ACTION BECOMES A LONDON SENSATION

Crowds Abandon Yacht Race Reports Part of the Time to Discuss It-Thorpe of Nebraska Rides Winners.

NEWMARKET, Oct. 1.—The stewards of the Jockey club today voted to withdraw the license of Lester Reiff, the American jockey, and to warn him off Newmarket beath. This latter penalty is generally only imposed upon welchers. The action of the Jockey club followed a hearing of testimony on the accusation against Reiff of suspicious riding of William C. Whitney's DeLacy Friday last, when that horse was second to Richard Croker's Minnie De, ridden by J. Reiff in the race for the

New Barnes plate. Huggins, Mr. Whitney's trainer, told the stewards that he had not seen anything wrong and that, having trained the horse, he had eyed him closely throughout the race, especially at the finish. Wishard, Mr. Croker's trainer, gave similar testimony. Some of the English jockeys intimated their belief that Reiff pulled the Jo horse. Following the announcement Mr. Whitney will withdraw from the English

It is understood that Corrigan's license will not be renewed next year and that under the rule recently adopted no more trainers will be licensed.

Five of the events on today's racing card were won by horses on which American jockeys had the mount. Daketa III ("Clem" Jenkins) won a maiden two-year-old race. Semper Vilgilans, ridden by Thorpe, won the triennial Produce stakes; distance, one mile seven furlongs and 203 yards. Edmed (Maher) won the visitors' plate; distance. five furlongs. Armenth (J. H. Martin) won an all-aged selling race; distance, six furlongs. Lute (Thorpe) won the first nursery handleap; distance, five furlongs. More Interesting Then Yacht Reports.

LONDON, Oct. 2.-The crowds on the Thames embankment and elsewhere waiting for the announcement of the yacht race last night were much smaller than the crowds of Saturday night, owing to the rain and the great disappointment following the result.

The Reiff event divided interest with the yacht race. It is just a year since the letter of Lord Durham accusing Reiff appeared in the London papers. Reiff then surprised the public by refraining from bringing an action against Lord Durham for libel, but the Jockey club completely exonerated him.

The general opinion last night was that Lord Durham and the other stewards of the Jockey club, piqued at the failure of the attack, had been watching for an opportunity to make a case against Reiff and that having succeeded they have forced he hand of the Jockey club as strongly is possible against him.

The Sportsman, commenting upon the Reiff case, says: "The decision is not surprising, since there have been many in-itances of suspicious riding. The worst centure of the case is that these were often oreshadowed by the state of the market. t cannot be said that he has not been given every chance. It is to be hoped that the lesson will be taken to heart by all his compatriots. So long as they conduct themselves properly they are welcome in this ntry and the triumphs of lads like Maher are received with quite as much enthuslasm as though they were Englishmen."

is also held by many English followers of racing, though their feeling is not quite so strong as among Reiff's own compatriots. To Reiff personally the decision is not

expected to mean any serious financial loss, for he was credited with the intention, even before the present trouble, to end his riding career in this country at the end of the present season and settle on a California

LINCOLN. Oct. 1.—(Special.)—The Nebraska team returned home Sunday from Kirksville in a bruised and battered condition. Ringer, who sprained his knee in practice last Thursday, was unable to get in the game at all and may be unable to piay any more this year. Bender wrenched his leg badly in the game Saturday, but he will be out in a couple of days. Nearly every man on the team is more or less bruised up, but a few nights' practice will put them in shape again.

Booth's team encountered a much stronger cleven at the doctors school than they had anticipated. But they say that on neutral grounds they could have scored at least three touchdowns. Team work was made almost impossible by the noise made by megaphones used by the rooters. Deam was forced to whisper the signals to the backs.

Pilgrimage to Saratoga.

NEW YORK, Oct. 1.—The president-general of the Sons of the American Revolution and president of the Empire Society of the Sons of the American Revolution has announced the dates for the "Saratoga pilgrimage." It will take place September 19, 20, 21 and 22, 1902, and will be made an annual meeting. It will be conducted under the auspices of the Empire State society. The pilgrims will include Sons of the American Revolution, Daughters of the American Revolution, Daughters of the Revolution, the Society of Colonial Wars, Society of the Cincinnati, Friends and Patrons of America, the Mayflower society and other societies. made by megaphones used by the rooters. Deam was forced to whisper the signals to the backs.

Maloney, the new man, who took Ringer's place at guard, played great ball for a new man and with more experience will hold his own with the old men around him.

Coach Booth put the varsity through a light practice last evening. The men were stiff and sore and after signal practice and punting, with a ten minutes' scrimmage, he sent the squad to the armory.

Two teams of the scrub put up an exciting twenty minutes' scrimmage. Some of the new men showed up well for beginners. Williams is showing some of his old time form aga'z, smashing interference and tackling in a way that will win him a place on the 'varsity if he keeps it up.

One of the foot ball surprises of the year occurred this evening, when George Shedd, the best fullback Nebraska ever had, appeared on the field in uniform. He is registered in the law school and will work hard to get into condition for the Minnesota game! Shedd gained a national reputation by his work on the '96 and '97 teams. He has brought many a victory to Nebraska by his superb work. Shedd weighs 180 pounds, is fast on his feet and plunges into the line with terrific force. He is a good defensive player and many a mass on tackle play will be smashed by his low, hard tackling.

Every effort is being made to get the team into the pink of condition for the Minnesota game. That there will be a great crowd go up to the Gopher capital there is little doubt. One of the conditions is that the mortgagor shall satisfy a first mortgage for \$1,700,000 dated February 1, 1897, and given to the Farmers' Loan and Trust company of New York. It is Mr. Lawson's judgment after waiting until the last practical moment hoping for favorable conditions that the comparative form of the two stallions is such that a race between them would be a farce. He has, therefore, declined to donate \$5,000 for such a race and it is consequently declared off."
