Hazen of Avoca, former sheriff of Pottawattamie county, as temporary chairman Mr. Hazen seized the opportunity to make quite a lengthy address, in which he score "our friend the chemy" for fostering trusts as he asserted, but it was particularly noticeable that he refrained from even mentioning the name of William Jennings Bryan. Chairman Hazen concurred in the suggesttion and cut out Mr. Tinley's name, the latter remarking significantly that the matter

would be attended to at the proper time. Then, on the motion of Uncle Billy Boyer, the chairman named the following as a committee on permanent organization: B. S. Terwilliger, Council Bluffs; Morris Hough, Crescent; Dr. J. W. Hemsted, Carson. Then followed a long and useless discussion over the method of selecting a committee on delegates to the state convention. Jack O'Neill of this city suggested that each precinct name a member of the committee, but this plan was not "democratic" enough for E. P. Searle, who thought the proper way would be for each precinct to name its choice for delegate. As there were twentyeight country and twelve city precincts the somewhat embarrassing if they named more delegates than the allotted number, twentynine. Resolved, That we condemn the actions of the republican party in enacting tariff laws which are the bulwarks of the trusts, laws which while they contribute nothing to the revenues of the government, turn millions into the coffers of the various monopolies; laws which permit trusts to exact higher prices from the American consumer than they sell the same products for in the open markets of the world.

We condemn the republican party for harboring trusts, for enacting laws for their restraint, then failing or refusing to enforce these same laws; permitting trusts to bring about a rise in prices of a great many commodities, such as tin, iron, glassiumber, etc., which are protected for the benefit of the trusts and to the great injury of the small manufacturing concerns throughout the country.

Candidates for Representative.

In nominating candidates for representaives to the state legislature it was decided o nominate first a candidate from the west end and then one from the east half of the county. A. W. Wyman of Council Bluffs was nominated by acclamation for the west end representative after L. A. Casper had posiively declined to allow his name to go be tore the convention. Mr. Casper said he was not physically able to go through the campaign, that while his appearance would indicate he was the picture of health he was not.

J. B. Johansen of Layton and J. W. Warner were brought forward as candidates for representative from the east end, but Johansen declined the honor and Warner was nominated by acclamation.

Mrs. Rollins Sceks Divorce. Mrs. Edith Bella Rollins filed in the dixtrict court yesterday suit for divorce from her husband, Dr. C. A. Rollins of this city, whom she married in Logan, Ia., June 26, 1896. She states that she is of a delicate temperament and that her husband's manner of smashing the household furniture and brie-a-brac injured ber health and prayed on her nerves to such an extent that she was forced to leave him June 3. She alleges several instances of cruel and inhuman treatment and asks the court to award her the custody of their two minor children. The marital troubles of Dr. Rollins and his wife have been aired in the local police court during the last few months.

The city council met last night in committee of the whole and took a ride around the city inspecting the lights and locations where new lights have been applied for. It was decided to place a light at Eight avenue and Seventh street and to remove the one near the Gunn schoolhouse 1,000 feet nearer the next lamp. The committee found it had located 149 of the 152 lights which comprise the limit and there is considerable scrambling among the aldermen to see who will get the three remaining lights. The council will meet in adjourned session Monday night.

Bent-Aylesworth. Miss Helen Aylesworth, daughter of Judge and Mrs. E. E. Aylesworth, and Bruce Beal of Chicago were married in that city last Monday. PAPER SWINGS INTO LINE

Jefferson Bee in an Editorial Comes Out with Strong Endorsement for Cummins.

JEFFERSON, la., Aug. 15 - (Special.)-The Jefferson Bee, one of the influential republican papers in the state, which vigorously fought A. B. Cummins in the sen atorial contest in 1899 and which has been regarded as against Cummins during the late fight, says today in its leading ed-Itorial:

"From the standpoint of personal character and eminent ability to occupy the chair of chief executive Mr. Cummins is above criticism-these qualities are conceded to him by all republicans; yea, by all democrats, even. Prior to the convention Mr. Cummins' political qualifications, or claims, were matters of diverse opinion and the subject of thorough and widespread consideration by the people, With the facts before them a majority of the republicans, through their representatives, have waived saide whatever objections were raised to Mr. Cummins from the viewpoint of claim upon the office and have said he was entirely satisfactory to

"Mr. Cummins, being the choice of the majority, being admittedly qualified, being personally clean, the Bee can see no solid ground of opposition to him or indifference to his candidacy by any republican who is a republican. In no manner may those republicans who opposed Mr. Cummins prior to the convention achieve such permanent satisfaction and political glory as by vigorous effort to make the majority at the polls next November for Mr Cummins the largest in the history of the republican party in lowa."

Storm on the Lakes.

SPIRIT LAKE, Ia., Aug. 15 .- (Special.) -With but a few moments' warning a cloudburst struck this section late vester day afternoon, accompanied by terrific wind and some hail. For half an hour rain came in a deluge. On the lakes, notably West Okoboji, some narrow escapes are reported. The afternoon had been unusually hot and dark clouds gathered overhead. This is a very common occurrence, the clouds ordinarily blowing over. There were many sailing craft, rowboats and launches upon the lakes and most of them reached their docks before the gale burst. A small launch was caught in the middle of West Okoboji. The waves were very high and the boat was tossed about like a piece of driftwood. At times it appeared to those watching the race with the storm from shore that the little craft had gone under, but it ultimately reached the dock in safety. The storm came from the southwest, accompanied by a loud roaring. Since the narrow escape of the party of young women on West Okoboji three weeks ago all handlers of craft have been more cautious, which undoubtedly saved some lives yesterday afternoon.

disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarra as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it

the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry goods mer-chant of Spartanburg, S. C., writes: "For years I had a severe case of mass! Catarth, with all namal Catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable.
