Sides.

Says British Government Annoys Him with Too Many Trivial Affairs -Some Changes He Would Make.

LONDON, Aug. 31 .- Some interesting sidelights are thrown on the South African war by advices published today. A dis-patch from Capetown to the Daily Mail indicates that Scheeper's command has now moved to the southwest and invaded a part of Cape Colony previously undisturbed by the Boers, while more severe restrictions have been imposed with the object of preventing communication between Capetown and the newly disturbed areas.

The Cologne Gazette's correspondent in Capetown declares that the "entire Cape Colony is a seething mass of disorder and alarm." He asserts that the Boers are receiving support from all sides.

Edgar Wallace, writing to the Dally Express expresses a decided opinion that Lord Kitchener's banishment proclamation will not result in the surrender of a single important commandant and that much severer penalties are needed, the only useful policy being vigorous military measures. In the early part of August a correspondent of the Morning Express had a long talk with Lord Kitchener, from whom he gathered, that "It is not Lord Kitchener but the government that is to blame for many of the pres-

Kitchener Blames Government.

Lord Kitchener, it seems, complained that the home government continually worried him about trivial details, "merely to reply to parliamentary heckling," and that this compelled him to enforce a strict censorship over telegrams, although personally he objected to the present system. He said he thought correspondents ought to be given greater liberty and should be held responsible for their statements. He avoided expressing any opinion about the "approaching end of the war" and dissuaded the correspondent from speaking about it.

Both the Morning Post and Standard give the information as to the concentration camps and confirm the reports of heavy mortality there, especially among the children in July. This is said to be "largely due to the ignorance and unsan-itary habits of the Boers," but conditions rapidly improvin At the beginnin of August there were 100,000 persons in the concentration camps. A correspondent of the Morning Post asserts that the Boer refugees get eighteen pounds in rations per head as against twelve pounds per head given to British loyalists, and he recommends as politically and economically advisable that the Boers be removed to the

Hartford.

PARIS, Aug. 30.-The visit yesterday of General Andre, the minister of war, to the United States training ship Hartford, which had put into La Rochelle to witness the western army maneuvers, was the oscasion of a little Franco-American demonstration

After an inspection of the cadets, who were drawn up on deck, and being shown over the vessel, General Andre was entertained at luncheon. He expressed keen satisfaction at being aboard an American ship and said he hoped the visit would contribute to the tightening of the bonds of friendship uniting the sailors of the two nations.

Commander John M. Hawley of the Hart ford, in response, thanked General Andre for the honor of his unexpected visit and promised to inform his government of it The ship's band then played the "Marsellaise" and "America." A banquet was given in the evening at

which all the admirals and generals were present and to which the American officers were invited. General Andre sat with Ad miral Menard, commanding the northern squadron, on his right and Commande: Hawley on his left.

Rain Heats Down on Demostrators and Only Five Hundred March Where Five Thousand Were Expected.

PITTSBURG, Aug. 30 .- While there is no actual change in the steel strike situation, much transpired today calculated to produce results in the near future. The conference reports of the wreck near Kalispell. It is between the committee from Milwaukee and known that among the injured were P. T. the Amalgamated officials, the continued ef-Downe and son. Mr. Downe was until re- forts of President Burns of the Window Glass Workers' association, to bring about arbitration or conciliation, the scathing of itorial in the Labor World, calling for the impeachment of President Shaffer, the quesne and the decided effect of the injunction proceedings at Canal Dover, O., all indicate that the crisis is approaching and

President Shaffer, on the contrary, says the two men did not as individual members of the Amalgamated association to explain in person the reason for their action in regard to the general strike order and the reversal of that deci-

The two gentlemen left for home tonight, and it is said a meeting of their lodge will be held upon their return to take action on their report. What that report will be cannot be learned here. Notwithstanding the report from New York that no conferdivision of the Pennsylvania railroad ence has been held or arranged for between C. M. Schwab and Simon Burns looking to arbitration, the latter has not relaxed his Following is a corrected list of the dead: efforts in this direction. "I am interested REV. A. PARK BURGESS, Syracuse. in this matter," said President Burns tonight, "as the big strike is affecting all lines of business, including the window glass trade. My purpose is to get the two sides together and start the mills. If President Schwab is still opposed to my plan of arbitration I will request him to suggest

whatever modifications he desires, providing the steel corporation will arbitrate. The editorial in the recent issue of the Labor World, the mouthpiece of the Pittsburg district of the Mine Workers' union and the Pattern Makers' association, is a long and bitter attack on President Shaffer and demands his impeachment for calling the present strike. The demand for the impeachment is made because it is charged Shaffer compelled the steel workers to violate contracts, because he expelled the Chicago men and revoked their charter without constitutional hearing and because the whole strike is unconstitutional and has brought ruin and wreck to men who have made the Amalgamated association. The editorial gives twenty-four reasons why

President Shaffer should be impeached. Given the Paper Standing. The fact that George Powell, president of the Tinplate Workers' Protective association of America, L. R. Thomas, president of the Pattern Makers' league, and Patrick Dolan, president of the United Mine Workers, of the Pittsburg district, constitute the board of control, of the publication, and that President Shaffer, up to within a year ago was a member of the board, would seem

to lend considerable weight to the utterances of the paper. When shown the editorial tonight Mr. PHILADELPHIA, Aug. 30 .- Another body Shaffer said: "Mr. Powell of the Tin Workof a victim of Wednesday's steamboat ers' association was at headquarters today disaster was recovered from the Delaware and I have understood that the paper mentioned does not represent his organization supposed to be that of Harry Johnson, 36 the article mentioned is below my notice years of age, a grocer of Hulmeville. The march of the McKeesport strikers to Duquesne today was a disappointment to the strikers, partly because of the heavy rain during the parade and the meeting in an open lot and partly because of a lack of enthusiasm. It was expected that at least 5,000 of the 12,000 strikers would participate in the march, but by actual count there were 553 in line. The rain came down in torrents from the time the parade started until they returned to McKeesport. The men marched without any cheering or noisy demonstration and no trouble of any kind developed. It was expected a halt would be made at the Duquesne mill gate, but none was made. Several mill men came out of the plant with their dinner buckets in their arms, but were not stopped. There was no strike talk heard at the Duquesne mill and the men did not manifest the interest expected.

No More Pickets.

The injunction granted the American Sheet Steel company at Canal Dover, over the strikers has had the effect of doing away with all picketing about the mill. The withdrawal of the pickets was on the advice of the local counsel, who advised this course until the counsel of the associa tion at Pittsburg should make known what of the 900 atrikers with the order.

President Shaffer today sent circulars to all lodges of the association reviewing the strike situation, which he says is in good shape. He cautions all members against the South Chicago men who refused to obey the strike order, denominates them non union and declares their cards void.

Great preparations have been made here for Labor day, Monday next.
