Allberry Disappears Again.

James Washington Allberry, foreman at M. L. Williams' mill on East Broadway, has been missing from his home since Wednesday and up to last night the police had been urable to secure any trace of him. Allberry's home is at 1524 Broadway, near the mill. Wednesday morning he went to milk the cows in a nearby pasture. He failed to return and since then nothing has been seen or heard of him. His coat and the milk pail were found in

the pasture. Two years ago Allberry disappeared in a similar manner and after two days' search was found sitting under a tree near the paper mills. He was unable to give any account of himself and was taken before the commissioners for the insane. His condition at that time was shown to be due to overwork and worry over financial matters. He was sent to St. Bernard's hospital, where he soon regained his former

Council Adopts Assessments.

The city council met yesterday afternoon and after inspecting the recently completed paving on Upper Broadway and Stutsman street adopted the assessment schedules prepared by the city engineer. On Broadway several pieces of property were found of insufficient value to bear the entire amount of the cost of the improvement as assessed against them and deduc tions ranging from \$5 to \$120 were made in these instances. Owing to these reductions the city will have to assume about \$800 of the cost of the paving of Broadway.

The council adjourned to Monday night,

Supreme Court Declines to Interfere

Expected.

(From a Staff Correspondent.) DES MOINES, Oct. 18 .- (Special.)-The warring factions in the insurance order known as the Modern Brotherhood of America took a turn in the Iowa supreme court this week, and while the court in its decision refused to interfere with the troubles of the order it seems certain there will be a fight to the finish in the national meeting of the brotherhood next

The supreme court was asked to issue order restraining the members from holding the meeting next week. This was asked for by Secretary Elliott of Tipton. who has opposed the meeting, the sole purpose of which is to consider the advisahillity of removing the headquarters from Tipton to a larger town. Mason City, Davenport, Webster City, Sioux City, Cedar Rapids, Council Bluffs, Marshalltown and other cities are after the headquarters. retary Elliott and his faction oppose re-

moval. At a meeting in Kansas City last summer at Sioux City next week it is the plan of the Hanley faction to effect a complete revolution of the affairs of the company In the local fights for control of the delegates harsh accusations have been made, including bribery and intimidation. Secretary Elliott has taken one case into court and has been sustained in his position, but the supreme court has preferred to keep hands off.

Tax Evasion Checked.

The Iowa supreme court in a decision rendered today put a stop to one common method of evasion of taxes by bankers where there are two or more banks under one management. In this case, that of the Loan and Trust company against Town of Fonds, the bank in Fonds is a Davenport, president; Rev. E. E. Gordan branch of the bank at Sloux City, and just before the assessor came around \$50,000 worth of notes which had been taken in at the bank were sent to another branch bank. The assessor counted them in just the same on the theory that they stood to the credit of this particular branch bank. The supreme court says this was right and the only effect was to leave the Fonda branch with a smaller amount of notes on hand and

a larger credit at the parent bank. "The state," says the court, "evidently ontemplates the assessment of a branch bank with reference to the capital which the parent institution invests and uses in running such bank and such other moneys and credits as the branch may have accumulated in its business. Whatever may bank, they are to be subjected to taxation as the property of a private banker would

per cent to the assessable value of the bank property for the refusal of the bank to make proper return of its assets, and this penalty will stand. But the lower court went further and raised the assess ment, which the supreme court decides is wrong, and with the assessment as fixed by the assessor the case is affirmed. The

original assessment was for \$40,000. Risks of Railrond Employes.

In a case from Scott county against the Rock Island railroad the supreme court deides that because the railroad company ran freight train through the city of Davenport at a rate of speed forbidden by city ordinance it is not therefore necessarily responsible for the killing of a brakeman. This was A. F. Flannagan, who was killed five years ago. The train on which he was working was run at a high rate of speed to climb an incline and as the weather was bad he fell off and was killed. The court

said "Railway companies do not adjust their time schedule for trains to the conditions of the weather. Aside from said ordinance the defendant had a right to run its trains at the speed it did, whether the weather was fair or foul, and in accepting the employment the deceased assumed the risks incident to the condition of the weather. He assumed the risks incident to the performance of his duties as a brakeman by day or by night and in foul as well as fair weather. He remained in his employment without protest or promise, knowing that freight trains were run regardless of the conditions of the weather or any other consideration that did not imperil the safety of the train itself."

The court therefore decides that his estate could not recover for the death. Court Decisions

Digests what you

Dyspepsia Cure

A healthy stomach, capable of digesting a good, square meal, is a great blessing. It keeps the body strong by insuring plenty of nourishment. In fact, it means perfect health. But something must be done when the stomach is so tired that it can't digest what you eat, for undigested food poisons the blood.

We can recommend a preparation that completely digests all classes of foods—that is Kodol Dyspersia Cure. It gives the stomach perfect rest and allows you to eat and enjoy the variety of food that is necessary for maintaining health. It never fails to cure indigestion, after everything else has failed. It is pleasant to take and can be used in all conditions. "For many years I suffered from chronic indigestion, and it

seemed as though nothing was going to do me any good. On the advice of a friend I commenced using Kodol Dyspepsia Cure. It gave me immediate relief and I continued its use, until now I feel that I am cured."—Henry F. Cramer, Wendelville, N. Y. It can't help but do you good
