

OIL TAKES PLACE OF COAL

Southern Pacific Road is Experimenting on an Extensive Scale.

SATISFACTORY REPORTS ARE SENT OUT

Five Boxes Are as Rapidly as Possible Being Converted into Oil Burners—Mr. Harriman Receives Reports as to Work.

A report has been forwarded to E. H. Harriman about the progress of converting Southern Pacific locomotives west of El Paso and Ogden into oil burners.

Several tanks are being erected at various stations, so as to have on hand always a supply of oil for the locomotives.

HILL SAID TO BE THE OWNER

Removed Transfer of Pacific Short Line Ownership.

In railroad and financial circles usually best informed it is believed that the Pacific Short Line, running 130 miles from Sioux City to Omaha, Neb., has passed into the ownership of James J. Hill of the Great Northern.

It is true the transfer of ownership has been made recently. The Great Northern did not have a dollar's interest in the property when it was foreclosed.

There is no doubt among railroad men that the operation of the road by the Great Northern has been profitable.

WOOL WAREHOUSE IN NIGHT

Burlington to Build Large One at Cody.

Upon the completion of the Toluca-Cody branch, which will probably be within thirty days at the outside, it is said that the Burlington will build the large wool warehouse at Cody planned several months ago.

One of the principal reasons for making Cody the wool center is that by shipping from there the Burlington will get the entire haul and will not have to devote freight receipts with the Northern Pacific as in the past.

GETTING DOWN TO FINE POINT

Western Passenger Association Reviews Its Rules.

Western Passenger association roads at their meeting in Chicago last week decided to organize another auxiliary bureau to consider and make recommendations to the general association as to uniform methods in advertising.

Local passenger officials say that this action means the abolition of all kinds of scheme advertising, the blacklisting of undesirable mediums, and publishers who misuse the transportation given in exchange for advertising.

LABORERS ARE VERY SCARCE

Supply of Workmen Just Now is Far Short of the Demand, Which is Very Brisk.

From all sides come complaints of a lack of common laborers in Omaha this week. The men in charge of the work at old Fort Omaha, where arrangements are being made for the National Guard encampment, were unable yesterday to secure laborers, although they visited every employment agency.

Old Officers Retained.

The annual meeting of the Laramie, Hahn's Peak & Pacific railroad was held at Laramie Saturday and the old officers re-elected. It was decided to make the entire line, Laramie to Hahn's peak, standard gauge.

NO CASE AGAINST HOBART

Harvey Hobart will not be prosecuted for shooting Tony Boehme. The case was dismissed in police court yesterday at the request of the county attorney, who said that Boehme had decided to drop the prosecution.

Hobart is a street car conductor. On the night of August 10 he and Boehme had a dispute while Boehme was a passenger on Hobart's car. The men quarreled and finally stepped from the car and clinched. When they fell Hobart drew his revolver and shot. The bullet lodged in Boehme's lung. He has now fully recovered from the effects of the wound.

A Shocking Calamity. "Lately fell a railroad laborer," writes Dr. A. Kellott of Whitford, Ark. His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by Kuhn & Co.

D. K. Gillespie of 2542 Davenport street was slugged by two footpads near Twenty-sixth and Dodge streets about 11 o'clock Saturday night and rendered unconscious. They secured \$2 from his pockets, but overlooked a large sum secured elsewhere. Mr. Gillespie lay unconscious upon the sidewalk for some time until a passerby aroused him and took him to his home. He was thought to be seriously injured, but has now almost entirely recovered from the effects of the blow. He is unable to give a description of his assailants, as he did not get more than a glimpse of them.

GRAPES ARE GOING HIGHER

Market Seems to Promise an Elevation of Prices—Peaches Are Strong.

The grape market took a flyer yesterday and there promises to be higher prices in a short time. The manager of the association which seeks to control the market in this fruit issued a bulletin which put the outsiders to quaking. He made a standing offer for all standard picked goods of 12 1/2 cents a basket and announced that the association will sell no grapes under 15 1/2 cents per basket for standard grapes. Yesterday he displayed a telegram ordering a car of grapes at 15 cents a basket and announced the order has been refused. This statement strengthened the price considerably, but salable stock was found as low as 12 1/2 cents for all of that, while some very good grapes sold as low as 10 cents a basket.

The peach market was a little stronger yesterday as the result of the falling off of the Missouri shipments, the fruit selling in boxes at 75 to 85 cents per box. The apple market was somewhat stronger, good stock selling as high as \$1.00, with culls and smaller stock as low as 40 cents.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Marchias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1.00. Trial bottles free at Kuhn & Co.'s drug store.
