This is the reason so for the four-year course. As outlined by many people have been praising Hostetter's its author, the branches to be taught in this additional grade will be bookkeeping, commercial arithmetic, elementary geometry and algebra, which studies will be continued for the full year of the course. Half-year courses will be maintained in rhetoric, English literature, general history and civil government.

Increases Cost of Schools.

It is estimated that the additional cost of this course will be in the neighborhood of \$3,000 annually, requiring the services of four additional teachers at these buildings, but possibly resulting in the dropping of one of the teachers at the High school who may be assigned to work in the new grade. The framer of the resolution believes that such a grade would greatly increase the attendance in the public schools of pupils who have now completed the grammar school course and are unable to enter the High school and that this grade which may be known as the commercial grade will become one of the popular fea- | corresponding secretary; Corse of Fairbury, tures of the Omaha school system.

"Pain in the head and back " is a form of suffering with which so many women are familiar. Often this pain is associated with nervousness, sleeplessness and loss of appetite. The cause of such suffering is generally to be traced to derangement of the womanly function, or a diseased condition of the delicate womanly organs.

In such cases the action of Dr. Pierce's Favorite Prescription is marvelous in the prompt relief of pain and permanent cure of disease. It regulates the peri-odic function, dries disagreeable drains, heals inflammation and ulceration, and cures female weakness. It cures when all other means have been tried in vain. WOMAN WANDERS IN DELIRIUM

Mrs. Finney Leaves Home and Gives Her Family Quit a Senre.

Mrs. L. A. Finney, 53 years old, left her home at 517 Pierce street shortly before noon Sunday under circumstances which led the family to believe she has committed suicide by leaping into the Missouri river. August 14 she fell from a street car and sustained an injury to the head. Ever since then she has been melancholy and has frequently threatened to drown herself.

Late Sunday afternoon some fishermen in a boat near Lone Tree, a short distance north of Gibson station, saw a woman wading into the water. As she was then near a dangerous eddy they shouted a warning to her and she turned back, disappearing in a clump of willows. They pulled unanimous vote of the fishermen who at- to the river bank and caught sight of her crouching under the foliage, as if trying to it met the train bearing the distinguished hide. tion that each club of the federation set aside one day each year for reports and work for the advancement of the state organization, the Omaha Woman's club celebrated its federation day yesterday afternoon. In addition to the presence of the great majority of its own members, the club was fortunate in having present five Smith, state president; C. S. Lobingier, treasurer: Bushnell of Lincoln, auditor, and Miss McCarn of Fremont, recording secretary, Mrs. Durland of Norfolk, vice presdent, and Mrs. Stoutenborough of Plattsmouth being unable to attend.

The meeting was held in the auditorium of the First Congregational church and the first business was the report of the rooms committee, to the effect that it had been thought best for the club to rent only the lecture rooms this year, at \$500 per annum, and when the occasion demands the use of the auditorium to rent it at \$12.50 for each time. Last year the club paid \$800 for the use of the church and, owing to the philanthropic work that it is to carry on this year, it was deemed advisable to reduce the rent as one of the means of adding to the necessary funds. The meeting was held in the lecture rooms last time and so much dissatisfaction was expressed that when the report was made few were in favor of its adoption. A long discussion followed in which the majority of the women expressed themselves in favor of retaining the whole church and if more funds were required for the philanthropic work of raising them the High school. > Mrs. W. H. Wilber next gave the report of the philanthropic committee. The women have canvassed the First ward and decided that the Chapel of the Carpenter at Third and William streets affords the best opening for the proposed auxiliary club for women and girls. Miss Magee and Mise Arnout, who have had charge of the industrial work there, were both present and spoke of the conditions of the district. Miss Magee said that for lack of funds the industrial work there had had to be dropped and that at present there are about 100 girls and women ready to go on with the advanced classes in sewing and cooking. DO YOU **LOVE YOUR HUSBAND?**

Yes, of course, you do, and you want him to live and enjoy life, the good things you can give him? Then help him live right! When his skin gets yellow and he looks bilious, his eyes red and watery, his breath smells bad, 99 times out of 100 his liver is logy. Now, if you want a man to look well, feel well and be well, keep him in regular habits! Give him plain, wholesome food, and make him take Cascarets to stir up his liver. Big doses of salts and strong medicines make

him weak and leave him worse than ever. We make the best bowel and liver tonic for man, woman or child --- Cascarets. They are easy to take, eat them like candy. Cascarets are made of bark, roots and herbs; act just like nature acts. Get a box on our say-so, and if you are not pleased you can have your money back. That's fair, isn't it? We sold over six million boxes year. Our business is big, the largest of its kind in the world. Cascarets cost 25c and 50c a box. A 50c box is a month's treatment for the worst case of bad liver and bowels. Remember the name ... Cascarets ... each tablet is stamped C. C. C. Get the genuine, and if the dealer offers you something else "just as good" he lies. We guarantee Cascarets. Get what you ask for and be satisfied. A sample and booklet free.
