

EVERY A SOURCE OF THE PRESIDENT'S SPEEDY RECOVERY

BIG STRIKE GOES ON

Latest Efforts to Settle It Are Admitted to Have Failed Completely.

EXECUTIVE BOARD MEMBERS GO HOME

Adjourn Their Session, Leaving All to President Shaffer.

CONFERENCE WITH SCHWAB IS CALLED OFF

Association Leader Says He Doesn't Intend to Visit New York.

MAY MILLS ARE STARTING NON-UNION

Three Companies Have Put Seventy-Six into Operation in Addition to the Original Fifty.

PITTSBURG, Sept. 9.—The last efforts to settle the strike have failed. The general executive board of the Amalgamated association adjourned this evening without date and without accepting any of the peace propositions which have come indirectly from the United States Steel corporation, or making any counter propositions, according to the official statement.

The board, in its sessions of three days, has been considering a settlement, but these sessions resolved themselves into an informal discussion of the situation. At the close of the meeting of the national executive board this evening President Shaffer declared that he had no statement to make, but said: "The board has adjourned and out-of-town members will probably leave for their homes tonight. No peace proposition has been received and none made."

Still later he added that neither he nor any other member of the board would go to New York during the night to submit a peace proposition, saying that he would be at headquarters as usual tomorrow.

Are Not Feeling Just Right. The meeting of the board did not adjourn in very good feeling, yet the members of the board were averse to making statements supplemental to that of President Shaffer. It was stated by the adjournment that practically as they were before the meeting had been called and that the strike must go on as before, leaving arrangements for a possible settlement through a coveted direct conference of the representatives of the United States corporation with President Shaffer.

Today completed the first thirty days since the American Steel Steel company, the American Tinplate company and the American Steel Hoop company began their attempts to start the union plants of the country in the face of the Amalgamated association's strike. Aside from the Clark plant of the Steel Hoop company and the upper and lower mills of the Carnegie company, where the attempt to render the strike effective was never a success, the three companies have during the month succeeded in placing in operation seventy-six mills in the union plants, single turn.

May Double in Ten Days. Indications are that the number will be doubled within the next ten days if the strike is not settled here that time. While the Tinplate company has put up the most aggressive fight of the three, the Steel Hoop company has been most successful in the eastern district, and in the West the Steel Hoop company has met with the largest success. With the results known in these preliminary skirmishes at a few chosen points, all three companies have now prepared to carry the fight into every union plant without further delay.

At McKeesport this evening the strikers following in the wake of the Amalgamated in keeping the workmen from entering the National Tube works, gathered about the gates of the plant in great numbers and warned the few men who came out not to return to work tomorrow morning. It is generally believed that the workmen report to the sheriff or governor within forty-eight hours for protection.

Acute Stage at McKeesport. The strike situation in McKeesport reached an acute stage this morning and serious trouble was feared as a result of the efforts of the striking tube workers to prevent men from returning to work as they did Saturday. The effort was almost perfectly successful and where last week from 800 to 1,000 men went back into the mill, not more than a dozen this morning were able to elude the multitude of pickets and get back into the mill. There was great excitement in McKeesport this morning as a result of this turning out of the strikers, more than at any time yet. Something over 2,000 strikers congregated about the great plant of the National Tube company shortly after midnight and remained there until this morning, when the employees who were not on the long list reported for duty at 7 o'clock this morning. Every approach to the mill was guarded most vigilantly and around the main entrance more than 600 strikers and sympathizers gathered. The streets adjacent to the mills were crowded and as men approached to go to work they were met and turned back. Most of the force who returned last week reported for duty again and there were many more who were willing to go back but they were met by the pickets as they advanced near the mill and forced to return home. Not over a dozen escaped the vigilance of the pickets and succeeded in getting into the mill.

Likely to Appeal to Sheriff. About fifty police were on duty about the mill, but no arrests were made. As a result of the disturbances this morning the big tube mill is idle and completely tied up. Just what the National Tube company will do now is a matter over which it is believed by many that an attempt will be made to start the mill with imported men and that an appeal will be made to the sheriff for protection.

At the meetings of lodges of the Association of Labor in McKeesport yesterday this morning, as a result of this turning out of the strikers, more than at any time yet. Something over 2,000 strikers congregated about the great plant of the National Tube company shortly after midnight and remained there until this morning, when the employees who were not on the long list reported for duty at 7 o'clock this morning. Every approach to the mill was guarded most vigilantly and around the main entrance more than 600 strikers and sympathizers gathered. The streets adjacent to the mills were crowded and as men approached to go to work they were met and turned back. Most of the force who returned last week reported for duty again and there were many more who were willing to go back but they were met by the pickets as they advanced near the mill and forced to return home. Not over a dozen escaped the vigilance of the pickets and succeeded in getting into the mill.

PERSON TO THE VETERANS

Omaha, Tells Commanders at Cleveland That Anarchy Must Go at Once.

CLEVELAND, O., Sept. 9.—The city tonight was brilliantly illuminated in honor of the visiting veterans of the civil war, who have been pouring into Cleveland a day to participate in the exercises of the annual reunion of the Grand Army of the Republic.

The center of the scene tonight was the soldiers' and sailors' memorial square in the heart of the city. Every radiating street was congested with a stream of humanity, and far out in Euclid avenue, where the sparkling electric fountain in Wade park shed its radiant glories upon the night, the crowds coursed incessantly to and fro. There is now no longer any doubt as to the effect of the attempted assassination of the president upon the present gathering. It has stirred the patriotism of the people and the veterans and their friends are coming to rejoice or to sorrow, as the will of Providence may dictate.

General Daniel E. Sickles today gave expression to a sentiment, which is reflected in the hearts of every patriot present. Tall and sturdy, although the snows of seventy winters had not sifted their powder in his scanty locks, and erect upon his crutches General Sickles strode into National Grand Army of the Republic headquarters and lifting his cap to General Ransom and the other dignitaries, bowed and exclaimed:

"Gods bless us, let us thank God for the news from Buffalo. The Lord has heard the afflicted prayers of the civilized and uncivilized world. Christian, Mohammedan, Chinese and all people have united with us in prayer that McKinley might be spared to us. That prayer is answered. Blessed be the name of the Lord, who preserved that great personality to us."

Then, dropping his impressive manner, the general said: "I'll back McKinley's luck every time. The God that battles stood by him during the war, the God of good fortune has remained with him ever since. He cannot die at this time and under such circumstances."

General Manderson of Omaha also sounded the keynote of the evening by his hearty union toast of the First Ohio volunteer light artillery.

"Tempering every breath of happiness at this reunion is the fearful tragedy of last Friday, said General Manderson. I do not exaggerate when I say that the example set by you has been one of patriotism. You have trained your sons to be sons of America, to know what it is to uphold the flag of our free institutions."

Manderson Scores Malecontents. "There remains to be trampled under foot an element of our population, countenanced and sustained by an unprincipled, unprincipled rostrum, preaching the gospel of discontent. I do not say too much when I assert that this element delights in condemnation—aye, contempt for the powers that be. I can find no words in which to fittingly refer to the wretch who has done this thing, but I hold him harmless compared with those who prompted such sentiments. It is for us and for our sons to stamp out anarchy and socialism as we stamp out cancer."

At a meeting of the citizens' Grand Army committee on president's day the following statement was issued: "While our beloved president is enduring with sublime fortitude the suffering caused by the insupportable crime of Friday last, it is appropriate that all functions connected with the Grand Army in which he was to have participated should be omitted."

As to the public reception which was to have been tendered to the president, a meeting of the citizens and veterans will be held in the central armory on Thursday, September 12, at 3 p. m.

Praise and Thanksgiving. "In view of the improvement of the president's condition, for which we are all so devoutly grateful, the meeting will be one of praise and thanksgiving. It is expected that citizens of national prominence will attend. A program of exercises to consist of prayer, music and brief addresses, will be announced later."

The seventh corps of the Women's Relief corps of Cleveland gave a reception tonight in the Rose building in favor of the national officers and delegates to the convention of that organization. A reception and ball was given by the local Sons of Veterans at Chamber of Commerce hall. The time of the veterans today was largely taken up with "receptions and informal reunions."

Another Close Match. Another match was contested by four men who shot seven shots each at 300, 300 and 300 yards, which consisted of the first half of a contest for three prizes donated by the French shooting societies. The result so far is as follows: Captain Shaw, Washington, 287; Captain A. B. Martin, Elizabeth, N. J., 174; Lieutenant H. M. Bell, Washington, 115; Lieutenant A. M. Allison, Washington, 109, out of a possible 140.

LATEST BULLETIN FROM THE BEDSIDE

MILBURN HOUSE, BUFFALO, Sept. 9.—9:30 p. m.—The president's condition continues favorable; pulse 112, temperature 101, respiration 27.

MILBURN HOUSE, BUFFALO, Sept. 9.—3 p. m.—The president's condition steadily improves and he is comfortable, without pain or unfavorable symptoms. Bowel and kidney functions normally performed. Pulse 113, temperature 101, respiration 26.

Signed:—P. M. RINEY, ROSWELL PARK, M. D. MANN, HERMAN MYNTER, GEORGE B. CORTELYOU, Secretary to the President.

KILLS IOWA AND KANSAS MEN

Had Wreck Occur on Northern Pacific at Jamestown, N. D.

SIX ARE IN THE LIST OF INJURED. They Are, Like the Dead, from Nebraska's Neighboring States—Train's Air Brakes to Blame.

JAMESTOWN, N. D., Sept. 9.—A Northern Pacific train of seven freight cars and two passenger coaches collided with an engine in the Jamestown yard today, killing five men and injuring several others. The dead: JOHN T. GALLEY, Clearwater, Kan.; R. D. VICKERS, supposed to be from Chicago; H. J. KIRKPATRICK, Eldon, Ia.; ROBERT GLENNY, Ontario, ONE UNKNOWN.

The injured: Louis Hammond, Woodman, Wis.; Frank Leonard, South Bend, Ind., chest and body crushed, leg broken twice; P. C. Kan and A. Steinar of Lehigh, Kan., both slightly hurt in back; C. B. Perry, Grinnell, Ia., bad fracture of arm and shoulder; E. C. Long, Glenham, S. D., leg broken twice and breast crushed.

The engineer and conductor of the train say the airbrakes failed to work.

ENGINE PLOWS INTO HILL. Broken Plunge Causes Wreck on Baltimore & Ohio, Killing One, Injuring Others.

WHEELING, W. Va., Sept. 9.—A frightful railroad accident occurred at Burton today, forty miles east of here, on the Baltimore & Ohio railroad today. One man was killed and one fatally hurt and a number slightly injured. The engine on the through express, running thirty miles an hour, broke in a financial and square across the hill, rolling over onto its side and plowing into the side of the hill. Engineer M. B. Stover, one of the oldest men on the road, was pinned under the engine and fire which followed the wreck cremated his body. Fireman Mackay was thrown from the engine, landing under the cab, where he was fatally scalded by escaping steam. Baggage-master Frank Riley and Postal Clerk Ross were both badly hurt, but not fatally.

The train was made up of six coaches loaded with Grand Army of the Republic excursionists bound for Cleveland. All were shaken up, but not more than half a dozen were hurt, those being out by broken glass. After the wreck the coaches took fire and two, with the baggage car, burned. The effects of the passengers were all lost. Travel on the road is blocked and may not be opened before night.

CONTEMPT CASE IS SETTLED. Judge Mullins at Denver Fines Bailiff Schrader and Discharges Thomas and Gontier.

DENVER, Sept. 9.—Judge Mullins in the criminal court today fined Bailiff Robert Schrader \$250 and costs for contempt of court and discharged Police Magistrate William J. Thomas and ex-Fire Warden Daniel Sattler. The three men were accused of having attempted to influence the jury at the trial of W. W. Anderson for shooting F. G. Bonilla and V. S. Tambo, publishers of the Post, to return a verdict of guilty. Messrs. Bonilla and Tambo, after their names could not be connected with the alleged bribery, insisted upon the district attorney issuing warrants against them. When their cases came to trial the court exonerated them of any connection with the charges made.

In giving his decision today Judge Mullins said that the charges had been greatly magnified and that he had been placed in a very unenviable position.

LAST OF OLD TURF CONGRESS

American's Successor to Be Born at Meeting to Be Held Next Week.

CINCINNATI, O., Sept. 9.—Secretary Hopper of the American Turf congress announced tonight that the annual meeting of that body will be held in the Wellington hotel, Chicago, September 18. Notices have been sent to the thirteen associations forming the body, prior to the organization of the Western Jockey club and the Cella-Adler-Tillot combination. At this meeting it is expected that the American congress will be formally wiped out of existence and a new organization formed.

A call was also issued for a meeting of the minority of the American Turf congress to be held at the Ironopolis hotel, Buffalo, September 18. This brings the turf situation back there it was last March when Latonia, Louisville, Harlem, Hawthorne, Memphis and New Orleans were dropped and E. C. Hopper, secretary of the majority of the American Turf congress, was ousted from his office and succeeded by Mr. Fowler. Mr. Hopper claims that the action of the minority of the congress in seizing the books and reorganizing the turf congress was illegal and that the original turf congress is still in existence until the annual meetings.

The tracks named are members of the Western Jockey club at the present time. The members of the Turf congress are Nashville, Delmar, St. Louis fair grounds, Highland park and Newport.

Regarding the action of the body in calling a meeting Mr. Fowler said: "They are not members of the Turf congress, so they have no right to call a meeting to their hearts' content. None of the present members of the congress will pay any attention to their proceedings."

Mr. Fowler will not give out the date of the fall meeting at Newport until the meeting is held at the Ironopolis and there is another clash between Latonia and Newport.

MARKET NEEDS NO SUPPORT. No Necessity for Joint Action by the Strong Financial Factors of Stock Exchange.

NEW YORK, Sept. 9.—Sentiment in financial circles was improved this morning. The news of President McKinley's condition was regarded as reassuring and there was a feeling also that the worst has been done in the way of the stock market. None of the present members of the stock exchange, nevertheless, Members of the committee of the Clearing house were present at the opening of the stock market, although it was said that they would not be a formal meeting of the committee. The buoyant tendency of the opening dealings in stocks was, therefore, not a great surprise. Neither was the quick downward course after the opening. All discussion of the subject is premature. I have not yet even taken the matter up for consideration."

HIS LODGE EXPELS CZOLGOSZ. Knights of the Golden Eagle Cast Him Out with So Gentle Farewell.

CLEVELAND, Sept. 9.—Leon Czolgosz was expelled from Forest City castle, Knights of the Golden Eagle, today. The organization took prompt measures to purge itself from the odium of his membership. The anarchist and would-be assassin was entered as a member of this lodge under the name of Fred C. Nieman and had drawn twenty-six weeks' sick benefits.

Officers of the grand lodge located at Youngstown, O., and representing the state organization were in communication with officers of the Cleveland branch Monday and the result was the expulsion of Nieman, who has been characterized in the motion signed by officers and members as a renegade and his act is characterized as a dastardly and cowardly deed. The motion terminates with an appeal to the Almighty to save the president and preserve the union.

MAGGIO IS NOW A PRISONER. United States Marshal Foraker Reported to Have Arrested Him Near Silver City.

DENVER, Sept. 9.—A special to the News from Silver City, N. M., says: Maggio, the alleged anarchist and musician, who was said to have predicted the assassination of the president, has been arrested by United States Marshal Foraker near Silver City.

CONDITION OF THE WEATHER

Forecast for Nebraska—Fair; Warner, Tuesday; Wednesday Fair; Southern Winds.

Temperature in Omaha Yesterday: Hour, Day, Hour, Day. 5 a. m. 57, 2 p. m. 62, 6 a. m. 56, 3 p. m. 65, 7 a. m. 56, 4 p. m. 67, 8 a. m. 56, 5 p. m. 67, 9 a. m. 58, 6 p. m. 67, 10 a. m. 59, 7 p. m. 67, 11 a. m. 60, 8 p. m. 67, 12 m. 62, 9 p. m. 65.

MILBURN HOUSE, BUFFALO, Sept. 9.—3 p. m.—The president's condition steadily improves and he is comfortable, without pain or unfavorable symptoms. Bowel and kidney functions normally performed. Pulse, 113; temperature, 101; respiration, 26.

MILBURN HOUSE, BUFFALO, Sept. 9.—9:32 p. m.—Mrs. Mynter and Wadlin came out of the Milburn house at this hour and reported that the last examination for the day had been proved entirely satisfactory and that there was slight change. Senator Hanna made his third visit for the day to the house, while the consultation of the physicians was on.

MILBURN HOUSE, BUFFALO, Sept. 9.—The following bulletin was issued by the president's physicians at 9:30 p. m.: "The president's condition continues favorable; pulse, 112; temperature, 101; respiration, 27."

MILBURN HOUSE, BUFFALO, Sept. 9.—Dr. Herman Mynter, one of the consulting physicians of President McKinley, said tonight: "I have always made it a point not to prognosticate on serious cases, for you know man proposes and God disposes. I consider the president's case a serious one and so I do not predict, but I may say that this stage of the occurrence the condition of the patient is quite remarkably favorable and personally I cannot anticipate anything but recovery."

OHIO POLICE TO CONTINUE. Republican Chairman Declines to Abandon It as Proposed by the State Democracy.

COLUMBUS, O., Sept. 10.—Chairman Daugherty of the Ohio democratic state executive committee yesterday addressed a law convention, but I agree that the progress of the president's condition is one that strongly favors complete and rapid recovery."

FILIPINOS SEND SYMPATHY. Representative of Insurgents in Europe Cables Message of Condolence from London.

LONDON, Sept. 9.—Antonio Regidor Y. Jurado, described as the European representative of the Filipinos, has sent the following message: "In behalf of the Filipinos we wish to express our horror and sympathy for the president's life and to assure him and his courageous wife of our sympathy and prayers. May he soon recover to adjust the difficulties between the Filipinos and America. A fatal termination would be deplored nowhere in the world more than in the Philippines."

SERVIA AND BOLIVIA SORRY. King of One and President of the Other Country Send Messages.

WASHINGTON, Sept. 9.—Some of the additional cablegrams of condolence received at the State department today are as follows: "I beg your excellency to accept the expression of my most profound sympathy on the occasion of the heinous attempt made against you."

GLAD GREAT FATHER LIVES. Indians Believe McKinley Their Good Friend and Rejoice Over Favorable News.

ALL IS GOING WELL

Dr. McBurney So Declares After Examining President McKinley's Wounds.

IMPROVEMENT PROMISES TO BE RAPID

If Distinguished Patient Survives at All, Recovery Will Be Quick.

MAY BE MOVED SAFELY IN THREE WEEKS

No Sooner, However, as Outer Wound Must Be Well Healed.

CASE VERY DIFFERENT FROM GARFIELD'S

Circumstances in Present Instance Are More Favorable and Science Better Able to Cope with Difficulties.

MILBURN HOUSE, BUFFALO, Sept. 9.—It was with smiling faces that the physicians emerged from President McKinley's bed chamber at 9:30 o'clock tonight and to the reporters they passed in leaving the house, remarked: "Nothing new, gentlemen. The examination was perfectly satisfactory and the patient is improving."

Dr. McBurney said to an Associated Press reporter, after the issue of the 3 o'clock bulletin, that all the indications continued favorable.

"No bad symptoms have appeared," said he. "No one can say now that the president is out of danger, however, and for a week the possibility of complications may exist. At the end of that time, if all goes well, we may be able to say that he is convalescent."

Dr. Mann Not So Assuring. "I have known cases," put in Dr. Mann, who was with the noted surgeon, "to go well for ten days and then change for the worse."

"That is true, perhaps," said Dr. McBurney, somewhat deprecatingly, "but it is entirely unusual. If the president continues to improve for a week we may safely say he is a convalescent. It will probably be three weeks before it will be safe to move him. We must wait until the outer wound is healed and strong. The inner wound through the stomach proper will be strong before the exterior wound is. How long it will be before he will be able to sit up will depend on the rapidity of his improvement, and I may say to you further that his improvement, if it continues, promises to be rapid."

No Such Case as Garfield's. Dr. McBurney was asked to compare the Garfield case and its treatment with that of President McKinley. He smiled as he replied that to do so would be to give the history of the progress of surgery during the last twenty years. "Besides," said he, "the cases are utterly different. Garfield's wound was an extremely unfortunate one in every way. It was difficult to handle, it was impossible to get at the wound. Further, the progress of McKinley's wound is in many respects a lucky one. No comparison is possible."

Turning to the Associated Press reporter, Dr. McBurney said: "You can assure your clientele that all goes well. President McKinley's condition could hardly be more satisfactory. Furthermore, you can impress and emphasize the fact that the bulletins issued state the truth."

Dr. Mann said the president was not out of danger. He said some nourishment was administered today, in the form of enema, and he had taken some water into his stomach. It was found that cold water did not agree with him, and, instead water as hot as the president can bear it is now administered. The president's bowels have moved freely today and this is considered an excellent symptom.

PATIENT PASSES GOOD DAY. Takes Nourishment, Has Two Callers and Shifts Position in Bed Without Help.

MILBURN HOUSE, BUFFALO, Sept. 9.—"God's contribution to the American people will be the sparing of the president's life." As the evening shadows were falling tonight John G. Milburn, president of the American exposition, reverently uttered these words as he stood before the house in which the nation's patient was fighting so bravely with death and all who have been at the Milburn residence today reflect the view that the battle will be won and that the prayers of the world will be answered.

Since last night not an unfavorable symptom has appeared. Confidence in the outcome grows stronger and stronger and hope mounts higher and higher until, in the minds of some, the danger of all future complications is brushed aside and with hope comes conviction. Indeed, many of the president's friends seem possessed with a sort of superstitious confidence in the president's recovery, which nothing but an absolute change for the worse can shake. And the basis for the confidence that is expressed is solid. There has been nothing but improvement, gradual at first, but steady improvement. Every day every private and public word of the physicians in attendance breathe encouragement. The reports which the physicians give are facts as they exist from a scientific standpoint, unmingled with sentiment.

None Will Promise Certainty. It still that the president is by no means out of danger is the verdict of each of them. Not one of them will risk his professional reputation with a statement that the president will live. All they will say is that with every hour the danger of complications from peritonitis or blood poisoning decreases. Dr. McBurney, the foremost of the physicians in attendance, expresses the opinion that if the improvement continues it will be a week yet before the president can be pronounced out of danger and convalescent. And some of his colleagues, like Dr. Mann, place the limit of danger still further away. The fear of peritonitis, it can be said, positively, has well nigh disappeared. At the expiration of the seventy-two-hour period at 4 o'clock this afternoon danger from that source was almost gone.
