Cullom Possibly Slated for Chairman Committee on Foreign Reintions and Elkins for Interstate Commerce.

(From a Staff Correspondent.) WASHINGTON, Oct. 14 .- (Special Telegram.)—The impression is growing that there will be changes in the cabinet soon after congress convenes in December. Mr. Roosevelt naturally has personal friends he would like to have associated in the cabinet

Should reorganization of the cabinet occur it is expected that a better geographical arrangement will obtain than now prevalls and that the south may get a repre sentative. Some are urging Senator Mc-Laurin of South Carolina upon the president, but the republican leaders do not think there is anything to the movement except sentiment.

Incoming senators who are well informed of the republican program for the senate organization say that Mr. Cullom of Illinois will be chairman of the committee on for-

Five bids for feeding prisoners at the city jail were opened. James Dennis was awarded the contract, his bid being 10 cents per meal.

There was considerable routine business, nostly regarding sidewalks and street repairs, and then the council adjourned for one week.

Will Submit Records

There was a called meeting of the Board of Education held last night, at which the question of turning over the records of the board to an expert was discussed.

Attorney Frank Crawford, who has been employed by certain taxpayers to audit the accounts of the board, appeared and asked for a definite understanding. Upon the motion of Colonel Lott it was decided that Attorney Crawford should have access to the records as soon as the expert accountant employed by the board commences his work. Secretary Ryan made the statement that in his opinion work would be commenced early enough this week to insure the completion of both reports by Saturday night.

Six Assessors

The nominees for assessors made by the democratic and republican conventions will stand. This was the decision of Judge Estelle yesterday. While the city charter provides that there shall be only one asessor for the county in the city the court held that this section was invalid and the names of the nominees of the conventions will, it is understood, be placed upon the official ballot. For a number of years past there has been an assessor for each ward and this custom will still continue. City Hall Improvements.

The heating appartus in the city hall building is being overhauled and radiators are being placed in the city jail, so as to do eway with stoves. Last winter there was considerable complaint from prisoners about the lack of heat. With radiators in the jail and the jail office two stoves can be dispensed with and much better service will be given.

Three Smallpox Cases.

Three cases of smallpox now exist in South Omaha, two new cases being reported to the sanitary inspector yesterday. With the experience of the city officials last year in combatting this disease it is more than likely that immediate steps will be taken

also employ a city physician at a regular safary. Last year temporary pesthouses and rented rooms cost the city a great deal of money and the services of physicians were expensive. By locating a pesthouse on city land in some isolated spot and employlog a city physician it is thought that the municipality can be saved a great deal of money this winter and much better treat ment given to patients than afforded last year.
