outlets. In fifty years our agricultural products have multiplied by four, while our manufacturers have multiplied by eleven. We are consuming an ever-increasing proportion of the products of our farms and exporting an ever-increasing proportion of the products of our factories.

'The demand for new markets now is but a whisper compared to the cry of coming years. The best that can be done for our industrial interests is to open the ways and broaden the channel of trade. How can guns of caliber .35 and one-pounders. this be done? I answer, in many ways and state bordering on the Rocky mountains and if no more feasible plan be presented charge the expense to the lands benefited. encourage a merchant marine, construct an isthulan canal, continue to improve our consular service, and above all, secure convention rights in the ports of Europe and an open door throughout Asia. The principle of reciprocity must be put in operation or it will never again require the declaration of a party platform to convince the American people that the whole theory of reciprocity when it comes to actual practice is a failure. The future of reciprocity must not depend upon the ratification of any particular treaty, but reciprocity as a policy. of total shots fired. if not already, will soon be on trial, and on trial for its life. It must be either applied or abandoned.

"I do not say that commercialism an statesmanship are synonymous terms. But if legislating for the protection of our own markets and the acquisition of others is commercialism then commercialism is by no means an unimportant element in American statesmanship."

#### Federation of Republican Publishers.

A meeting of the Nebraska Federation of Republican Publishers was held tonight There was a large attendance and consider able business of private interest to the newspaper men was transacted. A res

olution was adopted regarding the efficient manner in which the president, L. A. Wilof the supreme court of the District of liams, and the secretary, W. H. Stowell, had conducted the affairs of the federation. The publishers present were enthusiastic over the outlook and evinced a determination to of eleven cases recently brought by persons perfect a larger organization of republican claiming right to allotments in the lands newspapers in Nebraska. The election of in Oklahoma territory recently ceded by officers resulted in the re-election of L. A. the Klowa and other Indian tribes, the Williams as president and W. H. HAZLETON, Pa., Aug. 27 .- A convention of representatives of the United Mine Workers of America from every mine in the authracite coal region began here today and is expected to continue three or four days. One question to come before the convention report. is the right of mine workers or their rep-

esentatives to go upon the property of the various companies to examine the cards of the miners, a privilege which has been so far denied by the officials at many mines. While expressing themselves generally as moved from the politics of the order. entertaining no apprehension of trouble over the outcome of the convention, the Sackett showed the congress to have as anthracite officials are nevertheless somesets of \$4,000. After the reading of the what anxious and it would cause them no reports the appointment of committees ocsurprise if the convention were to take cupied the rest of the morning session. some steps whereby the present output of anthracite would be curtailed so as to pre-

vent an accumulation of coal and place miners in a stronger position to meet the issues which are likely to present themselves next April, when the existing one year's contract between the mine owners and employes expires. The convention this afternoon decided

that miners should buy none but union label powder, provided it is of as good quality as that used at present.

Little was done at the opening session. President Mitchell was in charge and the Grand opera house, where the delegates are to orders represented in this congress in meeting, was crowded to its capacity. The exact number of delegates present will not be known until after the report of the committee on credentials is presented. A committee representing the powder workers' for the year was 327,513. union requested the miners to use no powder unless the union label is posted on

the kegs. The barbers' union asked the delegates to patronize none but union barbers 78.179.794. President Mitchell and National Secretary

Wilson arrived this morning. When asked what questions would receive the most attention Mr. Mitchell said they were all contained in the call issued three weeks ago. He could not say whether the convention would take any action on the steel strike All the sessions will be secret.
