GENERAL TRADE IS REPORTED EXCELLENT

Merchants in the Various Lines Come to Omaha with Plethoric Wallets and Buy and Buy and Buy-No Cause for Crop Soure.

Yesterday morning saw the opening of the annual fall militnery market in Omaha, and with it came a hundred or more milliners from all parts of Iowa, Nebraska, South Dahota, Kansas and Wyoming to study styles and blace orders for fall goods. At the fermel opening of the wholesale houses the stocks displayed showed the greatest variety and in the language of one of the vis-

itors, "everything in the shape of a hat, if it has a brim, is fashionable." In the workrooms of the houses the trimmers from an sections of the country are busily engaged in tearing to pieces the Moines, Marshaltown,

"The Omaha dry goods houses were never experiencing such a rush of business as at this time. The entire force is working all day selling and four nights out of the week packing goods for immediate delivery. All advance orders have been delivered at this time and the rush is now with goods sold in the house to persons who expect to have them on their shelves within the next two

"The price of cotton goods, which depends entirely upon the demand, is now beginning to show the effect of sixty days continued sales. Print cloths have advanced 1-16 cent in the last few days. The upward tendency is felt in the finer cotten goods, which are in large demand. The price of American indigo prints has been advanced % cent to take effect September 1 and similar goods have sold

freely in sympathy."

Buyers from the country in all lines continue to deny the reports of crop damage. Wholesale dealers say that the orders received are almost as large in amount from the different dealers as they were last year, and that the number of buyers on

tent not expected.

Prospects are bright that this city will nel W. H. Chase, of Atlanta, Ga., has for some weeks been in correspondence with persons in Sloux Falls with a view to securing a franchise for the construction of an electric car line. The correspondence was so satisfactory, and the opening for such a line here so apparent, that he decided to come to the city for the purpose of completing arrangements for the fran-chise. Mr. Chase represents a syndicate of eastern capitalists, and states that if a franchise is granted him he will have work begun on the power house and road within sixty days and have it in operation as soon after that time as the weather will permit. It is also understood to be the purpose of the syndicate to extend the electric line to Madison over the route of the proposed Sloux Falls-Madison railroad and operate it in connection with the city service in Sioux Falls. It is probable that a meeting of the city council will be held within the next few days to discuss the matter and take action on the granting of a
