Grain Trade on the Board of Trade is Generally Quiet Throughout. WHEAT HAS LITTLE STRENGTH OF ITS OWN.

Irregular, but in the Main Steady—Oats Easier and Fairly Active—Sole of Provisions Largest for Year.

CHICAGO, Sept. 20.—The grain trade in general was quiet today. December wheat closed a higher, December corn 4c lower and December oats 1/4c lower.

Wheat had little strength of its own and was accordingly a weak influence. December opened a shade to 1/8c higher at 1 1/2c 7/8c. There was a small outside demand, which brought December to 7 1/2c, but the liquidation and support withdrew from the market, and it steadied on covering and closed firm, 1/4c higher, at 7 1/2c 7/8c.

On the Produce exchange today the butter market was dull and unchanged at 20c. Eggs, firm, fresh, 15c.
