Infant's Flannel Petticoat. No. 3923-Ample flannel petticoats are essential to the health of the young infant and require to be long as well as generously full in order that the tender feet may be kept warm. As a rule the material is purchased with an embroidered edge, but hand work is always handsome and durable and gives an opportunity for that expression of tenderness which every young mother desires. The practical little model given is eminently simple, yet absolutely satisfactory. The skirt is of correct width and length. The cambric band is wide enough to support the tiny body and extends beyond the edges of the skirt to form a generous lap. To cut this petticoat 1% yards of fiannel and % yard of cambric or muslin will be required. The pattern 3923 is cut in one size only.

For 'he accommodation of The Bee read-ers these patterns, which usually retail at from 25 'o 50 sents, will be furnished at a nominal price, 10 cents, which covers all expense, in order to get any pattern enclose 10 cents, give number and name of pattern wanted and bust measure. Allow about ten days from date of your letter before beginning to look for the pattern. Adiress, Pattern Department. Omaha Bor
