Several amendments to article 1 of the new constitution were offered, the object being to change the section designating the manner of determining who shall be the presiding bishop and the term of his service in that position.

A message from the house of bishops announced its consent that the name of the diocese of Indiana be changed to the diocese of Indianapolis. The deputies immediately concurred.

Rev. Canon Stuck of Dallas offered the following resolution, which was referred to the committee on education:

the committee on education: Resolved, That the degree of Doctor of Philosophy implies in the holder original research of a character to further the progress of some science and should be given only on residence at a duly incor-porated and qualified college on proof of such work by examination and thesis. Resolved, That only degrees of Doctor of Philosophy when conferred should be rec-ornized in the calendars and official pro-grams of the church. The house proceeded with the discussion

The house proceeded with the discussion of amendments to the constitution, the question being the provision that special forms of service may be prescribed by canon for certain congregations not in full union with the church. An attempt was prickly Ash Bitters. It is an admirable to limit speeches to ten minutes. Rev. Dr. Fulton opposed any limitation te debate on this most important subject. He especially desired that Dr. Huntington should have all the time he needs to close the discussion. The house by a large majority vote refused to limit debate, regarding such procedure as unconstitutional. The debate was continued until receas without a vote being reached.

Iowan's and Nebraskan's Views.

Major Samuel Mahon of Iowa favored the mendment. Rev. Edward A. Larrabee of Chyago, as an advanced churchman, said he believed in and used extemporaneous prayer in proper cases, but he was opposed giving the highest privileges of the shurch to congregations brought into some temporary connection with the church.

He thinks he lives, but he's a dead one. No person is really alive whose liver is dead. During the winter most people spend nearly all their time in warm, stuffy houses or offices or workshops. Many don't get as much exercise as they ought, and everybody knows that people gain weight in winter. As a rule it is not sound weight, but means a lot of flabby fat and useless, rotting mat-ter staying in the body when it ought to be driven out. But the liver is over-burdened, deadened stops work. There you are, with a dead liver, and right now is the time for resurrection. Wake up the dead! Get all the filth out of your system, and get ready for the winter's trials with clean, clear blood, body, brain free from bite. Force is dangerous and destructive unless used in a gentle, persuasive way, and the right plan is to give new strength to the muscular walls of the
