ATHLETE'S FAILURE

Was Not a Success Until He Was Put on the Right Food Cecelius X. Hale of 1717 Barclay street,

Saltimore, Md., now quite a famous runner, has had some interesting experience in regard to proper feeding. His testimony is worth the attention of any athlete, or, in fact, of any person who cares for good, sturdy, powerful health. "Up to about 18 months ago I had been

n many athletic contests, without much success. I about made up my mind it was time to stop, but a physical director of the Y. M. C. A. of this city advised me to use Grape-Nuts food and Postum Cereal Coffee as principal factors in my diet.

"I accepted the advice and today am in possession of perfect health and a great many medals won in different athletic events. I can now run a race and finish in fine condition, whereas before I started on the right diet I would find myself in a faint at the end of a race.

"Formerly I had more or less nervous trouble and severe headaches. I am glad to say since using Grape-Nuts and Postum Food Coffee I have forgotten what a headache feels like. My heart is in perfect condition, whereas while I was using ordipary coffee it would not stand the heavy strain. This statement is absolutely true and I do not object to your publishing it. for it may bring back health and strength to some poor being suffering from ill-health, caused by the use of improper food."

There is a reason for this; in the first ace, ordinary coffee will show its effects somewhere in the nervous system-frequently in weakening the heart or in stomach troubles, which prevents one from obtaining the strength and value of food. It. is, therefore, necessary to quit the use of this drug and in its place use Postum Ce-

rial Food Coffee and Grape-Nuts Food. They were both invented by a food expert and are made at the famous pure food factories of the Postum Cereal Co., Ltd., at Battle Creek, Mich. This food and the food drink are both made for a definite purpose, and there are thousands of users throughout the world that can testify, from pay. DEPUTIES CHANGE RULES OF PROCEDURE

With These Exceptions the San Franeisco Convention Transacts Little Business and the Delegates Go Junketing.

SAN FRANCISCO, Oct. 12 .- Only morning sessions were held today by both houses of the triennial convention of the Episcopal Church of America. The afternoon was given over to an excursion which embraced nearly all the points of interest in San Francisco bay.

The house of bishops passed an amendment to article 1 of the constitution, giving an honorary seat on the floor to any bishops retired either for old age or physical disability. The bishops appointed their portion of a proposed joint committee to consider the prohibited degrees in marriage and also three bishops to act on the committee which will nominate a board of managers for the missionary board. Those selected for the first committee are the bishops of South Dakota, Iowa and Delaware.

The house of bishops will probably next consider the code of canons, choosing for discussion at this convention those which are deemed of most importance.

Very little was accomplished by the house of deputies beyond a few changes in the rules of procedure and the final adoption of the report of the toint committee on marginal readings. The election of the five missionary bishops nominated yesterday by the house of bishops was made the special order for Monday at 8 p. m., when the deputies will sit with closed doors. The Brotherhood of St. Andrew held a meeting at the Young Men's Christian association rooms and the Woman's auxiliary kept open house at its headquarters.

Ministerial Relief Committee Creates Bad Feeling.

PORTLAND, Me., Oct. 12.-Nearly 400 delegates from all parts of the United States and representatives from Canada and England met in the State Street church today to take part in the eighth triennial session of the national council of Congregational churches.

This morning was devoted to organization and addresses of welcome. In the after noon the reports of the secretary and treasurer of several committees and the president of the board of trustees were received. A recommendation by the board of trustees to discontinue the ministerial relief committee and give to the trustees the distribution and handling of this relief fund precipitated some discussion and created no little ill feeling. The matter

was finally tabled until Monday. When Rev. Dr. Bradford of New Jersey, the newly elected moderator, took the chair he requested that business be temporarily suspended and a memorial service for President McKinley be held. This suggestion was adopted and after a period of prayer, the delegates joined in singing "Nearer, My God, to Thee." The moderator was instructed to forward a message of sympathy to Mrs. McKinley and to offer the support of the council to President Roosevelt.
