

WABASH IS BRANCHING OUT

Separate Freight Agencies to Be Established in the Two Omahas.

SECEDES FROM THE ILLINOIS CENTRAL

Auditor Ross of Kansas City is Here Checking Up Accounts Preliminary to Installation of Agents for Increased Freight Service.

The Omaha & St. Louis, the recent purchase of the Wabash, will establish separate agencies in Omaha and South Omaha at once.

Heretofore J. W. Dietrick, freight agent for the Illinois Central, has been joint agent for the Omaha & St. Louis road.

Auditor W. H. Ross of Kansas City is here for the Omaha & St. Louis road, checking up accounts. He will install George A. Cook as agent at Omaha.

ROCK ISLAND'S EL PASO LINE.

Progress in the Construction of Road into New Mexico.

W. F. Callahan, a railroad contractor whose headquarters are in Omaha, returned yesterday from New Mexico.

Mr. Callahan's outfit is working on a fifteen-mile stretch just across the New Mexico line.

From El Paso north the line has already been completed as far as Carrizosa, N. M., and the grade finished to the Canadian river.

The Rock Island will then have the short line between Omaha and Chicago and the southwest, including the City of Mexico and southern California.

The completion of the El Paso line has revived talk of the Fairbury-Salina cut-off, which would shorten the route between Omaha and the Gulf of Mexico.

James J. Hill said he is planning for Canadian Trade.

James J. Hill of the Great Northern is credited in the northwest with the intention of extending that road in such a way that it may enter new territory in Nebraska, Colorado and Kansas by means of a traffic arrangement with the Burlington.

The recent acquisition by the Great Northern of the Great Falls & Canada railroad is said to be only the first move in that direction.

General but light rains fell in many portions of Nebraska Friday night, greatly improving the condition of pasture and making fall plowing easier.

The Burlington reports rain all over its southern division, from .05 of an inch at Superior to 1.15 at Crete, which received the heaviest rain of the night.

Rains on the Elkhorn were reported from Scribner, Long Pine and Atkinson in the north. Showers fell on the Superior line from Missouri Valley, Ia., to York, and also on the Omaha and Lincoln line.

Barlington and Elkhorn Receive Reports of Pleasant Tone.

Insufficient Passenger Cars.

County and State Fair Season Brings Heavy Travel.

Western roads find themselves greatly hampered for lack of a sufficient supply of passenger equipment to meet the extraordinary demands now made upon them.

Added to this county fair business is Labor Day business, which is increasing the embarrassment of the railroads.

Industrial centers throughout the west are making special arrangements to celebrate this year. There never has been a period of like length in the history of the railroads where there has been so much passenger traffic as during the last summer.

TEMPORARY DAMS.

The Union Pacific is putting in two temporary dams at Rock River, Wyo., to supply that station with water during the dry season.

One of them will be about seventy feet long and the other ninety feet, holding nearly 1,000,000 gallons.

The Christian Endeavor society of Kountze Memorial church will give a country fête on the lawn of the summer home of Rev. E. P. Trefa, 4200 California street (Dundee), Tuesday evening, August 27.

The members of the Knights and Ladies of Security will give an ice cream social on Thursday evening next at their hall in the Bee building.

Having retired from the retail business, consisting of good office building, large wagon scales, sheds, fences, etc., is for sale.

STILL AFTER THE BURGLARS. Omaha Police Department Adds Two New Scamps to Its Belt of Trophies.

The police have added to their belts the scamps of two new burglars giving the names of George Thurston and Charles Allen.

In the sweatbox yesterday these rogues confessed to looting the home of Mrs. Martha Swanson, 2602 South Thirtieth street, on the night of August 22, from which they took two gold watches, a quantity of jewelry and part of a silver tea service.

Entrance to the house was effected by crawling through the cellar window and then removing a panel from the door at the head of the cellar stairs.

The men were arrested at Sixteenth and Cuming streets yesterday morning by Officer Morris. Each had a big revolver in his hip pocket and one had a bunch of six new skeleton keys, still bright from the file of the locksmith.

Allen admits that he served a term in the Wisconsin penitentiary for looting an opera house in Sheboygan. He says he was reared in the St. Joseph orphanage, New York City. Of his pal, Thurston, less is known.

Inquest Given Verdict at Cleveland. CLEVELAND, O., Aug. 24.—Coroner Simon today rendered his verdict on the disaster three days ago, in which a dozen lives were lost.

He finds the city of Cleveland, the subcontractors and the crib-sinker jointly responsible, the former because its officials knew, through inspectors, of the absence of ordinary precautions for saving life; the subcontractors because they failed to provide protection to life; the engineer because he permitted the smokestacks to become overheated.
