COUNTY BOARD MAY DOUBLE THE AMOUNT

Chief of Police McCashland Anxious to Have Vigorous Measures Taken to Probe Strange Attack at Miles Home.

GRAND ISLAND, Neb., Oct. 20,-(Special.) -At an adjourned regular meeting of the city council last evening Chief of Police McCashiand made the request that a reward be offered for the apprehension and conviction of the person or persons who committed the crime at the home of Frank W. Miles last Wednesday night. It was reported by Mr. Miles that he had been swakened by noise in the room at 3 o'clock in the morning; that he had been struck on the head and dazed for some minutes and that later, when he went to get up, acid was thrown in his face. As the story was given, he did not know what this was, and pursued the two burglars in the room, following them into his yard, shooting twice at them there, and following them into the alley, shooting three times more as they

Chief McCashland stated that there were several theories as to the crime. There is greeted Senator Fairbanks here last night. no clue to any burgiars. Whatever the real facts were, he suggested that a reward of \$50 be offered by the city and that Fairbanks was introduced and discussed and engaged in ranching. VOLCANO IS WAKING UP AGAIN

Strange Phenomenon Along the Missouri River Observed After Being Dormant for Years.

PONCA, Neb., Oct. 20 .- (Special.) -- Mention of the so-called Ionia volcano having aroused some curiosity regarding this strange phenomenon of nature, a few facts regarding the matter may be of interest especially to those of the younger generation and others who have not lived in this locality a great many years.

At Ionia, about twelve miles above Ponca on the south bank of the Missouri river, is a bluff about 160 feet in height. In the early days it is said that hollow sounds could be heard underneath this bluff by placing the ear to the ground. Flames were seen to leap forth occasionally, especially at night, when they could be seen the more easily. Steam also escaped from numerous crevices and where openings were made the heat became too intense to proceed further. A stick placed in one of these crevices would burst into a flame almost instantly and the temperature of some portions of the interior was sufficient to raise them to a red heat.

According to Huse's History of Dixon County this remarkable burning mound was noticed by Lewis and Clark on their famous expedition up the Missouri and they mention that the phenomenon had been known to the tribes along the river from time immemorial and was regarded with much superstitious fear. Evil manitous were supposed to dwell in the sulphurous fires and many legends in which they were aleration to another and lost none of their interest by the transition nor by the vivid imagination of the parrators.

Of course it is well known that this is in no sense a real volcano. The rock at this point is said to be composed mainly of carbonate of lime through which are mixed innumerable crystals of bi-sulphide of iron or iron pyrites. The internal fires were caused by the decomposition of the fron pyrites and the carbonate of fron and other substances.

This interesting spot attracted wide attention about a quarter of a century ago and was visited by many noted scientists and tourists. But the wonderment ceased, for in 1878 the Missouri river undermined that part of the bluff which had been on fire and it slid down into the turbid waters. quenching its fire forever. E. E. Warner. who was ne by and witnessed the landslide, told recently that it produced a great noise and waves fifteen feet high lashed the river banks for a number of minutes after the side of the bluff gave

The report comes by way of the South Dakota side of the river that a party of Elk Point picnickers were exploring that region a few weeks ago and witnessed signs of the revival of this natural curiesity in the way of lurid flames leaping from the side of the bluff, near the top, at long intervals of time. Old residents disclaim any knowledge of such manifestations and are inclined to attribute the vision to the overwrought imagination of the Elk Pointers. Still the same conditions no doubt exist in the remaining portion of the hill which caused the heat and fire in that part which slid into the river in 1878. and it would not be unreasonable to suppose, in due course of time, the famous old hill may be smoking and steaming

SPRINGVIEW, Neb., Oct. 20.-(Special.)-Otto Tisue, a ranchman living ten miles southwest of here, has committed suicide by hanging himself. Mr. Tisue was 43 years of age and well known in this and Keya Paha counties. Two or three years ago he sold out and moved to southwest Missouri, but meeting with financial reverses, coupled with ill health, he returned to Keya Paha a few weeks ago. He leaves a wife and two sons, aged 17 and 20 years. Although losing a good deal of property in his Missouri venture he was yet possessed of considerable means and it is supposed his ill health and brooding over his losses caused the deed.

Examiner Sileby Makes Interesting Comparisons of Former and Present National Bank Showings.

MITCHELL, S. D., Oct. 20.- (Special.)-The record in banking for the last four years in South Dakota tells something of the marvelous prosperity that has come to our people and evidences the substantial basis on which our industrial enterprises are founded," said George A. Silsby of this city, national bank examiner for South Dakota.

"In October, 1897, it is presumed that deposits in banks had again become normal, after the depressing period from 1893 to 1896, and a comparison of deposits for the twenty-five national banks doing business in the state for October 1, 1897, and October 1, 1901, makes a splendid showing. tional banks organized since 1897 in the state would give the same general increase.

"Thus we see," continued Mr. Silsby,

that in a brief period of four years th twenty-five national banks in the state had pearly doubled their deposits, making an increase of over 84 per cent in that time. "A little over a year ago the total deposit in all the banks of the state amounted to about \$13,000,000. Applying the same ratio of increase to all the banks that has obtained with the national banks the deposit in the state banks would reach the splendid sum of \$24,000,000 at the same date, 1. e., October 1, 1901-a record of which we may well be proud."

DISCLOSURE TERMINATES A DIVORCE SUIT

Willie" Wallace Coases to Re at Aggravation to Mr. Baker After the Secret of Years Comes Out

HARRISBURG, Neb., Oct. 20 .- (Special Telegram.)-District court has been in session for two days with Judge Grimes on the bench. The most important case on the docket was the divorce case of Baker against Baker. In this case Mrs. Baker sued for divorce and her husband filed a cross-petition, setting forth the unfaithfulness of his wife and naming as co-respondent one William J. Wallace, a former resident of this county. Developments before the case came to trial resulted in the reunion of the husband and wife, for William J. Wallace proved to be a woman, who masqueraded here for a period of five years in male attire.

The community rejoices over the happy termination of what promised to be a bitter and sensational case. The career of Wallace in this county began eight or nine years ago, when an old gentleman named Reep, together with one who assumed to be his nephew, W. J. Wallace, and also his nephew's wife, arrived in this county eral appearance it was evident that they had been used to better living, giving every evidence of refinement and culture. ever, little notice was taken of that fact, for Mr. Wallace, the beardless young man, was reputed to be given to dissipation. He would drink, it was told, go about with the boys and could both smoke and chew tobacco.

"Willie" the Mallman.

Mr. Reep was appointed postmaster of an office established by himself and "Willie" secured the contract of conveying the mail from there to Harrisburg, twenty-two miles, making two trips a week, winter and summer, for about four years. Soon it was rumored that he was not as faithful to his wife as the average man, and his name became linked with several somewhat questionable affairs. He would openly boasts of his conquests and on one occasion is said to have been beaten almost insensible by a man who charged that undue attention was shown his wife by "Willie." However, Willie managed to hide his identity so completely that when they left here two years ago not a suspicion was entertained that he was other than a fellow who had no thought of the future and even now there are people in this community who cling to that belief.

But the proof is indisputable and the evidence is at hand. The object of his impersonation is a mystery, although it is wager. Others claim it was made to cover up some secret sin. That Wallace is a woman there is no doubt; that he successfully carried out his disguise is also

YOUNGSTER RIDES FAST RACE Joe Nelson Makes New World's Records for Amsteurs on Vallaburg Bleyele Track.

NEW YORK, Oct. 20.—Joe Nelson made a remarkable showing for a boy still in his teens at the Valisburg bicycle track today. He not only defeated his opponent easily in a fifteen-mile motor-paced race, but created a new world's amateur record for every one of the miles excepting the fourth and fifth.

George Leander of Chicago made the four and five-mile records at Indianapolis September 28 last. Fulton, Nelson's opponent, took the lead at the start, but Nelson quickly overhauled him and led at the end of the first mile by nearly three lengths. At five miles Nelson lapped Fulton and repeated this in the fifth, ninth and thirteen him miles, eventually winning by three and a half laps or within a furlong of a mile. Nelson's time for the distance was 24:55 2-5.

Four thousand spectators witnessed the sport. One of the events, a motor handicap, was a novelty. Albert Champion, although on a single motor bicycle, was placed on scratch. He won easily, making world's motor records for nearly every mile and covering the five miles in 6:25.

Nelson's time by miles in the fifteen-mile motor-paced race follows: One, 1:75 3-4; two, 3:12 4-5; three, 4:50; four, 6:28 3-5; five, 8:07; six, 9:47 4-5; seven, 11:29 1-5; eight, 13:11; nine, 14:46 4-5; ten, 16:32 4-5; eleven, 18:14; tweive, 19:15; thirreen, 21:26; fourteen, 23:13 4-5; fifteen, 29:55 2-5.

lowance of 250 yards, and Pierce finished CHIN JOLT WINS FOR SMITH Omaha Featherweight Lands

Johnnie Whittaker of Cleveland

and Johnnie Stays Down.

Haich B. Smith, the Omaha feather-weight, defeated Johnnie Whittaker of Cleveland in a sixteen-round go at Cut-Off lake yesterday afternoon.

The mill was one of the cleanest that has been pulled off for Omaha sports in many moons and the attendance was larger than at any recent fight. Whittaker formerly resided in Council Bluffs and a large delegation of his friends from over the river mingled with the Omaha representation.

The men are almost evenly matched and it was anybody's fight until the knockout blow. Not a knockdown occurred until the sixteenth round, when Smith landed on Whittaker's chin, the latter being counted out before he could regain his feet.

Betting was about even until the tenth round, when Smith money became a little more numerous. Little business in the line was done, however, but the crowd seemed satisfied with the mill.

Whittaker wants another whirl at Smith and a meeting will likely be arranged in the near future. Oscar Gardner, who refereed the fight, gave general satisfaction. He has about recovered from his recent experiences in Kansas City and St. Louis and appears to be in condition.

BASE BALL FINISH IS FIERCE Grand Island Ties Kearney-North Platte Alliance in Ten Inning Game.

GRAND ISLAND, Neb., Get. 29.—(Special Telegram.)—The last was the hottest game of the season. Kearney and North Platte combined for a game with the locals, the latter having been defeated in but three of about twenty games during the season. The locals took the lead in the second inning, but lost it in the sixth, and up to the ninth it looked like a Kearney-Platte victory. In Grand Island's half three h ts were bunched, which, aided by an error of Keefe's, tied the score. After the tenth inning, in which neither side scored, darkness prevented further play. Score: Grand Island..... 1 5 0, 2 0 0 1 3 0—12 Grand Island.... 1 5 0 2 0 0 0 1 3 0-12 Kearney-Platte . 2 2 0 3 1 2 0 2 0 0-12 Batteries: Grand Island, Hoffmister and Fullmer: Kearney-North Platte, Saline and Burman. Errors: Grand Island, 9: Kearney-North Platte, 7. Hits: Grand Island, 11; Kearney-North Platte, 13.

High School Foot Ball Team Disbands. CRETE. Neb., Oct. 20.—(Special.)—An injury to one of the star players on the High school foot ball team during a practice game on the college campus Tuesday night has caused the father of the player to forbid his sons entering the game again. As this decision affects two of the High school team's best players, the eleven will probably disband for the season. The feciling among parents against the school boys playing foot ball this season has been quite strong and it was only through hard work that the team was organized. The boys have been playing in bad luck all season.
