

OMAHA HIGH SCHOOL LOSES

Woodbine Wins Its Tenth in the Gate City's Locks.

BUT SIX TO ZERO IS NOT SO TERRIBLE

Temporary Sings Frigate and Poor Game Generalship Responsible for the Visitors' Inability to Score.

Defeat was meted out to the Omaha High school foot ball eleven by the Woodbine (Ia.) Normal school team at Woodbine Saturday afternoon.

Being beaten only by the small margin of one touchdown and goal in forty-five minutes of play the Omaha are not in any particular dejection over the result.

Moreover the high school boys credit those six points, made in the first five minutes of play, not to any superiority on the part of the Normal school men, but rather to their own temporary disability from a sort of stage fright which seized them when they first lined up against their formidable looking foes.

After that first fatal fiasco, however, the Gate City lads took heart and braced to their work.

From then on it seemed merely hard luck and who was probably poor game generalship that prevented Omaha from scoring.

Three times in succession the team forced the ball clear down the field to the Woodbine ten-yard line and each time a kick for the goal was tried from there.

Every attempt failed. Had the high school boys continued running the ball instead of trying the kicks they might easily have scored on one of those occasions.

Woodbine never again got nearer than the twenty-yard line to Omaha's goal. The Normans were held once at the latter point by a herculean effort of the high school boys and at no other time was the latter's goal threatened.

It was a fiercely contested battle throughout. Each team showed its ability to hold the other for downs, so closely were they matched. The features were Fairbrother's end run of thirty yards and Ely's punting and tackling. Lineup:

Gets Official Hundred Yards Record, Equal to His Unofficial World's Time.

LOUISVILLE, Ky., Oct. 5.—No records were broken today by the athletes who participated in the games under the sanction of the Amateur Athletic union at the Interstate fair at Churchill Downs.

The 100-yard run record of 34.5 seconds was equaled by A. T. Duffy, the student of Georgetown university. Duffy was two feet ahead of his nearest competitor, H. Hargrave of Yale.

The mighty Flanagan, after breaking the world's records for sixteen-pound hammer throw and discus throw, threw the hammer and the circle only far enough to beat his competitors. He also won the sixteen-pound shot throw today. Five thousand people saw the event.

RANSOM MONEY MUST HURRY

Additions to the Nineteen Thousand Dollars Already Raised Should Be Sent at Once.

BOSTON, Oct. 5.—To add to the sum of nearly \$19,000 which had been today received by Kidder, Peabody & Co. for the ransom of Miss Ellen M. Stone, the missionary detained by the brigands in the Balkan mountains, subscriptions will probably be taken tomorrow at some of the church services.

It has been suggested, however, as the treasurers of the fund urge that all subscriptions be in their hands by Monday noon, that persons wishing to subscribe should do so to Kidder, Peabody & Co. direct.

Rev. Dr. John L. Withrow, pastor of the Park street church, and Rev. Dr. Lorimer, pastor of Tremont temple, who were both signers of the appeal published today to subscribe toward the sum of \$112,000 demanded by the brigands for the release of Miss Stone, stated this afternoon that they would urge their parishioners to contribute and send their contributions to the treasurers as early as possible, in compliance with the appeal. The time was so short, it is urged, the subscriptions should be made individually.

Miss Stone's mother, an old woman and in somewhat feeble health, still lives at the home in Chelsea, and a brother, Charles A. Stone, who resides at Newton, are among the relatives who live about this section. The latter was one of the signers of the appeal and he and his wife each are subscribers of \$5,000.

A telegram was received today from H. C. Haskell, one of the missionaries at Samokav, to one of the friends of the missionary, reading: "Assure the family everything being done."

BOUCHER ASKS A FRANCHISE

New Proposition Made the Board of County Commissioners.

CHARTER TO RUN FOR FIFTY YEARS

Company to Have Half a Century's Use of the County Roads Under Certain Stipulated Restrictions.

J. J. Boucher has broken into the suburban electric railroad business and at the session of the county commissioners yesterday submitted plans for a market franchise, briefly, the plan, submitted by Mr. Boucher is as follows: The county of Douglas will grant to the Douglas County Railway company a franchise to operate its lines upon certain county roads for a term of fifty years, with the agreement that at the end of the first five years the county shall have the right to purchase the lines at a valuation to be assessed by a board of arbitration consisting of five members, two to be appointed each by the county and the company and the fifth to be chosen by the four.

Within six months from the granting of the franchise the company shall select six routes in or through Douglas county, three of them running generally north and south and three of them east and west. Within two years they shall commence work on one of the routes and shall build at least five miles of road each year until all are completed.

The company shall have the right to use the bridges already existing on the roads where its lines are to be laid, at its own expense making said bridges secure. Where other bridges are required to be built the company will construct them upon plans approved by the county commissioners, reserving the right to suggest improvements as they see fit.

The rates to be charged by the company for the transportation of persons and freight shall be reasonable and after the end of five years the county commissioners shall have the right to make a scale of maximum rates to be charged for such service. The company agrees to haul all agents and employees of the county, when traveling on county business, at one-half the rate charged to ordinary passengers, and further agrees to haul without cost all supplies for the poor in charge of the county.

If further agreed, as soon as the franchise is granted, to file with the county clerk a bond in the sum of \$2,000 for the fulfillment of the contract on its part and to protect the county from any suits for damage which may result from the construction of the road.

At the meeting of the commissioners V. O. Strickler, representing the Fremont company, was present in the committee meeting presenting the claims of that company. At the close of the conference the hearing of all matters connected with suburban roads was set for Wednesday before the committee of the whole.

Bid Farewell to Henry Irving.

LONDON, Oct. 5.—A large party of the friends of Sir Henry Irving, Ellen Terry and other members of the Irving company lunched with them and bade them farewell today on board the Atlantic transport line steamer Minnehaha, sailing from London for New York. United States Consul General Osborne and Mrs. Sarah Grand were among those present.

The sermons the Kaiser has delivered on board his yacht Hohenzollern in the past six years are to be collected and published in a special volume for the edification of the German soldiers and sailors. They are not all of the Kaiser's own composition, but some were selected by him as being specially adapted to the audiences he addressed.

BALMORAL TOO DAMP FOR KING

Public Unrestiveness Over Edward's Health Continues in Spite of Court Reassurance.

(Copyright, 1901, by Press Publishing Co.) LONDON, Oct. 5.—(New York World Calliegram—Special Telegram.)—The public unrestiveness at the absence of any definite official statement regarding the king's health continues, although it is semi-officially announced that he has been suffering from rheumatism and lumbago.

But the publication of a court circular stating that the king and queen drove yesterday to Aberdeen castle on a visit to the countess of Clarendon and the fact that Sir James Reid left for London have had a reassuring effect, seeming to indicate at least temporary improvement in his majesty's condition.

It has been intended that the king should pay a visit Thursday to the duke and duchess (his daughter) of Pife at Mar Lodge and the Duff esquires were to have turned out to welcome the royal party, but at the last moment the journey was postponed.

It is alleged that the cold, damp atmosphere of Balmoral has had an unfavorable effect upon the king's health and it is said that his physicians advise a considerable curtailment of his intended visit here.

STIRS UP ENGLISH COURTS

Aggressive American Quickly Gets Important Case Out of Chancery.

(Copyright, 1901, by Press Publishing Co.) LONDON, Oct. 5.—(New York World Calliegram—Special Telegram.)—General Edward C. O'Brien, a former president of the New York department of docks and ferries, sailed for home today on the steamship Lucania. In seven months he has established a record in litigation here. He has carried a case through the chancery division of the high court of justice and a court of appeals, and retried it before an arbitrator, being victorious on each occasion.

The suit was one for breach of contract brought by the Cuban and Pan-American Express company, of which Mr. O'Brien is the president, against the United Railways of Cuba, which is an English company. The breach of contract consisted in the railway company insisting on the right to carry express matter in spite of a contract with the express company.

The final arbitration was before William English Harrison, K. C., who will found the express company. The damages which were heavy, were assessed privately. The litigation was ended just in time yesterday for General O'Brien to book passage on the Lucania today.

Draws Caricatures of Some of His Predecessors on Prussian Throne.

(Copyright, 1901, by Press Publishing Co.) BERLIN, Oct. 5.—(New York World Calliegram—Special Telegram.)—The Kaiser was much occupied during his recent vacation in drawing caricatures of the leading personages in the history of Prussia, and especially of Brandenburg. He is skillful with the pencil and works rapidly in bold, slashing lines. He has made caricatures of a number of his predecessors on the throne of Prussia, and also made skillful humorous sketches of many of the leading statesmen and ladies of the seventeenth and eighteenth centuries.
