomas, which landed here to day, bears a large number of wide-awake enthusiastic, well qualified men and women to carry out the formulated plans of the government which has taken upon itself the burden of preparing the native Filipino for civil and political liberty. Following is a list of the teachers from Nebraska and Iowa.

HYMENEAL.

Howard-Kenny.

BLAIR, Neb., Aug. 13 .- (Special.) -- Miss Clara L. Kenny and Dr. Paul R. Howard were married at the home of the bride's parents, Mr. and Mrs. F. W. Kenny, Wednesday, August 7, at 3 o'clock. The ceremony was performed by Rev. J. Howard of Whitehill, Ill., father of the groom, assisted by Rev. A. W. Clark of Omaha. Fifty relatives and friends were present. The bride was attired in a gown of white silk batiste, with tuile veil and bride roses. The parler was converted into a bower of palms, ferns and cut flowers. The couple entered to the strains of the wedding march from Lohengrin. A repast was served and at 5 o'clock they lett for their new home at New Buffalo, Mich., where the groom is a practicing physician.

Arnold-Severns.

HUMBOLDT, Neb., Aug. 13 .- (Special.)-Richard Arnold and Miss Eva Severns of Humboldt drove over to Auburn yesterday and were married, the ceremony being performed by the county judge. They will make their home in this city.

Fels-Naptha

Fels-Naptha soap needs no argument with the woman who uses it according to the simple directions. She finds that with no boiling and but little rubbing, in half the time with half the work, the clothes come out whiter and sweeter than ever she saw before. Not half the wear either. Actual fact, or money returned by your grocer.
