It was suggested that under the ruling of Judge Estelle in the assessor case, South Omaha would be entitled to three instead of two justices of the peace, and William Holmes was accordingly nominated for that office.

A resolution requesting the Board of County Commissioners to change the manner in which the dividing line between the West Omaha precinct, from which the two new precincts were made, was divided at Hamilton street into two voting districts and it was the intention of the county board to make Hamilton street the dividing line between the new precincts.

CALLAHAN TO STAND TRIAL

Judge Baker Sustains Demurrer to Defendant's Plea in Bar.

PERJURY DISTINCT FROM ROBBERY CASE

Alleged Facts May Be the Same in Both the New and the Adjudicated Cases, but Different Crimes Are Charged.

James Callahan will have to stand trial in the criminal court on the charge of perjury. After bearing arguments of counsel yesterday afternoon Judge Baker sustained the state's demurrer to Callahan's plea in bar, which action practically overruled the plea.

It was contended by the lawyers for Callahan that he had already been tried and acquitted on the same charges related against him in the perjury case. There are seven counts in the information and each one is a specific charge of swearing falsely at the robbery trial.

Judge Baker said that if this contention of counsel were correct there could be no way of punishing criminals for swearing falsely in their own behalf.

After the court sustained the demurrer to the plea in bar Callahan was arraigned on the perjury charge. He stood mute and the court entered a plea of not guilty for him. The date of the trial was not set.
