At any rate the news reached the ears of several persons who are keep- world. The consuls are expected not only ing tab on the actions of the board and to make regular reports showing the trend there is going to be "something doing" be- of business in their several localities, but fore long. David Anderson and others are of the opinion that an offense of this kind a matter for the grand jury to take up and preparations are being made to secure when any new idea is demonstrated which evidence to present to this body when it meets in November. In the meantime steps The result of this is that the newspapers will be taken to force Schroeder to resign. The assertion was made last night by certain members of the School league, that a demand would be made at once for the resignation of Schroeder. It was further stated that unless this demand was complied with that the courts would be called upon to remove him from office.

Opening of Public Schools.

The public schools opened yesterday with a much larger attendance than last year. Superintendent McLain said last night that owing to the usual hurry on opening days he has not been able to get reports to show the exact enrollment. All of the schools were crowded, and especially the rented rooms. By the end of the week the en- ing appropriated \$1,000 to pay for exrollment will, it is thought increase, thus making it necessary for the board to secure additional rooms. Ninety-eight teachers were employed yesterday and the superintendent expects to put on one or two additional teachers today. For some reason devoted to the purposes for which it was there was no meeting of the Board of Education last night.

Telephones in Schools.

Even though the funds are low an effort to the fund. is being made to install telephones in the public schools here. As the schools are so far apart telephonic communication would valuable to Superintendent McLain and his assistants. The cost, it is stated, will be little when compared to the time spent by the superintendent in traveling from otherwise attend. one school house to another. This matter will, it is stated, be seriously considered by the Board of Education at an caly date.
