THE OMAHA DAILY BEE: SATURDAY, OCTOBER 19, 1901.

VETO SAVES STATE MONEY

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid lazative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxati--, cleansing the system effectually, dispelling colds, headaches and fevere gently yet promptly and enabling one to overcome habitual constipation per-manently. Its perfect freedom from every objectionable quality and sub-stance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package

FATE OF WILLIAM RHEA

Books-Court Lets Coal Contract Alone.

(From a Staff Correspondent.) LINCOLN, Oct. 18 -(Special.)-The fate of William Rhea, convicted murderer of Herman Zahn at Fremont, depends upon the finding of the supreme court in the case that will be argued and submitted at the next sitting, which begins November 5. The district court of Dedge county found him guilty and the death sentence was imposed. Rhea appealed to the higher tribunal and his attorneys are making a strenuous effort to secure a reversal of the judgment.

The call for the sitting includes ninety cases and is as follows:

Is attorneys are making a strenuous effort to secure a reversal of the judgment.
 The call for the sitting includes ninety cases and is as follows:

SPECIALIST Superintendents and Principals.

Another Triumph

T HE NEXT number of The Illus-trated Bee will be fully up to the high standard set for this popular publication. It is diled with handsome pictures, made from photoand the acompanying articles are all timely and carefully written. Some of the leading features are—

The First Homesteader

A handsome front page picture of Daniel Freeman of Gage county, Nebraska, who filed the first ap-plication for a homestead under the law of 1953, and who has the first patent issued to a home-steader in the United States, Along with this is a fully illus-trated article on the subject of homesteads and a sketch of Dr. Freeman.

World's Biggest

Tea Plantation

Frank G. Carpenter this week treats of the tea industry of Java, telling about the biggest tea plantation in the world. He describes in detail the methods of culture of the tea plant and the various processes through which the leaf is put before it is ready for the market. A very interesting series of illustrations acompanies this article.

Science in the Household

Modern woman has advanced and is clevating her home life as she goes. Household science has come to be more than a mere expres-sion and domestic economy is a sion and domestic reasive women readily which progressive women really which progressive women are rapidly mastering. In The Illustrated Bee this theme is carefully treated and well illus-trated by photographs taken in a successful Omaha cooking school.

Home Life of French Women

Mary H. Krout contributes an-other of her charming articles on the women of the world. This time she takes the French woman and tells of her home life, her privileges and conditions; how she is educated in her social and domestic duties, and shows some of the advantages she enjoys over other women of the old world. A most interesting re-view.

Getting After the Sultan

Hairie Ben Ayad, a Turkish princess, is in London, conducting princess, is in London, conducting an active campaign against the sultan of Turkey. Abdul Hamid. She tells of some of the political secrets of the Yildiz Klask, but her most interesting topic is the life of the Turkish women. Her own experience in the harem is drawn upon to illustrate the points she makes. A handsome portrait of the princess is with the article.

Ruth The Gleaner

Clara Morris writes a beautiful review of the romantic story of the charming Moabitess who fol-lowed her mother-in-law back to the land of Judea and there found favor in the eyes of the great Lord Boaz and became his wife. This familiar story is given a new charm by the almost poeti-cal way in which Miss Morris handles it.

Other Interesting Features

In addition to the articles enum-erated, the regular departments of the paper have been given the customary careful attention and are complete as usual. One of Gevernar Dietrich's Action Due te Sound Business Methods. UNIVERSITY WORK IS NOT HAMPERED Explanation of a Popocratic Charge

is Simple and Shows Well for the Prodence of Re-

publicans.

(From a Staff Correspondent.) LINCOLN, Oct. 18 .- (Special.)-In an inserview today a state official gives some interesting inside information regarding the action of former Governor Dietrich in vetoing that section of the appropriation bill which authorized the expenditure of \$90,000 for miscellaneous purpos s at the University of Nebraska. He says:

"In the renewed attack on Governor Dietrich for his veto of the \$90,500 appropriation for sundry purposes in connection with the university the popocratic editors have the boldness to state that the veto of this large sum was inspired by hostility to this

well known educational institution. No more silly falsehood was ever uttered. In vetoing this appropriation, as shown by the public records, Governor Dietrich simply saw that if this amount were allowed to stand the total appropriation would exceed the proceeds from the levy and increase the state's floating indebtedness.

"Whether designedly or not the items were all included in one sum total, so that Governor Dietrich was required either to veto or approve the section in its entirety.

it being impossible to eliminate any particular or individual item. Before passing upon the bill he summoned Chancellor Andrews, who in turn summoned Secretary Dales of the Board of Regents, and requested that they point out such items as would least interfere with successful man agement of the school. Both Secretary Dales and Chancellor Andrews admitted that the section appropriating \$90,500 was of less importance and could be omitted with less interference with their plans than any

other portion of the bill. More than this Secretary Dales, in the presence of Chancellor Andrews, after looking over the section vetoed, admitted that of the \$90.500 but \$16 000 of it was for repairs and improvements really needed. In other words that the university could get along all right and be in no way encumbered through lack of funds if improvements requiring an appropriation of only \$16,000 were provided On this showing Governor Dietrich. believing it better business methods to use

the state's credit to the extent of \$16,000 than to add an additional tax burden upon the people of \$90,500 and a corresponding increase in the floating indebtedness of the state, vetoed that section. The result is that the university is apparently getting along just as well as if it had the money and the taxpayers of Nebraska have been saved a large sum of money.

"As to the charge that this veto was given in order that the state treasurer might have more funds to invest for his own profit, this dense ignorance of the

finances of the university is exploded by the have been unpaid warrants outstanding against these funds. At present approximately \$55,000 university warrants are outstanding and this coupled with the fact that

Dietrich to veto the \$90,500 appropriation was that the fusion administration had not alone squandered all the money in the treasury, but had run the state in debt and

PRESIDENT POLK'S NIECE

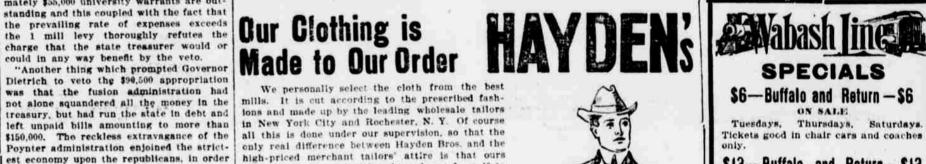

Mrs. Minnie Lee Collins, Grandnice of the late President James K. Polk, writes m 912 High Street, Nashville, Tenn.

"For several years I experienced a severe attack of female trouble The best physicians prescribed for me, but without avail. Two years ago I began to take Peruna at the advice of a friend. I noticed a perceptible improvement at once; after taking several bottles I was cured. I hold Peruna in high esteem and am always ready to say a good word for it ' -MINNIE LEE COLLINS.

Mrs. L. A. Brily, Michelsville, Tenn "I am now enjoying good health. My bowels are regular and I have a good. writes:

"My health is very good. I weigh 147 healthy complexion. I cannot thank pounds and when I began taking Peruna enough for your good advice, and the I only weighed 129 pounds. I can and do books you have sent me. Peruna has done recommend it to all as the best medicine me more good than any medicine I ever in the world, knowing as I do the great took in my life for catarrh of the stomand wonderful benefit that it did me. My ach and nervous dyspepsin. I can eat any friends speak of how well I am looking. thing I desire and work, I recommend A thousand thanks to Dr. Hartman and Peruna to everyone, and hope it will do them as much good as it has me."-Ellen his wonderful Peruna."-Mrs. L. A. Brily, Miss Ellen Royer, Louisville, Ohio, in Royer. fact that there are and for several years speaking of the national catarrh remedy, Miss Phoebe Smith Sweet Springs, Mo Peruna, says:

in a recent letter, says:

"I have not had a sick spell since last April. I am a great deal better of leucorrhoea. I have gained 28 pounds in flesh and feel as well as 1 ever did. I took only four bottles of Peruna. I am truly thankful that I can live without being sick half the time. I never fail to speak a good word for Peruna."-Phoebo J. Smith.

Mrs. Bertha Mohr, 123 Gilbert Street, lowa City, writes:

"I was very nervous and weak, had frontal headache and catarrh of the stomach, bowels and intestines (systemic catarrh). I had female weakness very bad I cannot express my thanks for the wonderful benefit obtained through Dr. Hartman's medicine, Peruna. I could not work, my limbs trembled so. I am restored and can do my own work. I am certain that whoever tries Perona will be satisfied with it."-Mrs. Bertha Mohr.

Mrs. A. E. Stouffer, Sabetha, Kansas, writes in a recent letter to Dr. Hartman

"Peruna is the best medicine for catarrh of any organ. I was troubled with headache, palpitation of the heart, pala in the side; and suffered very much every month If I did any hard work I would have cramps. I was treated for inflammation of the right ovary, but I was not cured. I also had catarrh of the head, and offensive breath and had to spit a great deal After I had taken about half a bottle of Peruna I could do work which I had not been able to do in three years. My friends say they never saw such a change in a woman. I work hard every day now and It doesn't seem to burt me, either. Perupa did it all. I talk to every one about Peruna. I cannot say too much for it.

When I wrote you I had given up all hope of ever being strong again. Peruna has given me health and strength that no doctor over did for me. Peruna is the best medicine that was ever made for women.

My husband says it is the cheapest doctor he can get."---Mrs. A. E. Stouffer.

This is the same old story told by a thousand women in a thousand different ways. Female trouble; doctors fail to cure; Peruna, as a last resort, a happy relief from a dreary servitude to aches. pains and a complication of physical anguish that can never be described.

These women all tell the same story. Pains all gone. Dragging sensations gone. Quivers and throbbings, and tremblings and dizziness and nausea and the irregularities and painful periods-all gone. In their place has come vigor and vivacity, health and hope, peace and patience, grace and gratitude.

Peruna is a wonder-worker in female liseases and yet the explanation of it is simple. Catarrh is the cause of these roubles. Peruna cures the catarrh. The ause being removed the symptoms disappear.

you

If you do not derive prompt and satisfactory results from the use of Peruna vrite at once to Dr. Hartman, giving a all statement of your case, and he will pleased to give you his valuable advice atis

Call on on or address 119 So. 14th St. endent Fowler called attention to the teaching force of the schools, "Principals make a grave error in attempting to build up a heavy high school course without an adequate teaching force." said Mr. Fowler. "They do it in the hope that the number of teachers will be increased, but as the added grade rarely equals ten pupils in number

the average board fails to see the necessity of an additional teacher. Better wait until he new teacher is employed before adding another year to the course. The heavy course necessitates the principal devoting from seven-eighths to eight-eighths of his time to the high school. Too often he is net the principal of the schools of the town. but of the high school alone.

"The principal in a small town or of small school, like the rural school teacher must be successful-must be inventive and ingenious. He must device ways and mean adapted to local conditions. No set rules will apply to all our town schools. The

successful principal is always a student of his own school-interested, observant, active, judicious." The closing session of the annual meeting

new year will constitute the program.

Judge Frost this morning declared that the district court has no power to govern the action of the city council on a discretionary question. For that reason he refused to grant the Union Fuel company writ of mandamus compelling the city fathers to grant the contract for supplying coal to the highest bidder. The plaintiff company in the case alleged that the council had accepted a bid of the Whitebreast company at a higher figure than the price named by the Union. Claiming that the Whitebreast coal was superior for the purpose in view, the council awarded it the contract and this action the court today upheld. The court adheres to the theory that selecting the coal and awarding the contract were judicial functions of the council for which the members are responsible to the voters alone. The costs of the suit were taxed up to the Union Fuel company.

Appeal in Connolly Matter.

The case of Connolly against Haverly has been appealed to the supreme court from the district court of Douglas county issues are concerned, to the mandamus case which was submitted to the court of an order requiring County Clerk Haverly to issue a call for the election of a commissioner for the Second commissioner dis trict. The decision in the lower court was adverse to the plaintiffs and a new case was started in the supreme court. the most interesting colection of general and personal pictures published in a long time is pre-sented in this number, together with information as entertaining as it is valuable. You can't af-ford to miss this number.

The Illustrated Bee Order It Today.

The appeal, it is now understood, is made for the purpose of perfecting the record. County Central Committee.

The Lancaster republican county central committee met at the Capital hotel this afternoon and decided to inject a little life into the campaign by a rousing series

of rallies in the country precincts. Flattering reports were turned in by the precinct committee and it was decided that the principal task was to get the voters out on election day. For this purpose sev-eral speeches by local orators will be made in each precinct.

Convict Found Insane.

Convict John Barton of Colfax county serving a seven-year sentence for assault, was found to be insane by the examining board and transferred to the asylum today. He pleaded guilty to the charge filed against him and now professes entire ignorance of the whole affair. Linemen Killed by Fall.

will be held tomorrow morning. Reading of papers and election of officers for the the men fell a distance of ninety feet.

No Mandamus in Coal Case.

The action is similar, so far as essential last week, the prayer being for the issuance

st economy upon the republicans, in order debtedness of the state of proportions to mpair its credit.

"Under Governor Dietrich and Governor Savage, the state of Nebraska has for the first time in many years been enjoying a strictly business administration. The people are paying less for their state government and their state institutions are being better cared for than for many years."

Unable to Agree on Damages.

In federal court the jury finds great difficulty in deciding whether the city of Lincoln should pay damages to Sarah White for injuries alleged to have been received by a fall caused by a defective sidewalk. Seven want to decide in favor of the city and five believe the plaintiff is entitled to redress. The jurors have deliberated twenty hours. Sarah White asks damages to the extent of \$15,000.

The federal court adjourned at 5 o'clock this afternoon. The jury in the case of Sarah White against the City of Lincoln, to recover \$15,000 damages because of a fail on a defective sidewalk, failed to agree and was discharged. The November term of court will be opened in Omaha. Lincoln Registration Light.

At the registration booths yesterday only 1,200 names were enrolled. As a result of this light enrollment both parties will direct their efforts toward awakening interest during the remainder of the campalgn.

McDermott in Place of Mullen.
